New Kid Jerry Craft, 2019-02-05 Winner of the Newbery Medal, Coretta Scott King Author Award, and Kirkus Prize for Young Readers' Literature! Perfect for fans of Raina Telgemeier and Gene Luen Yang, *New Kid* is a timely, honest graphic novel about starting over at a new school where diversity is low and the struggle to fit in is real, from award-winning author-illustrator Jerry Craft. Seventh grader Jordan Banks loves nothing more than drawing cartoons about his life. But instead of sending him to the art school of his dreams, his parents enroll him in a prestigious private school known for its academics, where Jordan is one of the few kids of color in his entire grade. As he makes the daily trip from his Washington Heights apartment to the upscale Riverdale Academy Day School, Jordan soon finds himself torn between two worlds—and not really fitting into either one. Can Jordan learn to navigate his new school culture while keeping his neighborhood friends and staying true to himself? This middle grade graphic novel is an excellent choice for tween readers, including for summer reading. *New Kid* is a selection of the Schomburg Center's Black Liberation Reading List. Plus don't miss Jerry Craft's *Class Act*!

Story Genius Lisa Cron, 2016-08-09 Following on the heels of Lisa Cron's breakout first book, *Wired for Story*, this writing guide reveals how to use cognitive storytelling strategies to build a scene-by-scene blueprint for a riveting story. It's every novelist's greatest fear: pouring their blood, sweat, and tears into writing hundreds of

pages only to realize that their story has no sense of urgency, no internal logic, and so is a page one rewrite. The prevailing wisdom in the writing community is that there are just two ways around this problem: pantsing (winging it) and plotting (focusing on the external plot). Story coach Lisa Cron has spent her career discovering why these methods don't work and coming up with a powerful alternative, based on the science behind what our brains are wired to crave in every story we read (and it's not what you think). In *Story Genius* Cron takes you, step-by-step, through the creation of a novel from the first glimmer of an idea, to a complete multilayered blueprint—including fully realized scenes—that evolves into a first draft with the authority, richness, and command of a riveting sixth or seventh draft.

Story Times Good Enough to Eat! Melissa Rossetti Folini, 2010-01-22
Learning and fun go hand-in-hand with these thematically organized story time programs that are linked to adorable, edible crafts. There are kids' cookbooks and there are books with story time suggestions, but no book has combined the two—until now. *Story Times Good Enough to Eat!: Thematic Programs with Edible Story Crafts* brings these elements together in programs that will engage kids and make every

story time special. Both a manual and a recipe book, *Story Times Good Enough to Eat!* offers thematic programs for major holidays and seasons and includes programs on popular animals and other themes as well. It is designed to educate children by having them listen to the story, then reinforcing the lessons of the story by creating an edible craft to go along with it. Every theme in the book includes a suggested titles list, a brief overview of the program, and a complete recipe and instructions for making the corresponding snack/craft, from yummy school bus cupcakes to mouth-watering sugar cookie sombreros for Cinco de Mayo.

On Story - Screenwriters and Their Craft Austin Film Festival, 2013-10-01 Austin Film Festival (AFF) is the first organization of its kind to focus on the writer's creative contribution to film. Its annual Film Festival and Conference offers screenings, panels, workshops, and roundtable discussions that help new writers and filmmakers connect with mentors and gain advice and insight from masters, as well as refreshing veterans with new ideas. To extend the Festival's reach, AFF produces On Story, a television series currently airing on PBS-affiliated stations and

streaming online that presents footage of high-caliber artists talking candidly and provocatively about the art and craft of screenwriting and filmmaking, often using examples from their own films. This book distills the advice of renowned, award-winning screenwriters who have appeared on On Story, including John Lee Hancock, Peter Hedges, Lawrence Kasdan, Whit Stillman, Robin Swicord, and Randall Wallace. In their own lively words and stories transcribed from interviews and panel discussions, they cover the entire development of a screenplay, from inspiration, story, process, structure, characters, and dialogue to rewriting and collaboration. Their advice is fresh, practical, and proven—these writers know how to tell a story on screen. Enjoy this collection of ideas and use it to jumpstart your own screenwriting career.

Story Logic and the Craft of Fiction Catherine Brady, 2010-09-15 This book illuminates how technique serves 'story logic,' the particular way fiction makes meaning. Writers raid the cupboard of theory looking for what works, and generic rules don't account for the rich variety of strategies they employ. For writers who are past the beginner stage, Brady offers a closer look at craft fundamentals, including plot, characterization, patterns of imagery, and style. The lively, lucid discussion draws on vivid examples from classic and contemporary fiction, ranging from George Eliot and William Faulkner to Haruki Murakami and Toni Morrison. Because it supplies the analytical tools needed to read as a writer, this text will enrich the reader's

approach to any work of fiction, energizing discussion in a workshop or craft course.

The Way of Story the Craft and Soul of Writing

Cathrine Ann Jones, 2000-09

5 Steps to Help You Craft Your Powerful Origin Story Carmel O' Reilly, 2023-02-22 INTRODUCTION

Your origin story is your backstory that reveals how you - the protagonist, became the leading character in your WorkLife story. Comic books tell the story of how the characters gained their superpowers and the circumstances under which they became superheroes. Like a comic book hero, your story needs a history that tells how you gained your superpowers and became a superhero in your WorkLife story. In this lesson, you will learn to recognise the turning point or the moment of transformation in which your character (you) evolves in a significant way or embarks on a mission that must be completed. You will learn to identify the events along the way where you recognised and took ownership of your superpowers that turned you into the Superhero of your Origin Story. You will learn The Art of Insightful Self-Questions and Effective Self-Feedback. You will learn to embrace and fine-tune your powers of Self-Awareness and Observation (superpowers in my book) through the Art of Journalling and Thinking. You will learn how to use Take Ten as a way to get your initial thoughts out of your head and down in writing to help you explore your ideas and figure out your story. You will learn how to Let Your Mind Wander and Wonder to help you think more deeply about what you want to say in developing your story. You will learn how to use speaking practices to give you a sense of how your story sounds and flows. You will be encouraged to test out your story on a trusted audience before (perhaps) sharing it with a wider audience -

should that be a mission you want to accomplish. Through Jen's story (the protagonist in the story/case study in this lesson), you will learn how to use The 5 Steps To Help You Create Your Powerful Origin Story.

The Art & Craft of the Short Story Rick DeMarinis, 2016-10-04 The Art & Craft of the Short Story explores every key element of short fiction, including story structure and form; creative and believable characters; how to begin and where to end; and the generation of ideas; as well as technical aspects such as point of view; plot; description and imagery; and theme. Examples from the work of a wide variety are used. The author includes five of his own stories to demonstrate these topics.
