Loner Sam flies under the radar at school and walks on eggshells at home to manage her mom's obsessive-compulsive disorder, wondering how she can ever leave to pursue her dream of studying aerospace engineering. Popular, people-pleasing Zoe puts up walls so no one can see her true self: the girl who was abandoned as an infant, whose adoptive mother has cancer, and whose disabled brother is being sent away to live in a facility. When an unexpected encounter results in the girls' exchanging phone numbers, they forge a connection through text messages that expands into a private universe they call Starworld. In Starworld, they find hilarious adventures, kindness and understanding, and the magic of being seen for who they really are. But when Sam's feelings for Zoe turn into something more, will the universe they've built survive the inevitable explosion?

*Everything All at Once* Katrina Leno,2017-07-25 A soaring novel by the critically acclaimed author of The Half Life of Molly Pierce and The Lost & Found, perfect for fans of Jennifer Niven and Rainbow Rowell. Part mysterious adventure, part love letter to the power of books, this is a brilliantly woven novel about loving, reading, writing, grieving, and finding the strength to take a leap. Lottie Reaves is not a risk taker. But she's about to take a leap into the unknown... When Lottie's beloved Aunt Helen dies of cancer, it upends her careful, quiet life. Aunt Helen wasn't a typical aunt. She was the world-famous author of the bestselling Alvin Hatter series. She knew a thing or two about the magic of writing, and how words have the power to make you see things differently. In her will, Aunt Helen leaves Lottie a series of letters—each containing mysterious instructions. As Lottie sets about following them, she realizes they're meant to make her take a risk, and, for once in her life, really live. But when the letters reveal an extraordinary secret about her aunt's past—and the inspiration for the Alvin Hatter series—Lottie finds herself faced with an impossible choice, one that will force her to confront her greatest fears once and for all.

*The Paradox of Vertical Flight* Emil Ostrovski,2013-09-24 Hilarious, deeply moving, mind-bending, original, romantic, and surprising, this debut teen novel by Emil Ostrovski will appeal to fans of John Green, Chris Crutcher, and Andrew Smith. Gary Shteyngart, author of the New York Times bestseller Super Sad True Love Story, says: Do yourself a favor and get inside a car with Emil Ostrovski immediately! The Paradox of Vertical Flight is an amazing road trip. You're in for one heck of a ride. An Indie Next Pick! On the morning of his eighteenth birthday, Jack Polovsky kidnaps his own baby, names him Socrates, stocks up on baby

supplies at Walmart, and hits the road with his best friend, Tommy, and with the baby's mother, Jess. As they head to Grandma's house (eluding the police at every turn), Jack tells baby Socrates the Greek myths—because all stories spring from those stories, really. Even this one. By turns funny, heart wrenching, and wholly original, this debut novel by Emil Ostrovski explores the nature of family, love, friendship, fatherhood, and myth. Shares a sense of humor and philosophical bent with such YA authors as John Green and Chris Crutcher. But the story and likable characters are Ostrovsky's own, a delightful mix of quirky, intelligent, naive, well-intentioned, and just plain dumb teens. A delightful success.—ALA Booklist
