Crafting Calm Maggie Shannon,2013-04-08 As our world has become increasingly dependent on technology, and our Western societies have become woefully “Crackberried”— to use the title of a recent documentary on the emotional and social pitfalls of our too-wired ways—an intriguing phenomenon is occurring: There is an increasing amount of interest in returning to some of the simpler arts that were neglected or left behind with the onslaught of technology. Artisans and everyday crafters are finding a renewed satisfaction in making something with their own hands; some are even communicating about the inherent physical- and mental-health benefits found in handwork—and, even more than that, they are framing their handwork as meditation or spiritual practice. In today’s sophisticated and pluralistic society, people are more aware than ever that spiritual practice can be defined more expansively—and the popularity of books focusing on alternative spiritual practices demonstrate that readers are hungry for new (or ancient) ways of enhancing their inner lives. In *Crafting Calm* the author will explore these new forms of creative spiritual practice and the benefits they

provide. The format of With Shannon's book will itself be creative, a rich "potpourri approach" that weaves together interviews, historical facts, projects for readers to do themselves, quotations, and suggested resources. Crafting Calm will serve as an inspirational resource guide to a broad assortment of spiritual practices gathered from the global arts-and-crafts communities, as well as from people who don't consider themselves artists but who have adopted creatively expressive forms of spiritual practice. While there have been a few books published focusing on a particular form of creative spiritual practice (Skylight Paths, for example, has published books on beading as a spiritual practice; painting as a spiritual practice; and using clay as a spiritual practice), no one has yet explored the breadth of possibilities for creative spiritual practices contained in Crafting Calm.

Crafting Creativity & Creating Craft Courtney Lee Weida, 2014-11-04 This nine chapter volume explores creativity in art teaching through contemporary craft. A variety of artists, educators and historians share with readers their wealth of practical resources and frameworks for utilizing craft media (fiber, ceramics, baskets, needlepoint, knitting, etc.) and craft approaches (grassroots projects, digital communities, craftivism, etc.) within contemporary K-12 art education, museum and community programming, and teaching artist residencies. Authors representing a variety of specialties in craft, art, and education examine the resurgence of the handmade and homemade in contemporary youth culture, digital implications of how we define and teach craft creatively, and the overlap of design, function, and beauty in artists' work. The anthology also describes the challenges and potentialities of working with craft in education settings, including the overarching craft of teaching practices. Each chapter provides a range of creative frameworks and practical models that educators can use comprehensively: from dynamic digital resources, to community groups, and lesson plans and activities in craft with art classes and special needs classes. The book serves to propose a working definition and rationale of the functions of craft in daily life, popular and youth culture, and larger social issues (including

craft, D.I.Y., and activism/“craftivism”).

Sea Glass Crafts Rebecca Ruger-Wightman, 2018-05-15 Sea glass is the beautiful result of broken glass being naturally polished and smoothed by the ocean's currents for extended periods of time. These beautiful jewels become

weathered and frosted from abrasion and erosion in salt water, giving them a distinctly beautiful, jewel-like appearance that is perfect for all sorts of crafting! Sea Glass Crafts includes twenty step-by-step projects for you to create beautiful works with your collection of sea glass. Accompanying each project are beautiful full-color photographs which visually aid readers in the instructions as well as display the finished product. From jewelry to other lavish lifestyle crafts, this book will give skills needed to learn the art of creating beautiful homemade pieces. Sea glass can be purchased in bulk online, but it is way more fun to collect on your own. On your next trip to the beach, when you find yourself swimming in these treasures, be sure to utilize the lessons in this book to create something truly homemade, unique, and beautiful. It's a perfect activity for anyone interested in jewelry-making or crafting, or for someone looking to learn a new hobby.

Italian Crafts Janet D'Amato, Alex

D'Amato, 2014-07-28 The folk artists of Italy have created some of the most beautiful crafts in the world: laces, mosaics, leatherwork, quilting, and wood inlay are among the most well-known. In this vintage book, originally published in 1977, Janet and Alex D'Amato explore these traditional Italian crafts as well as others not so well known, such as tambour (a kind of crocheting worked directly into a fabric), straw marquetry (a mosaic-like craft done with tiny pieces of straw), wood carving and quillwork. They explain each craft as it was originally practiced, then adapt it to make contemporary craft pieces. The projects include an

embroidered full length apron, a bobbin lace wall hanging, a straw marquetry box, jewelry, and many more. Also included are instructions for a Presepio (a traditional Italian manger scene) and a Pinocchio marionette. Italian Crafts will teach you the traditional folk arts of Italy, and will inspire you to use those folk arts in new and creative ways. There are line drawings and photographs throughout this unique book.

A Year of Creativity Petra Hoeksema, Lidy Nooij, Miriam Catshoek, Bregje Konings, 2019-07-23 Do something creative every day! In *A Year of Creativity*, learn how to throw the perfect creative party with your friends—with organizing tips, 25 project ideas, and even recipes for snacks. A craft date is a fun get-together with a handful of creative friends in which you surprise each other with craft and DIY projects using cool materials, inspire each other, and make beautiful things together. At each date, a group of participants share a self-made project to be re-created by the other attendees. Materials are individualized for each participant and given as a unique personal gift along with the instructions for the project. A craft date is different than a workshop since you get to choose the lovely people that you invite, and as the organizer, you get to participate in all the projects. Invitees can put their own spin on the project by using their favorite colors, materials, or techniques. This way you end up with a range of different interpretations and results, leading to new inspiration and ideas. *A Year of Creativity* is a book for everyone with a basic knowledge of

crocheting, knitting, and sewing. It does not teach you how to crochet or explain how a sewing machine works. There are plenty of other books for that. What it does do is inspire crafting enthusiasts to make something together, learn from each other, and have fun doing it. You'll find within: An introduction to craft dates and how they work Tips on planning your craft date events Plenty of project ideas (short, long, and cooperative) Plus recipes for party dishes that keep the creative juices flowing You will share ideas, discover new inspiration, and find new friends while creating uniquely beautiful aprons, knit garlands, infinity scarves, haberdashery bags, cards, pencil cases, and more. Have you had a great craft date or are you working on a neat project and want to show it off? There's a place for this in the craft dates community. On Instagram, for example, you can tag your photos with, or search for the hashtag #craftdates. You can have a look at each other's work, drum up inspiration for your own dates, invite your Insta-friends, or organize a blind date with creative people from your town or city that you don't know yet. A whole world will open up. A very creative world is waiting for you in A Year of Creativity.
