The First Book of Moses, Called Genesis ,1999 Hailed as the most radical repackaging of the Bible since Gutenberg, these Pocket Canons give an up-close look at each book of the Bible.

Creations Story Paul Ekroth,2018-10-04 Creations Story began in the mind of God before the universe came into existence. Creations Story has been hidden under a dark cloud of confusion from the days of Moses. It has been assumed that the heaven and the earth had been created on the first day. It has been the customary manner used to determine earth's age was by counting the life span of each person. Adam was created on the sixth day and lived 930 years. Those who followed Adam, their births and deaths, were also recorded. It has been determined under these guide lines that the universe is between six to ten thousand years old. Creations age was not disputed until the seventeenth century when the first telescope came into existence. With the advancement of astronomy, it has been estimated that the universe is 13.4 billion years old. This horrified the Christian church and the secular world condemned the Bible as a book of mythical fixation. Creations story reveals that the Bible does not suggest the age of the universe, nor is Adam's race the first to occupy the earth! Creations Story reveals the past. What became of animal sacrifice? Why are the Jewish people scattered throughout the nations? Will they ever inherit their land in peace? Is there a devil? If so, where had he come from and what will be his end? What became of the dinosaurs? Is the Old Testament and the New Testament two separate books? Who was this man, Jesus? With the influx of many churches and beliefs, who is right? Creations Story clarifies the path of salvation. We have arrived at the Bible's final book. Destruction is at hand. The world's great cities will crumble to the earth. The United States will vanish as if it had never existed. The good news is that God's children will inherit a new world. A land where we will never hunger or thirst, nor will we ever become old!

First Light, First Life Paul Fleischman,2016-09-20 In this companion to Glass Slipper, Gold Sandal, Newbery Medal winner Paul Fleischman and Julie Paschkis turn to the universal story of creation. In the beginning there was only darkness. . . . There was fire and ice. . . . There was a single drop of milk. Combining elements of the creation story from different traditions, this narrative weaves together one complete picture of how the world began. First Light, First Life is a celebration of the many and varied peoples of the earth, of their commonalities and their differences. It is a celebration of life. Stories of Calvary Danny Hodges,Wendy Hodges,Mary Fairchild,2008-04-01 Danny Hodges became the senior pastor of a young church fellowship known as Calvary Chapel in St. Petersburg, Florida, in April of 1984. Three years later when he was introduced to Pastor Chuck Smith and the Calvary Chapel movement, he felt an immediate sense of being at home and was grateful to God for leading him to this network of churches that upheld a simple, biblical philosophy of ministry and well-balanced doctrine. Calvary Chapel St. Petersburg soon became a fellowship of Calvary Chapel Costa Mesa, and since that time God has steadily grown the ministry from a handful of mostly young single adults to a large church full of families. It has been exciting to see God's Spirit bring many to salvation through Jesus Christ, see lives change and mature in the Lord, see relationships bloom and grow, see ministries evolve and prosper, see a hunger for the Word of God and see a passionate desire to win the lost to Jesus. Pastor Danny and his wife, Wendy, consider it an honor to serve this growing body of believers together with their four children, Tanner, Hayden, Jairus and Audra.

Genesis for Normal People Jared Byas,Peter Enns,2019-09-18 Given the fever-pitched controversies about evolution, Adam and Eve, and scientific evidence for the Flood, the average person might feel intimidated by the book of Genesis. But behind the heady debates is a terrific story-one that anyone can understand, and one that has gripped people for ages. If you are not a Bible scholar but want to be able to read Genesis and understand its big picture, this brief, witty book is the guide you've been waiting for. Clear summaries and thought-provoking questions provide direction for personal reflection and group discussion. Peter Enns, a Biblical Studies professor, and Jared Byas, an Old Testament professor, summarize the book's key themes and help us see Genesis as an ancient story, one with continued relevance for human experience today. Genesis for Normal People illuminates the characters that fill the book of Genesis, causing us to resonate with their choices and struggles even as we marvel at their distant world. And that's what you'll find here-not scientific proof texts or simple moral tales, but a distant world made available, and a story that is often strange, sometimes dangerous, and always filled with rich possibilities.WHAT OTHERS HAVE TO SAY ABOUT GENESIS FOR NORMAL PEOPLE:This book is a welcome antidote to the mystification about the book of Genesis that goes around. It is accessible for readers who want to take the plunge into this old text. It is gentle in leading readers to a critical sense of the text in response to a late trauma in Israel. It is imaginative in its articulation of a book that might otherwise be off-putting. The convergence of accessibility, gentleness, and imagination make this a very fine read.- Walter Brueggemann, Professor Emeritus, Columbia Theological SeminaryGenesis for Normal People is the perfect starting point for Christians who want to read the book of Genesis more faithfully and honestly. Enns and Byas break down the history, genre, culture, and context of this fascinating book of the Bible, so that normal people--you know, those who can't read ancient Hebrew--can get a better sense of its purpose, meaning and relevance. The authors manage to simplify without dumbing down, challenge without confusing, and dig for deep truth without compromising their intellectual integrity. A must-read for anyone who care enough about the Bible to want to read and understand it on its own terms.- Rachel Held Evans, author of A Year of Biblical WomanhoodThe stories in the book of Genesis are among the most well known in the Bible--so much so that it's easy to lose sight of the fact that Genesis is an ancient document from a cultural setting very different from our own. Enns and Byas have provided a highly readable volume that reminds readers of its reality while explaining the meaning and significance of Genesis in light of its ancient context. An ideal book for individual and study groups interested in understanding Genesis on its own terms.- John R. Franke, General Coordinator for The Gospel and Our Culture NetworkEvangelical Old Testament scholarship has come of age and is now coming out from behind the shadows of suppression and secrecy. No one represents this fresh coming of age more than Peter Enns, who, with co-author Jared Byas, makes available to any Bible reader a fresh engagement with Genesis--readable, responsible, and recognizably fresh.- Scot McKnight, Professor of New Testament at Northern Seminary

Four Creations Gary H. Gossen,2002 Four Creations is a collection of seventy-four stories told to Gary H. Gossen by Tzotzil Maya storytellers in San Juan Chamula, Mexico. Spanning four cycles of creations, destructions, and restorations from the dawn of cosmic order to the present era, this epic history reveals a distinctly Maya vision of the universe, grand in scope yet leavened with local humor, irony, and the Tzotzil narrators’ own critical commentaries. Four Creations includes mythic accounts of modern history, such as the Wars of Independence, the Mexican Revolution, and the current Protestant evangelical movement. Given in both transcribed Tzotzil and English translations, the texts are enlivened by more than one hundred Maya Indian drawings and by Gossen’s extensive ethnographic and historical notes based on his conversations with the narrators and more than thirty-five years of study. Miguel León-Portilla’s Foreword situates Four Creations within the broader context of Mesoamerican culture and traditions, while the Afterword by Jan Rus relates this work to recent events in modern-day Chamula.
