Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**Max and the Superheroes** Rocio Bonilla,2018-10-02 Max and his friends are crazy about playing and learning about superheroes and their superpowers. Everyone has a favorite, and Max's is Megapower, even though his friends aren't sure that a girl superhero can be that strong. Megapower is cool for so many reasons. She's brave, tames animals, has x-ray vision, is super smart, and she can fly. She also happens to be Max's mom (which might be why she's Max's favorite!). Max is an intrepid, sassy, and funny narrator in a book that uses both traditional picture-book layouts and comic-book-like panels.

*Aliens in Wonderland Alpha*,2010-02 An informative in-depth look at the lives of several extraterrestrials (E.T.'s), Extraterrestrial Biological Entities (E.B.E.'s ), and aliens, what their lives are like on their planets in their galaxies, what their spaceships are like, and how they are connected to us here on Earth. In addition, the book delves into how they are important to our religion and military strength. This novel also looks at some historical revelations, future predictions, and current happenings including an interesting collection of anecdotes regarding an ex-CIA agent who gets his wishes granted. It's the author's intention to, at the very least, bridge the gaps that exist between the religions of our generation. One gap is between our present long standing accepted knowledge of our concept of God, and our comprehensible real God. As well, a gap exists between how we are told we should interpret and demonstrate the meaning of God and how we show our faith and prove our belief in the living Creator. These are some things that the author thinks everyone needs to know about God, Satan, and UFOs. This book has been a long time in the making, twenty years, but somehow it still manages to remain ahead of its time, in most cases.

*Achtung-Panzer!* Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study

since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Sakura's dad gets a new job in America, so she and her parents make the move from their home in Japan. When she arrives in the States, most of all she misses her grandmother and the cherry blossom trees, under which she and her grandmother used to play and picnic. She wonders how she'll ever feel at home in this new place, with its unfamiliar language and landscape. One day, she meets her neighbor, a boy named Luke, and begins to feel a little more settled. When her grandmother becomes ill, though, her family takes a trip back to Japan. Sakura is sad when she returns to the States and once again reflects on all she misses. Luke does his best to cheer her up -- and tells her about a surprise he knows she'll love, but she'll have to wait till spring. In the meantime, Sakura and Luke's friendship blooms and finally, when spring comes, Luke takes her to see the cherry blossom trees flowering right there in her new neighborhood. Sakura's Cherry Blossoms captures the beauty of the healing power of friendship through Weston's Japanese poetry-inspired text and Saburi's breathtaking illustrations.

The Dare Harley Laroux,2023-10-31 Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The freak, Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? The Dare is an 18+ erotic romance novella and a prequel to the Losers Duet. Reader discretion is strongly advised. This book contains graphic sexual scenes, intense scenes of BDSM, and strong language. A full content note can be found in the front matter of the book.

*The Sixth Station* Linda Stasi,2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

**The Common Body** Paula Josa-Jones,2017 In this fascinating book, dancer, choreographer, and visual artist Paula Josa-Jones combines her two greatest

passions--movement and horses--in order to help us develop somatic awareness: Consciousness of breath, integrated and coherent motion, and development of movements and touch into sensitive channels of communication. Through stories and exercises, Josa-Jones demonstrates how connecting with the horse can develop this awareness. The body and mind of the horse and the human, she writes, are connected at the deepest levels--anatomically, energetically, psychically, spiritually, and emotionally. And because horses are authentic beings--their inside feelings and intentions match the outside expression and behavior--our interactions with them can help us become more aware of our inner emotional landscape and its relationship to what we are expressing outwardly. Horses offer us the opportunity to become more trustworthy and more comfortable in our own skin. By listening inwardly, feeling the connections between our mind states and our expression, we become more attuned to the currents passing among us, more able to blend, empathize, and act with balance, sensitivity, and kindness.
