Story Genius Lisa Cron, 2016-08-09 Following on the heels of Lisa Cron's breakout first book, *Wired for Story*, this writing guide reveals how to use cognitive storytelling strategies to build a scene-by-scene blueprint for a riveting story. It's every novelist's greatest fear: pouring their blood, sweat, and tears into writing hundreds of pages only to realize that their story has no sense of urgency, no internal logic, and so is a page one rewrite. The prevailing wisdom in the writing community is that there are just two ways around this problem: pantsing (winging it) and plotting (focusing on the external plot). Story coach Lisa Cron has spent her career discovering why these methods don't work and coming up with a powerful alternative, based on the science behind what our brains are wired to crave in every story we read (and it's not what you think). In *Story Genius* Cron takes you, step-by-step, through the creation of a novel from the first glimmer of an idea, to a complete multilayered blueprint—including fully realized scenes—that evolves into a first draft with the authority, richness, and command of a riveting sixth or seventh draft.

Courage and Craft Barbara Abercrombie, 2010-09-04 Have you always wanted to write about your life but wondered how to get started, how to keep going, and whether it's even worth it in the first place? messy, crazy, sad, and wonderful stuff of your life into prose or poetry that has order, clarity, and meaning. Abercrombie presents the nuts and bolts of several genres, showing you how to keep a journal, craft a personal essay, or write a memoir, autobiography, poem, or work of fiction. She offers lessons to embolden you as a writer and practical guidelines for working writing into your everyday life, giving and receiving feedback, and getting your work published. In *Courage & Craft*, you'll find exercises to keep the inner critic at bay, inspiration from writers who've been there, and proven advice for getting your words on the page and out into the world.

On Story - Screenwriters and Their Craft Austin Film Festival, 2013-10-01
Austin Film Festival (AFF) is the first organization of its kind to focus on the writer's creative contribution to film. Its annual Film Festival and Conference offers screenings, panels, workshops, and roundtable discussions that help new writers and filmmakers connect with mentors and gain advice and insight from masters, as well as refreshing veterans with new ideas. To extend the Festival's reach, AFF produces *On Story*, a television series currently airing on PBS-affiliated stations and streaming online that presents footage of high-caliber artists talking candidly and provocatively about the art and craft of screenwriting and filmmaking, often using examples from their own films. This book distills the advice of renowned, award-winning screenwriters who have appeared on *On Story*, including John Lee Hancock, Peter Hedges, Lawrence Kasdan, Whit Stillman, Robin Swicord, and Randall Wallace. In their own lively words and stories transcribed from interviews and panel discussions, they cover the entire development of a screenplay, from inspiration, story, process, structure, characters, and dialogue to rewriting and collaboration. Their advice is fresh, practical, and proven—these writers know how to tell a story on screen. Enjoy this collection of ideas and use it to jumpstart your own screenwriting career.

5 Steps to Help You Craft Your Powerful Origin Story Carmel O'Reilly, 2023-02-22
INTRODUCTION Your origin story is your backstory that reveals how you - the protagonist, became the leading character in your WorkLife story. Comic books tell the story of how the characters gained their superpowers and the circumstances under which they became superheroes. Like a comic book hero, your story needs a history that tells how you gained your superpowers and became a superhero in your WorkLife story. In this lesson, you will learn to recognise the turning point or the moment of transformation in which your character (you) evolves in a significant way or embarks on a mission that must be completed. You will learn to identify the events along the way where you recognised and took ownership of your superpowers that

turned you into the Superhero of your Origin Story. You will learn The Art of Insightful Self-Questions and Effective Self-Feedback. You will learn to embrace and fine-tune your powers of Self-Awareness and Observation (superpowers in my book) through the Art of Journalling and Thinking. You will learn how to use Take Ten as a way to get your initial thoughts out of your head and down in writing to help you explore your ideas and figure out your story. You will learn how to Let Your Mind Wander and Wonder to help you think more deeply about what you want to say in developing your story. You will learn how to use speaking practices to give you a sense of how your story sounds and flows. You will be encouraged to test out your story on a trusted audience before (perhaps) sharing it with a wider audience - should that be a mission you want to accomplish. Through Jen's story (the protagonist in the story/case study in this lesson), you will learn how to use The 5 Steps To Help You Create Your Powerful Origin Story.

From Story Interpretation to Sermon Crafting Charles R. Dickson, 2012-01-09 From Story Interpretation to Sermon Crafting was written by a preacher for preachers who have to deal with the competing demands of pastoral ministry. It takes some of the gains of the last seven decades of the literary approach to Scripture and applies them to a vital aspect of pastoral ministry--preaching. The book presents a text-centered and theological approach to analyzing Old Testament narratives. This approach lays a solid basis for interpreting the narratives, and demonstrates that the movement from examining the text to crafting the sermon is a continuous process. Making use of many examples based on narrative passages from the Old Testament that facilitate grasping the methodology, this approach to sermon crafting is rooted in the text, shaped by the text, and is characterized by sound and controlled exegesis. It provides the pastor with an approach that enables Old Testament historical narrative to speak to Christian believers in contemporary society in a way that addresses the issues, concerns, and struggles faced by the church and Christians. The writer to the Hebrews says of righteous Abel, though he is dead, he still speaks (11:4). Similarly, these ancient stories do speak and can still speak today. To make them heard

effectively and relevantly is the purpose of the book.
