After the Party Joshua Chambers-Letson, 2018-08-07 Winner, 2019 ATHE Outstanding Book Award, given by the Association for Theatre in Higher Education Winner, 2018 Errol Hill Award in African American theater, drama, and/or performance studies, presented by the American Society for Theatre Research A new manifesto for performance studies on the art of queer of color worldmaking. After the Party tells the stories of minoritarian artists who mobilize performance to produce freedom and sustain life in the face of subordination, exploitation, and annihilation. Through the exemplary work of Nina Simone, Jorge Ignacio Cortiñas, Danh Võ, Felix Gonzalez-Torres, Eiko, and Tseng Kwong Chi, and with additional appearances by Nao Bustamante, Audre Lorde, Martin Wong, Assata Shakur, and Nona Faustine, After the Party considers performance as it is produced within and against overlapping histories of US colonialism, white supremacy, and heteropatriarchy. Building upon the thought of José Esteban Muñoz alongside prominent scholarship in queer of color critique, black studies, and Marxist aesthetic criticism, Joshua Chambers-Letson maps a portrait of performance's capacity to produce what he calls a communism of incommensurability, a practice of being together in difference. Describing performance as a rehearsal for new ways of living together, After the Party moves between slavery, the Civil Rights Movement, the first wave of the AIDS crisis, the Vietnam War, and the catastrophe-riddled horizon of the early twenty-first century to consider this

worldmaking practice as it is born of the tension between freedom and its negation. With urgency and pathos, Chambers-Letson argues that it is through minoritarian performance that we keep our dead alive and with us as we struggle to survive an increasingly precarious present.

Ahmed Aziz's Epic Year Nina Hamza, 2021-06-22 This hilarious and poignant tween debut about dealing with bullies, making friends, and the power of good

books is a great next read for fans of Merci Suárez Changes Gears and John David Anderson. Ahmed Aziz is having an epic year—epically bad. After his dad gets sick, the family moves from Hawaii to Minnesota for his dad’s treatment. Even though his dad grew up there, Ahmed can’t imagine a worse place to live. He’s one of the only brown kids in his school. And as a proud slacker, Ahmed doesn’t want to deal with expectations from his new teachers. Ahmed surprises himself by actually reading the assigned books for his English class: Holes, Bridge to Terabithia, and From the Mixed-Up Files of Mrs. Basil E. Frankweiler. Shockingly, he doesn’t hate them. Ahmed also starts learning about his uncle, who died before Ahmed was born. Getting bits and pieces of his family’s history might be the one upside of the move, as his dad’s health hangs in the balance and the school bully refuses to leave him alone. Will Ahmed ever warm to Minnesota? * A Chicago Public Library Kids Best Book of the Year * A BookPage Best Book of the Year * Finalist for the Minnesota Book Award *

Color Coded Walter Nugent, 2018-10-15 The now—staunchly red state of Texas

was deep blue in 1950 and had virtually no functioning Republican Party. California, on the other hand, was reliably red. Today, both states have jumped to the opposite end of the political spectrum. Texas is one of the most conservative states, while California has become one of today's most liberal bastions. These are the most dramatic cases, but notable shifts in voting patterns have occurred throughout the western states in recent decades—shifts so varied and complex that they have, until now, eluded the attention focused on the drastic examples of the South and Northeast. Bringing clarity to the remarkably mixed yet poorly understood map of America's red, blue, and purple western half, Color Coded presents the first comprehensive history of political change and stability in the region between 1950 and 2016. The West, in Walter Nugent's analysis, includes nineteen states: the thirteen that the U.S. Census Bureau calls the Western Region—roughly from the Rocky Mountains to the Pacific, as well as off-shore Alaska and Hawaii—plus the six Great Plains states from North Dakota south to Texas. Consulting official voting results of more than 5,300 state and national elections, as well as newspaper reports, oral histories, public documents, and other sources, Nugent reveals the ever-shifting patterns that have defined western politics in modern times. Geography, culture, history, political trajectories, and the charisma of key political actors have all played their part in these changes—and will, Nugent asserts, continue to do so for the foreseeable future. A powerful, exhaustively researched study of

modern political organization, party development, and shifting voter blocs in the West, Color Coded deftly charts, as well, the profound red-blue tensions that have defined modern America. Returns for the 5,300-plus elections on which the book is based, covering the nineteen western states between 1950 and 2016, are compiled in the book's appendix.
