The Colt 1911 Pistol Leroy Thompson, 2011-05-03 First used in combat during the Punitive Expedition into Mexico and then extensively during the world wars, the Colt Government Model (1911) pistol remained the standard issue handgun in the US armed forces for nearly 80 years and has continued in service with some units to this day. In fact, the M1911 has seen a resurgence amongst US Special Operations units as US Marine MARSOC and MEUSOC personnel are issued current generation 1911-type pistols. In addition the pistol has seen service with famous law enforcement agencies such as the Shanghai Municipal Police, LAPD Swat and Texas Rangers. Nearly a century after its introduction, the M1911 pistol remains a popular design and is now produced by virtually every major firearms manufacturer doing business in the USA.

The Colt M1911 . 45 Automatic Pistol Jean Huon, 2019-10-28 The Colt M1911 is one of the most well-known and popular military weapons of the 20th century. Designed by John Browning, this pistol, with its legendary reliability and firepower, represents the developmental starting point of a majority of automatic pistols to this day. It was the standard-issue sidearm of the US armed forces for more than 70 years and is still in use throughout the world. This detailed, illustrated book features the M1911 from its initial design, manufacturing, and testing, through its combat use in WWI, WWII, Korea, and Vietnam. Through more than 370 images, this title includes close-up views of markings, as well as a serial numbers list, and a visual breakdown of the weapon. Accessories such as magazines, ammunition, holsters, and cleaning kits are featured throughout the book, as are rarely seen combat-related uniform and equipment items.

Weapons of the US Special Operations Command Chris McNab,2019-07-25 The units and formations of the US Special Operations Command (SOCOM) have privileged access to the finest weaponry in the world's arsenal. Whether Army, Navy, Air Force, or Marines, the SOCOM troops select weapons that match their mission requirements, but which also sit at the cutting edge of combat technology. This means that, while SOCOM troops frequently use standard-issue weaponry, they also adopt many specialist pieces of kit that are not so accessible to the broader armed services, including sniper rifles, battle rifles, and machine guns, as well as high-tech tactical accessories used to transform standard weaponry into something exceptional. Assessing the technology and capabilities of these combat weapons, as well as how they have been used in modern combat, this fully illustrated study lifts the veil on some of the most distinctive hand-held weapon systems of US special operations forces since 1987.

Combat Master - Sid Woodcock and Detonics Allen Chinn,2012-01-01 If I told

you that there was a person that was one of the early 1940s OSS (Office of Strategic Services) operatives and later worked under contract for the CIA (Central Intelligence Agency), Atomic Energy Commission, Department of Defense, FBI (Federal Bureau of Investigation), Secret Service and the Department of Justice; trained at Shaolin during World War II, trained at the Kodokan in Japan after World War II, was a Grandmaster of Chin Na, 8th Degree Black Belt in Shinobi, instructor of units from the U.S. Army Special Forces and U.S. Navy Seal Teams, taught Bruce Lee joint locking techniques; an expert in firearms and explosives, and a watch maker you would think I was crazy or a liar. Sid was all of these things and more. This book is my memoir of my friend Sid Woodcock and Detonics the gun company he made famous. Sid's background insured that the Detonics Combat Master was a pistol fit for impossible missions. Sid and the pistol that he made famous were indeed Combat Masters.

The Great Red Sox Spring Training Tour of 1911 Bill Nowlin, 2014-01-10 In 1911, decades before coast-to-coast travel became a fact of life in major league baseball, the Boston Red Sox embarked on the most ambitious spring training trip ever taken. After a full slate of games throughout California, the team decamped from Redondo Beach and made its way east, stopping in 10 states and the Arizona Territory, and playing in places such as Pueblo, Yuma, Wichita, and Lincoln—traveling exclusively by railroad. By the time the team finished up its preseason schedule, beating Harvard on their first day back in Boston, the Red Sox had played a staggering 63 games.

Showdown City Todd Berger, 2016-06-07 From It's A Disaster screenwriter Todd Berger comes "...a smart, witty, absurdist Western for the discerning reader." (Amber Benson, Buffy the Vampire Slayer) Wow. This is a cracker of a story.—David Cross, co-creator of Mr. Show and actor, Arrested Development Just because you're off the grid doesn't mean you're not a target. In this fiercely inventive novel of suspense and satire, Westworld by way of Django Unchained, a down-on-his-luck helicopter pilot named Huey Palmer finds himself hired by a small cadre of treasure hunters who set out into the Nevada desert to find a gun. It's not just any gun that eccentric billionaire Ernie Swords wants, it's a long-lost antique, one with a story worth a fortune, and Swords has the money and the means to get it. Where Huey and his cohorts soon find themselves, however, is stranded far from civilization in a forgotten town dubbed Showdown City, where the infamous gun is one of hundreds readily available for the townsfolk to settle any and all disputes. After living in isolation for over a hundred years, the town has morphed into a warped, lawless community overseen by a delusional tyrant and his quick-draw henchman—and they do not take kindly to strangers. Huey is the one who got them into this mess in Showdown City, and now, with the unlikeliest help, he has a plan to shoot their way out. Wow. This is a cracker of a story. In fact I am now awaiting the sequel with baited breath (sorry, just ate some nightcrawlers as part of a bet I lost. What's that? It's bated breath? Oh, never mind then).—David Cross, co-creator of Mr. Show and actor, Arrested Development "Showdown City is a fast-talking slip n' slide of a ride that grabs you by the balls and doesn't let go—each page dragging you further into a bizarre-o world full of oddball characters and even odder situations. It's

a smart, witty, absurdist Western for the discerning reader.”—Amber Benson, Buffy the Vampire Slayer

The Gun Book for Girls Silvio Calabi, Steve Helsley, Roger Sanger, 2013-09-16
This third installment in the popular series of practical books about guns and shooting is aimed at women of all ages—the fastest-growing segment of the sport—and it couldn’t come at a better time. America and firearms literally grew up together, but today guns are often simply linked to crime and violence; gun control has become a polarizing political issue; and misinformation about firearms is spreading. Now three experts have tackled the subject in a series of books that explores the realities of guns and shooting and sets the record straight about some common misconceptions. On the heels of *The Gun Book for Boys* and *The Gun Book for Parents*, *The Gun Book for Girls* is for girls (and women) interested in guns and shooting but who have little or no background in firearms. Through example and anecdote, the book emphasizes safety and proper usage, and it defines terms and provides hands-on advice about using and maintaining guns. It also covers firearms, shooting methods, clothing and accessories for women, profiles females who shoot and who work in the gun trade, and discusses the issues around guns for self-defense (a topic of special interest to women). Like the other two titles, this book is non-political and written in an easy-to-understand conversational tone. Each book is thoroughly illustrated, and content is presented in easily managed portions that can be read in series or singly, all backed up with an index.

Den sorte død Nick Carter, 2017-12-13 Haiti var en vild, primitiv ø, hvor voodoo endnu spillede en skæbnesvanger rolle. Haiti var øen med Sorte Svane, en vidunderligt smuk, men dæmonisk kvinde. Haiti var øen, hvor Nick Carter

ene mand skulle forhindre et invasionsforsøg, der ville få katastrofale følger, hvis det lykkedes. Nick Carter-Killmaster er en samling hårdtslående spionromaner, hvor spændingen er i højsædet. De 261 bøger er skrevet af forskellige forfattere under det fælles pseudonym Nick Carter, som også er navnet på bogens hovedperson, agent N3 for det amerikanske spionbureau, AXE. Nick Carter er lige så dygtig til at jage forbrydere, som han er til at forføre damer, og bøgerne er sprængfyldt med action.
