Colourful Semantics NHS Forth Valley, 2020-03-24 This comprehensive resource pack, developed in conjunction with education staff, draws on the principles of Alison Bryan's original Colourful Semantics approach to provide professionals with an engaging, dynamic way to support children's language development. By coding sentences using colour, symbols and signs, this visual approach aims to: Teach understanding of question words Develop vocabulary and increase sentence complexity Increase range and complexity of verbs (children with delayed or disordered spoken language skills often overuse simple verbs such as do, go or get) Improve children's written language skills This practical resource consists of three parts: a printed book containing ready-made session plan ideas, black and white vocabulary cards and worksheets; an online version using the current Colourful Semantics colour coding system, and an online version using the colour coding system used by Speech and Language Therapists from NHS Forth Valley. This is an essential pack for teachers and professionals looking to work on language development with children aged four to nine. The flexible session plans can be used with individuals, small groups and whole classes, and can be easily adapted by Speech and Language Therapists, teachers and other practitioners.

We Are Colourful Friends Josephine Vaccaro-Chang, 2014-09

Book of Colours Robyn Cadwallader, 2018-05-01 From Robyn Cadwallader, author of the internationally acclaimed novel *The Anchoress*, comes a deeply profound and moving novel of the importance of creativity and the power of connection, told through the story of the commissioning of a gorgeously decorated medieval manuscript, a Book of Hours. London, 1321: In a small shop in Paternoster Row, three people are drawn together around the creation of a magnificent book, an illuminated manuscript of prayers, a book of hours. Even though the commission seems to answer the aspirations of each one of them, their own desires and ambitions threaten its completion. As each struggles to see the book come into being, it will change everything they have understood about their place in the world. In many ways, this is a story about power - it is also a novel about the place of women in the roiling and turbulent world of the early fourteenth century; what power they have, how they wield it, and just how temporary and conditional it is. Rich, deep, sensuous and full of life, *Book of Colours* is also, most movingly, a profoundly beautiful story about creativity and connection, and our instinctive need to understand our world and communicate with others through the pages of a book. 'Robyn Cadwallader fashions words with the same delicate, colourful intensity that her 14th century illuminators brought to their illustrated manuscripts. *Book of Colours* brings alive a harsh but rich past, filled with the fantasies, fears, sly wit and tender

longings of the medieval imagination.' Sarah Dunant 'Book of Colours shows the depth of possibility a book might hold - all the while shimmering with the beauty and fragility of an ancient gilded page.' Eleanor Limprecht 'Extraordinary ... a real sensory experience ... suffused with colours' ABC Radio National The Bookshelf Praise for The anchoress: 'So beautiful, so rich, so strange, unexpected and thoughtful - also suspenseful. I loved this book.' Elizabeth Gilbert, author of Eat, Pray, Love 'Affecting ... finely drawn ... a considerable achievement.' Sarah Dunant, New York Times 'Elegant and eloquent' Irish Mail 'Cadwallader's writing evokes a heightened attention to the senses: you might never read a novel so sensuous yet unconcerned with romantic love. For this alone it is worth seeking out. But also because The anchoress achieves what every historical novel attempts: reimagining the past while opening a new window - like a squint, perhaps - to our present lives.' Sydney Morning Herald 'A novel of page-turning grace' Newtown Review of Books

Perimadeia is the famed Triple City and the mercantile capital of the known world. Behind its allegedly impregnable walls, everything is available—including information that will allow its enemies to plan one of the most devastating sieges of all time. The man called upon to defend Perimadeia is Bardas Loredan, a fencer-at-law, weary of his work and the world. For Loredan is one of the surviving members of Maxen's Pitchfork, the legendary band of soldiers who waged war on the Plains tribes, rendering an attack on Perimadeia impossible. Until now, that is. But Loredan has problems of his own. In a city where court cases are settled by lawyers arguing with swords not words,

enemies are all too easily made. And by winning one particular case, Loredan has unwittingly become the target of a young woman bent on revenge. The last thing he needs is the responsibility of saving a city.
