New Kid Jerry Craft,2019-02-05 Winner of the Newbery Medal, Coretta Scott King Author Award, and Kirkus Prize for Young Readers' Literature! Perfect for fans of Raina Telgemeier and Gene Luen Yang, *New Kid* is a timely, honest graphic novel about starting over at a new school where diversity is low and the struggle to fit in is real, from award-winning author-illustrator Jerry Craft. Seventh grader Jordan Banks loves nothing more than drawing cartoons about his life. But instead of sending him to the art school of his dreams, his parents enroll him in a prestigious private school known for its academics, where Jordan is one of the few kids of color in his entire grade. As he makes the daily trip from his Washington Heights apartment to the upscale Riverdale Academy Day School, Jordan soon finds himself torn between two worlds—and not really fitting into either one. Can Jordan learn to navigate his new school culture while keeping his neighborhood friends and staying true to himself? This middle grade graphic novel is an excellent choice for tween readers, including for summer reading. *New Kid* is a selection of the Schomburg Center's Black Liberation Reading List. Plus don't miss Jerry Craft's *Class Act*!

When Daddy spots a solitary weed in his lawn, he's appalled (along with all of his neighborhood friends). **Not Your Ordinary Vietnam War Stories** Jim Pepper, 2013-03-29 After graduating from the University of Missouri in 1969 I was commissioned as an officer in the Marines. I served an interesting tour of duty in Southeast Asia in 1972, during which time I was in and out of six different countries including Vietnam. A greenhorn lieutenant when I landed, I was eventually promoted to captain. Because of my God given take charge personality and a few very junior officer notable accomplishments I found myself frequently being handpicked for special assignments. I saw action with seven different units some good some bad some ugly. I saw men die. I saw capable men withered by fatigue, brave men crippled by fear. Since I served, more than forty years ago now, I have had the pleasure and privilege of meeting and getting to know hundreds of fellow-Vietnam Vets; short term acquaintances, professional colleagues, neighbors, close friends, family members. Although our individual Vietnam stories are unique and intensely personal, I have come to realize that a common thread runs through most of them. For more than twenty-five years I have been asked to formally speak to sundry civic organizations, history classes, and social gatherings. As a result of fielding

thousands of audience questions and listening to their spontaneous reactions to my talks I have learned what people are interesting in hearing. I have seen their reactions to my version of Americas Vietnam experience. I know whats interesting and whats not; whats important to those who werent there, ordinary people who merely wonder what it was like. I have enjoyed two successful careers and am currently embarked upon my third. I have fired most of lifes best bullets, emptied most of my chosen weapons most precious magazines, drained my fullest canteens, exhausted most of my allotted time on this fair planet we call earth. I want to share a few of the stories of men I served with, men I came to know later in life, men I loved as brothers-in-arms surviving in harms way; or men who were simply Crazy Vietnam Vets (like me) with a special story to tell. Men JUST like meonly different! Ours are interesting up and down tales of wonder and weird, of good times and bad. I am happily married to a seasoned school nurse, am the father of three college educated sons, and have two fine grandsons. I live in Blanco, Texas about forty miles due west of Austin. I have always viewed lifes glass as half full; hope you enjoy our Not Ordinary war stories.

**The Story of Craft** Edward Lucie-Smith,1984

Craft Glenn Adamson,2021-01-19 New York Times Book Review Editors' Choice A groundbreaking and endlessly surprising history of how artisans created America, from the nation's origins to the present day. At the center of the United States' economic and social development, according to conventional wisdom, are industry and technology-while craftspeople and handmade objects are relegated to a bygone past. Renowned historian Glenn Adamson turns that narrative on its head in this innovative account, revealing makers' central role in shaping America's identity. Examine any phase of the nation's struggle to define itself, and artisans are there-from the silversmith Paul Revere and the revolutionary carpenters and blacksmiths who hurled tea into Boston Harbor, to today's "maker movement." From Mother Jones to Rosie the Riveter. From Betsy Ross to Rosa Parks. From suffrage banners to the AIDS Quilt. Adamson shows that craft has long been implicated in debates around equality, education, and class. Artisanhip has often been a site of resistance for oppressed people, such as enslaved African-Americans whose skilled labor might confer hard-won agency under bondage, or the Native American makers who adapted traditional arts into statements of modernity. Theirs are among the array of memorable portraits of Americans both celebrated and unfamiliar in this richly peopled book. As Adamson argues, these artisans' stories speak to our collective striving toward a more perfect union. From the beginning, America had to be-and still remains to be-crafted.

**Writing FAST** Jeff Bollow,2004 A simple step-by-step process for breaking any writing project large or small into bite-sized chunks and then turning them into the desired finished format at lightning speed. A must-read book for all levels.

*Visitors, Voyagers, and Home* Dale Monette,2019-09-15 Stunning landscape and wildlife photography from a dedicated naturalist and chronicler of Canadian and New England wild places, including Quabbin, the central Massachusetts nature preserve created when four towns were flooded in the 1930s to create the water supply for Greater Boston.

*The Art & Craft of the Short Story* Rick DeMarinis,2016-10-04 The Art & Craft of the Short Story explores every key element of short fiction, including story structure and form; creative and believable characters; how to begin and where to end; and the generation of ideas; as well as technical aspects such as point of view; plot; description and imagery; and theme. Examples from the work of a wide variety are used. The author includes five of his own stories to demonstrate these
