Crafting America Glenn Adamson, Jen Padgett, 2021-01-29 A companion to the exhibition *Crafting America* curated at Crystal Bridges Museum of American Art, this publication explores the interdisciplinary contexts of the assembled works, featuring contributions from scholars with expertise in art history, American studies, folklore, and museum studies. Essay topics include the significance of craft within Native American histories and explorations of craft's relationship to ritual and memory, personal independence, and abstraction--

Craft in America Jo Lauria, Steve Fenton, 2007 Illustrated with 200 stunning photographs and encompassing objects from furniture and ceramics to jewelry and metal, this definitive work from Jo Lauria and Steve Fenton showcases some of the greatest pieces of American crafts of the last two centuries.

Craft in America Phyllis George, 1993 This craft journey to every state in the U.S. explores the wide variety and scope of America's craft industry.

Craft Glenn Adamson, 2021-01-19 New York Times Book Review Editors' Choice A groundbreaking and endlessly surprising history of how artisans created America, from the nation's origins to the present day. At the center of the United States' economic and social development, according to conventional wisdom, are industry and technology-while craftspeople and handmade objects are relegated to a bygone past. Renowned historian Glenn Adamson turns that

narrative on its head in this innovative account, revealing makers' central role in shaping America's identity. Examine any phase of the nation's struggle to define itself, and artisans are there-from the silversmith Paul Revere and the revolutionary carpenters and blacksmiths who hurled tea into Boston Harbor, to today's "maker movement." From Mother Jones to Rosie the Riveter. From Betsy Ross to Rosa Parks. From suffrage banners to the AIDS Quilt. Adamson shows that craft has long been implicated in debates around equality, education, and class. Artisanry has often been a site of resistance for oppressed people, such as enslaved African-Americans whose skilled labor might confer hard-won agency under bondage, or the Native American makers who adapted traditional arts into statements of modernity. Theirs are among the array of memorable portraits of Americans both celebrated and unfamiliar in this richly peopled book. As Adamson argues, these artisans' stories speak to our collective striving toward a more perfect union. From the beginning, America had to be-and still remains to be-crafted.

Defining Craft American Craft Museum (New York, N.Y.),2000 This book explores the many ways craft is viewed, ranging from functional designs to digital technologies. The volume is comprised of 175 works by international artists whose works have shaped the history of craft over the last 25 years. 114 colour plates document creativity in glass, clay, metal, textiles and wood and represent works by such well-known artists as Peter Voulkos, Jack

Lenor Larsen, Viola Frey, Lenore Tawney, Arline Fisch, Robert Arneson, and Wendy Ramshaw, as well as new work by young and emerging talent.

Profiles Laura Rosen, 1993 For the first time ever, the general public can access biographies of many of America's professional craftspeople by referring to PROFILES: WHO'S WHO IN AMERICAN CRAFTS. PROFILES features more than 1,000 contemporary American craftspeople, spotlighting their techniques, inspirations, & philosophies. Organized into chapters by craft medium, each biography explores the artist's background, including education & career

highlights, & celebrity collectors. Many featured artists have a black & white photo of themselves alongside their biography. A full-color section entitled Profiles Gallery functions as an exhibition of artists' works with oversized photos of award-winning Ceramics, Glass, Jewelry, Mixed Media Objects, & more. Next, Craft Guilds & Organizations are listed, with information on member services, founding dates & directors. More than six hundred of the nation's top craft retailers are listed in the Galleries section, providing an easy reference for craftspeople, art lovers, & collectors of Contemporary American Craft artforms. PROFILES is published by Rosen Publishing in Baltimore, Maryland in cooperation with NICHE magazine. (1-881930-00-9), \$24.95. Discounts available for multiple book orders. Makers Janet Koplos, Bruce Metcalf, 2010-07-31 Here is the first comprehensive survey of modern craft in the United States. *Makers* follows the development of studio craft--objects in fiber, clay, glass, wood, and metal--from its roots in nineteenth-century reform movements to the rich diversity of expression at the end of the twentieth century. More than four hundred illustrations complement this chronological exploration of the American craft tradition. Keeping as their main focus the objects and the makers, Janet Koplos and Bruce Metcalf offer a detailed analysis of seminal works and discussions of education, institutional support, and the philosophical underpinnings of craft. In a vivid and accessible narrative, they highlight

the value of physical skill, examine craft as a force for moral reform, and consider the role of craft as an aesthetic alternative. Exploring craft's relationship to fine arts and design, Koplos and Metcalf foster a critical understanding of the field and help explain craft's place in contemporary culture. *Makers* will be an indispensable volume for craftspeople, curators, collectors, critics, historians, students, and anyone who is interested in American craft.

All-American Folk Arts and Crafts William C. Ketchum, 1986 Written by a recognized authority in the field and illustrated with many specially commissioned full-color photographs, the book proudly presents the spirit of the American nation as it has been expressed by generations of American craftspeople. The nation's symbols--the eagle, the flag, Uncle Sam, Liberty--and its ideals--freedom, home, religion--have been worked and reworked in many dramatic forms for more than two hundred years. Each artist has imbued his work with his generation's understanding of what the country stands for.

The variety of forms of patriotic folk art is matched only by the variety of the artists. Painting and sculpture, carved weathervanes and whirligigs, ceramics, quilts and rugs, toys, painted furniture, shop signs, and religious symbols have been created by men and women of all ages and social levels, some working to earn a living, some working only for the joy of creating. Each chapter covers one symbol or ideal and shows how it has been reproduced in various forms that range from home-spun simplicity to ingenious sophistication, evoking the individuality, self-confidence, and optimism that are central to the American experience.--book jacket.
