Legacies of Violence in Contemporary Spain Ofelia Ferrán, Lisa Hilbink, 2016-07-15 This book provides a comprehensive, interdisciplinary study of the multiple legacies of Francoist violence in contemporary Spain, with a special focus on the exhumations of mass graves from the Civil War and post-war era. The various contributions frame their study within a broader reflection on the nature, function and legacies of state-sanctioned violence in its many forms. Offering perspectives from fields as varied as history, political science, literary and cultural studies, forensic and cultural anthropology, international human rights law, sociology, and art, this volume explores the multifaceted nature of a society's reckoning with past violence. It speaks not only to those interested in contemporary Spain and Western Europe, but also to those studying issues of transitional and post-transitional justice in other national and regional contexts.

Portraying the Aztec Past Angela Herren Rajagopalan, 2018-12-12 During the period of Aztec expansion and empire (ca. 1325-1525), scribes of high social standing used a pictographic writing system to paint hundreds of manuscripts detailing myriad aspects of life, including historical, calendric, and religious information. Following the Spanish conquest, native and mestizo tlacuiloque (artist-scribes) of the sixteenth century continued to use pre-Hispanic pictorial writing systems to record information about native culture. Three of these manuscripts—Codex Boturini, Codex Azcatitlan, and Codex Aubin—document the origin and migration of the Mexica people, one of several indigenous groups often collectively referred to as “Aztec.” In *Portraying the Aztec Past*, Angela Herren Rajagopalan offers a thorough study of these closely linked manuscripts, articulating their narrative and formal connections and examining differences in format, style, and communicative strategies. Through analyses that focus on the materials, stylistic traits, facture, and narrative qualities of the codices, she places these annals in their historical and social contexts. Her work adds to our understanding of the production and function of these manuscripts and explores how Mexica identity is presented and framed after the conquest.

The Book of Archives and Other Stories from the Mora Valley, New Mexico A.

Gabriel Meléndez, 2017-04-20 In the shadow of the Sangre de Cristo Mountains, New Mexico's Mora Valley harbors the ghosts of history: troubadours and soldiers, Plains Indians and settlers, families fleeing and finding home. There, more than a century ago, villagers collect scraps of paper documenting the valley's history and their identity—military records, travelers' diaries, newspaper articles, poetry, and more—and bind them into a leather portfolio known as "The Book of Archives." When a bomb blast during the Mexican-American War scatters the book's contents to the wind, the memory of the accounts lives on instead in the minds of Mora residents. Poets and storytellers pass down the valley's traditions into the twentieth century, from one generation to the next. In this pathbreaking dual-language volume, author A. Gabriel Meléndez joins their ranks, continuing the retelling of Mora Valley's tales for our time. A native of Mora with *el don de la palabra*, the divine gift of words, Meléndez mines historical sources and his own imagination to reconstruct the valley's story, first in English and then in Spanish. He strings together humorous, tragic, and quotidian vignettes about historical events and unlikely occurrences, creating a vivid portrait of Mora, both in cultural memory and present reality. Local gossip and family legend intertwine with Spanish-language ballads and the poetry of New Mexico's most famous dueling troubadours, Old Man Vilmas and the poet García. Drawing on New Mexican storytelling tradition, Meléndez weaves a colorful dual-language representation of a place whose irresistible characters and unforgettable events, and the inescapable truths they embody, still resonate today.

World Literature in Spanish [3 volumes] Maureen Ihrie, Salvador Oropesa, 2011-10-20 Containing roughly 850 entries about Spanish-language literature throughout the world, this expansive work provides coverage of the varied countries, ethnicities, time periods, literary movements, and genres of these writings. Providing a thorough introduction to Spanish-language literature worldwide and across time is a tall order. However, *World Literature in Spanish: An Encyclopedia* contains roughly 850 entries on both major and minor authors, themes, genres, and topics of Spanish literature from the Middle Ages to the present day, affording an amazingly comprehensive reference collection in a single work. This encyclopedia describes the growing diversity within national borders, the increasing interdependence among nations, and the myriad impacts of Spanish literature across the globe. All countries that produce literature in Spanish in Europe, Africa, the Americas, and Asia are represented, covering both canonical authors and emerging contemporary writers and trends. Underrepresented writings—such as texts by women writers, queer and Afro-Hispanic texts, children's literature, and works on relevant but less studied topics such as sports and nationalism—also appear. While writings throughout the centuries are covered, those of the 20th and 21st centuries receive special consideration.

Short Stories by the Generation of 1898/Cuentos de la Generación de 1898 Miguel de Unamuno, Ramón del Valle-Inclán, Pío Baroja, Vicente Blasco Ibáñez, "Azorín", 2014-05-05 These 13 short stories by 5 authors of the era include 4 tales by Miguel de Unamuno along with the works of Valle-Inclán, Blasco Ibáñez, Baroja, and Azorín (José Martínez Ruiz).

Cinema of Solitude Charles Ramírez Berg, 2010-07-05 La crisis, a period of political and economic turmoil in Mexico that began in the late 1960s, spawned a new era in Mexican cinema. Known as *el Nuevo Cine* (the New Cinema), these films presented alienated characters caught in a painful transition period in which old family, gender, and social roles have ceased to function without being replaced by viable new ones. These are the films explored by Charles Ramírez Berg in *Cinema of Solitude*, the first book-length critical study of Mexican cinema in English. Berg discusses the major films and filmmakers of *el Nuevo Cine* in depth. He analyzes dozens of commercial movies, from popular comedies and adventures to award-winning films. Introductory chapters address the issue of *mexicanidad* (Mexican national

identity) and outline Mexican history, the history of film as popular culture and as a leading national industry, and the ideological dynamics of Mexican cinema. In thematically arranged chapters, Berg investigates the images of women, men, and social structures portrayed in New Cinema films. He finds that women characters have begun to reject traditional stereotypes for more positive images, while male characters have grown ambiguous and undefined as machismo is abandoned. Other chapters trace the continuing marginalization of Indians in Mexican culture, the changes in male dominance within the family, and the disruptive social and economic effects caused by migration. For everyone interested in Mexican culture as reflected in its major cinematic productions, as well as students of film theory and national cinemas, this book will be important reading.

Celebrating Cuentos Jamie Campbell Naidoo, 2010-11-18 More effectively meet the diverse literacy needs of the growing Latino population by learning how to evaluate and select quality Latino children's literature. Latinos are the fastest growing and largest ethnic minority in the United States. The number of Latino children is at a historic high. As a result, librarians and teachers in the United States must know how to meet the informational, cultural, and traditional literacy needs of this student demographic group. An ideal way to overcome this challenge is by providing culturally accurate and authentic children's literature that represents the diversity of the Latino cultures. Much more than simply a topical bibliography, this book details both historical and current practices in educating Latino children; explains why having quality Latino children's literature in classrooms and libraries is necessary for the ethnic identity development of Latino children; and offers a historical overview of Latino children's literature in America. Web resources of interest to educators working with Latino children are also included.
