Storm Blown Nick Courage, 2019-07-16 Beautiful, vivid writing and a power-packed plot . . . I truly loved it.--Lauren Tarshis, bestselling author of the I SURVIVED series
Awesome. Super-intense, suspenseful, edge-of-your-seat stuff.--Max Brallier, New York Times bestselling author of the LAST KIDS ON EARTH series
A major hurricane is raging across the southern United States, and two unsuspecting kids are about to have the adventure of a lifetime! Perfect for kids who love high-stakes plots and natural disaster movies, and anyone interested in extreme weather! And coming in January 2022, don't miss another epic adventure, SNOW STRUCK. A little rain and wind don't worry Alejo--they're just part of life at the beach. As his padrino says, as long as there are birds in the waves, it's safe. When people start evacuating, though, Alejo realizes things might be worse than he thought. And they are. A hurricane is headed straight for Puerto Rico. Emily's brother, Elliot, has been really sick. He can't go outside their New Orleans home, so Emily decides to have an adventure for him. She's on a secret mission to the tiny island Elliot loves. She's not expecting to meet up with an injured goose or a shy turtle. And nothing has prepared her for Megastorm Valerie. Soon Alejo and Emily will be in Valerie's deadly path. Who will survive?

Snow Struck Nick Courage, 2022-02-15 An historic blizzard is raging across the eastern seaboard, and three unsuspecting kids are about to find themselves smack in the middle of it! Perfect for fans of the I SURVIVED series who are looking for a high-stakes adventure! Neither Elizabeth nor her little brother, Matty, have ever been north of Georgia. They're used to sandals and shorts, not boots and parkas. So when they fly to

New York City to spend the holidays with their cousin Ashley, they want to experience one thing: SNOW! Ashley can't wait to show her cousins how magical Manhattan is at Christmastime. But instead of a week of fun, what they get is an arctic blast that knocks out the power and plunges the skyscrapers into darkness. It's unreal: the blizzard covers the Statue of Liberty in ice and topples the famous Christmas tree at Rockefeller Center! When Ashley's dog, Fang, gets lost outside, the cousins take matters into their own hands. . . and are caught in the storm's dangerous path as they chase Fang across the frozen city. Can the little Pomeranian survive the cold, snow, and ice blanketing Manhattan? Can they?

Natural Disasters Coloring and Facts Book Lurro, 2021-05-04 Natural Disasters are violent events that are outside the control of humans. They are caused by the forces of

nature and may result in loss of life, injury, and damage to property. There are 9 types of natural disasters, can you name them? Natural disasters education is a very important part in the prevention of natural disasters. If it is applied from an early age, it would be successful and will yield positive results, namely to reduce the risks and consequences. Why do we need to learn about natural disasters? Because they have always happened and will always happen in the future. Remember, disasters and emergencies have been increasing all over the world. ♦ In the city of Kraljevo, Serbia, a survey was conducted on schoolchildren regarding their knowledge of natural disasters. The unaware children were then subjected to a virtual earthquake simulation. Researchers analyzed the behavior and test results claiming that only 16% of the students behaved correctly and they were the ones who scored the most points on the natural disaster knowledge test. It has been proven that the earlier children are exposed to the subject, the more prepared they will be psychologically in case of a disaster. Why should you buy this book? ♦ This book is meant to encourage young people to take an interest in the subject, to make them realize that the problem exists and that only knowledge will help protect against the danger. Therefore, the book contains interesting information about disasters and coloring pages. Learning through play is the best form of development for children. □ Click the cover to reveal what's inside! □ About this book: 40 full pages drawings of Volcanic Eruption, Earthquake, Tornado and Facts, Printed on high quality solid white paper, Easily color with crayons, colored pencils or colored pens, Beautiful designs appropriate for all ages, High quality cover makes the book an ideal gift Put a SMILE on your face!
