One of them has it all. One of them wants it all. But they can't both win. Stella and Violet are best friends, and from the moment they met in college, they knew their roles. Beautiful, privileged, and reckless Stella lives in the spotlight. Hardworking, laser-focused Violet stays behind the scenes, always ready to clean up the mess that Stella inevitably leaves in her wake. After graduation, Violet moves to

New York and lands a job in cable news, where she works her way up from intern to assistant to producer, and to a life where she's finally free from Stella's shadow. In this fast-paced world, Violet thrives, and her ambitions grow -- but everything is jeopardized when Stella, envious of Violet's new life, uses her connections, beauty, and charisma to get hired at the same network. Stella soon moves in front of the camera, becoming the public face of the stories that Violet has worked tirelessly to produce -- and taking all the credit. Stella might be the one with the rich family and the right friends, but Violet isn't giving up so easily. As she and Stella strive for success, each reveals just how far she'll go to get what she wants -- even if it means destroying the other person along the way. Buyology Martin Lindstrom,2010-02-02 NEW YORK TIMES BESTSELLER • “A fascinating

look at how consumers perceive logos, ads, commercials, brands, and products.”—Time

How much do we know about why we buy? What truly influences our decisions in today’s message-cluttered world? In *Buyology*, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores:

- Does sex actually sell?
- Does subliminal advertising still surround us?
- Can “cool” brands trigger our mating instincts?
- Can our other senses—smell, touch, and sound—be aroused when we see a product?

Buyology is a fascinating and shocking journey into the mind of today’s consumer that will captivate anyone who’s been seduced—or turned off—by marketers’ relentless attempts to win our loyalty, our money, and our minds.
