Copenhagen Tales : Stories Helen Constantine,2014

Exploring the many moods of the Danish capital. From the narrow twisting streets of the old town centre to the shady docklands, this rich anthology captures the essence of Copenhagen and its many faces. Through seventeen tales by some of the very best of Denmark's writers past and present, we travel the length and breadth of the Danish capital examining famous sights from unique perspectives. A guide book usefully informs a new visitor to Copenhagen but these stories allow the reader to experience the city and its history from the inside.

Cats of Copenhagen James Joyce,2012-10-16 The first-ever U.S. edition of this delightful gem based on a letter Joyce wrote to his grandson, revealing the modernist master's playful side—filled with one-of-a-kind illustrations—the perfect gift for Joyce fans and cat lovers alike. The Cats of Copenhagen was first written for James Joyce's most beloved audience, his only grandson, Stephen James Joyce, and sent in a letter dated September 5, 1936. Cats were clearly a common currency between Joyce and his grandson. In early August 1936, Joyce sent Stephen "a little cat filled with sweets"—a kind of Trojan cat meant to outwit grown-ups. A few weeks later, Joyce penned a letter from Copenhagen that begins "Alas! I cannot send you a Copenhagen cat because there are no cats in Copenhagen." The letter reveals the modernist master at his most playful, yet Joyce's Copenhagen has a keen, anti-authoritarian quality that transcends the mere whimsy of a children's story. Only recently rediscovered, this marks the inaugural U.S. publication of The Cats of Copenhagen, a treasure for readers of all ages. A rare addition to Joyce's known body of work, it is a joy to see this exquisite story in print at last.

A Brief History of Seven Killings Marlon James,2014-10-02

Winner of the 2015 Man Booker Prize One of Entertainment Weekly's Top 10 Books of the Decade One of the Top 10 Books of

2014 – Michiko Kakutani, The New York Times A “thrilling, ambitious . . . intense” (Los Angeles Times) novel that explores the attempted assassination of Bob Marley in the late 1970s, from the author of Black Leopard, Red Wolf In A Brief History of Seven Killings, Marlon James combines brilliant storytelling with his unrivaled skills of characterization and meticulous eye for detail to forge an enthralling novel of dazzling ambition and scope. On December 3, 1976, just before the Jamaican general election and two days before Bob Marley was to play the Smile Jamaica Concert to ease political tensions in Kingston, seven gunmen stormed the singer’s house, machine guns blazing. The attack wounded Marley, his wife, and his manager, and injured several others. Little was officially released about the gunmen, but much has been whispered, gossiped and sung about in the streets of West Kingston. Rumors abound regarding the assassins’ fates, and there are suspicions that the attack was politically motivated. A Brief History of Seven Killings delves deep into that dangerous and unstable time in Jamaica’s history and beyond. James deftly chronicles the lives of a host of unforgettable characters – gunmen, drug dealers, one-night stands, CIA agents, even ghosts – over the course of thirty years as they roam the streets of 1970s Kingston, dominate the crack houses of 1980s New York, and ultimately reemerge into the radically altered Jamaica of the 1990s. Along the way, they learn that evil does indeed cast long shadows, that justice and retribution are inextricably linked, and that no one can truly escape his fate. Gripping and inventive, shocking and irresistible, A Brief History of Seven Killings is a mesmerizing modern classic of power, mystery, and insight.

Kerrigan in Copenhagen Thomas E. Kennedy, 2014-08-05
Writing a guidebook about the hundreds of pubs in his adopted city of Copenhagen, American expat Kerrigan consumes endless drinks that only partially numb his memories of a brutal family tragedy, a situation that is further complicated by his voluptuous research assistant. By the award-winning author of Falling

Sideways.

Copenhagen Michael Frayn, 2000 An explosive re-imagining of the mysterious wartime meeting between two Nobel laureates to discuss the atomic bomb.

Kerrigan's Copenhagen Thomas E. Kennedy, 2002-10-01 All of our lives are unique explorations through uncharted landscapes of experience and emotion. Kerrigan, the eponymous hero of this novel, has been flattened many times in this journey, but in re-awakening, re-emerging in the place of his heart-the beating heart that is Copenhagen-the contours of his pain, his joy and his salvation, bubble up and become almost palpable on the pages of this magnificent novel. Thomas E. Kennedy's literary bar-hopping novel unveils the cultural history of one of Europe's most colorful capitals from bar to bar. Kennedy elevates the Danish capital to Joyce's Dublin. Kennedy is one of Denmark's leading American expats.

A History of Denmark Knud J. V. Jespersen, 2018-09-22 The history of modern Denmark is the story of how a once extensive and diverse empire slowly fragmented under the changing circumstances of the times. In this introductory guide, Knud J. V. Jespersen traces the process of disintegration and reduction that helped to form the modern Danish State and its international

position. Employing a thematic approach, Jespersen explains how the Denmark of today was shaped by wars, territorial losses, domestic upheavals, new methods of production, and changes in thought. In this thoroughly revised third edition, there is an increased focus on the wider Nordic and European contexts of Danish history. There is a wealth of new material on imperialism, immigration, class and gender, and a nuanced exploration of Denmark's scientific and cultural accomplishments. Incorporating discussion of the 2015 terror attack in Copenhagen and the impact of Brexit as seen by Denmark, this overview of Danish history is at the cutting-edge of current affairs--Page 4 of cover.

The Copenhagen Trilogy Tove Ditlevsen, 2021-01-26 A New York Times 10 Best Books of the Year (2021) An NPR Best Books of the Year (2021) Called a masterpiece by The New York Times, the acclaimed trilogy from Tove Ditlevsen, a pioneer in the field of genre-bending confessional writing. Tove Ditlevsen is today celebrated as one of the most important and unique voices in twentieth-century Danish literature, and *The Copenhagen Trilogy* (1969–71) is her acknowledged masterpiece. *Childhood* tells the story of a misfit child's single-minded determination to become a poet; *Youth* describes her early experiences of sex, work, and independence. *Dependency* picks up the story as the narrator embarks on the first of her four marriages and goes on to describe her horrible descent into drug addiction, enabled by her sinister, gaslighting doctor-husband. Throughout, the narrator grapples with the tension between her vocation as a writer and her competing roles as daughter, wife, mother, and drug addict, and she writes about female experience and identity in a way that feels very fresh and pertinent to today's discussions around feminism. Ditlevsen's trilogy is remarkable for its intensity and its immersive depiction of a world of complex female friendships, family and growing up—in this sense, it's Copenhagen's answer to Elena Ferrante's *Neapolitan Novels*. She can also be seen as a spiritual forerunner of confessional writers like Karl Ove

Knausgaard, Annie Ernaux, Rachel Cusk and Deborah Levy. Her trilogy is drawn from her own experiences but reads like the most compelling kind of fiction. Born in a working-class neighborhood in Copenhagen in 1917, Ditlevsen became famous for her poetry while still a teenager, and went on to write novels, stories, and memoirs. Having been dismissed by the critical establishment in her lifetime as a working-class female writer, she is now being rediscovered and championed as one of Denmark's most important modern authors.

The Emergence of a Modern City Henriette Steiner, 2016-03-23
This book is an exploration of how urban life in Copenhagen, in the period known as the Golden Age (c. 1800 to 1850), was experienced and structured socially, institutionally, and architecturally. It draws on a broad historical source material - spanning urban anecdotes, biography, philosophy, literature, and visual culture - to do so. The book argues that Copenhagen emerged as a modern city at this time, despite the fact that the Golden Age never witnessed the appearance of the main characteristics of the modernisation of cities associated with industrialisation, such as street lighting, sewer systems, and railroads. The book outlines the historical and topographical context of Copenhagen in the Golden Age with a special focus on the works of the most prominent architect of the period, C.F.

Hansen. The characterisation of the city is complemented by investigations into writings of three citizens: the philosopher Soren Kierkegaard, the novelist Thomasine Gyllembourg, and the criminal Ole Kollerod, who all take an interest in the city's institutional and urban structures as well as their own place in it. From these different sources, a picture is painted of urban life and thought at a time when the city began to take on characteristics of ambiguity and alienation in European thinking, while at the same time the city itself retained some pre-modern motifs of a symbolic order. This transformation is set in a larger process of cultural re-orientation, from traditional Baroque culture to what might be termed Romantic culture. The book reconsiders the significance of this transformation for the emergent order of the modern European city in the nineteenth century and thus of the very foundation on which our own urban culture rests.

The True Story of My Life Hans Christian Andersen, 1847

Kerrigan in Copenhagen Thomas E. Kennedy, 2013-11-07

Kerrigan is writing a guidebook to the city of Copenhagen. Specifically, a guide to the city's drinking establishments - of which there are over 1,500. Thus, it is a project potentially without end, and one with a certain amount of drunken numbness built into it. And that's the point: for Kerrigan, an American expat fleeing a terrible betrayal, has plenty he wants to forget. The only problem with his proposed project is his research associate, a voluptuous, green-eyed beauty who makes him tremble with forgotten desire. Kerrigan in Copenhagen is both a love story and a Joycean romp through a magical city.

Nöddebo Parsonage Carl Henrik Scharling, 1867

The Story of Royal Copenhagen Christmas Plates Pat Owen, 1961

Educating Middle Class Daughters Carol Gold, 1996 When Denmark introduced compulsory education in 1814, the city of Copenhagen responded by regulating the already existing private

school system. Roughly half of the school age population went to some kind of school and of those the overwhelming majority attended private schools, most of which were run by women. The book tells the story of these women, their schools and pupils on the 150 private schools from 1790-1820. Carol Gold's contention is that these private schools and their teachers were much better than is presently assumed in Danish historiography. The teachers were all literate; they could read and most of them could write. The education provided for girls ranged from the basics of reading, writing and arithmetic plus needlework in the beginner schools, to the scientific subjects of history, geography, natural sciences and foreign languages in the more advanced academies. Furthermore, the schools formed the basis of the Copenhagen school system which was established at the beginning of the 19th century.
