Cities Pierre Jacquet,R. K. Pachauri,Laurence Tubiana,2010-01-01 The twenty-first century is already an urban one. Cities are pivotal to sustainability concerns globalization, climate change, food security, environmental protection, and innovation.Today's urban actors, both citizens and their leaders, have a major responsibility as trustees of the future: their present actions will influence the shape and structure of cities, so that the generation to come may live healthy and contended lives.This volume takes the reader straight to the heart of how cities work, and identifies contemporary trends, mechanism and tools that can influence current strategies and choices.The authors show that urbanization is not a problem per se for sustainable development, but rather that cities, in all their diversity and complexity, offer solutions as well as challenges.The reader will be inspired by vital analyses of the next decade's windows of opportunity for sustainable urban growth.

**The Legacies of The Basin of Mexico** Carlos E. Cordova,Christopher T. Morehart,2023-08-14 This volume celebrates the continuing impact of the most notable contributions from The Basin of Mexico: The Ecological Processes in the Evolution of a Civilization by William T. Sanders, Jeffrey R. Parsons, and Robert S. Santley. In 1979, this influential work synthesized the results of the Basin of Mexico survey projects and follow-up excavations at several sites, while providing theoretical and methodological lines of research in central Mexico and generally in Mesoamerica. More than four decades after that book's publication, the fourteen contributions in this volume review and analyze its theoretical and methodological influence in light of recent research across disciplines. Among a spectrum of authors representing several generations are those who participated directly in the Basin of Mexico surveys—including the late Jeffrey R. Parsons—as well as those who have been actively working on recent projects in the basin and neighboring regions. Providing a broad and multidisciplinary perspective of the present and future state of research in the area, The Legacies of The Basin of Mexico will be of interest to Mesoamerican and Latin American archaeologists as well as geographers, geologists, historians, and specialists in the study of past environments. Contributors: Guillermo Acosta Ochoa, Aleksander Borejsza, Destiny Crider, Charles Frederick, Raúl García-Chávez, Larry Gorenflo, Angela Huster, Georgina Ibarra Arzave, Charles Kolb, Frank Lehmkuhl, Abigail Meza Peñaloza, Emily McClung de Tapia, John K. Millhauser, Deborah Nichols, Jeffrey R. Parsons, Serafin Sánchez Pérez, Philipp Schulte, Sergey Sedov, Elizabeth Solleiro Rebolledo, Daisy Valera Fenández, Federico Zertuche

**An Ethnographic Inventory** Tomás Sánchez Criado,Adolfo Estalella,2023-05-09 This book provides an inventory of modes of inquiry for ethnographic research and presents fieldwork as an act of relational invention. It advances contemporary debates in ethnography by arguing that the empirical practice of anthropology is and has always been an inventive activity. Bringing together contributions from scholars across the world, the volume offers an expansive vision of the resourcefulness that anthropologists unfold in their empirical investigations by compiling inventive social and material techniques, or field devices, for anthropological inquiry. The chapters seek to inspire both novel and experienced practitioners of ethnography to venture into the many possibilities of fieldwork, to demonstrate the essential creative and inventive practices neglected in traditional accounts of ethnography, and to invite anthropologists to confidently engage in inventive fieldwork practices.

**Digging-Deep** John G. Sabol Jr.,2009-09-25 Digging-Deep is an excavation of the archaeological site called John Sabol. It is an unearthing of the author's memory of experiences of past presences that cuts across space, time, and culture. Water, mining operations, dust and dirt, dogs and wolves, and ghosts are seen as important features that are re-covered from these memory excavations. Some of the re-called practices that are unearthed include an alternative remembrance of trick or treat, the multiple symmetrical worlds of history, myth, and ghosts in Winchester, England, the haunting nature of archaeological excavations and field surveys, the actor's encounters with more than a filmed death scene, and a search for a legendary monster in Arkansas. All of these memories are perceived as symmetrically-interrelated though they originate in different places. They are viewed as a form of theatrical ghosting, a resonating element that unfolds time, as events and activities are framed by their contemporary significance in the author's life. In this process of excavation, a re-curring haunting drama manifests in the life of this archaeologist, who also happens to be a cultural anthropologist, actor, and ghost excavator.

*Cartelera cinematográfica, 1980-1989* María Luisa Amador,Jorge Ayala Blanco,2006 Seventh volume of exhaustive research that presents the complete data of the exhibition of films in Mexico City during the decade of the 1980's. The information is classified and organized containing all the opening-day films in all the movie theaters of the capital city.

**El Monstruo** John Ross,2009-11-24 John Ross has been living in the old colonial quarter of Mexico City for the last three decades, a rebel journalist covering Mexico and the region from the bottom up. He is filled with a gnawing sense that his beloved Mexico City's days as the most gargantuan, chaotic, crime-ridden, toxically contaminated urban stain in the western world are doomed, and the monster he has grown to know and love through a quarter century of reporting on its foibles and tragedies and blight will be globalized into one more McCity. El Monstruo is a defense of place and the history of that place. No one has told the gritty, vibrant histories of this city of 23 million faceless souls from the ground up, listened to the stories of those who have not been crushed, deconstructed the Monstruo's very monstrousness, and lived to tell its secrets. In El Monstruo, Ross now does.

**Down and Delirious in Mexico City** Daniel Hernandez,2011-02-08 MEXICO CITY, with some 20 million inhabitants, is the largest city in the Western Hemisphere. Enormous growth, raging crime, and tumultuous politics have also made it one of the most feared and misunderstood. Yet in the past decade, the city has become a hot spot for international business, fashion, and art, and a magnet for thrill-seeking expats from around the world. In 2002, Daniel Hernandez traveled to Mexico City, searching for his cultural roots. He encountered a city both chaotic and intoxicating, both underdeveloped and hypermodern. In 2007, after quitting a job, he moved back. With vivid, intimate storytelling, Hernandez visits slums populated by ex-punks; glittering, drug-fueled fashion parties; and pseudo-native rituals catering to new-age Mexicans. He takes readers into the world of youth subcultures, in a city where punk and emo stand for a whole way of life—and sometimes lead to rumbles on the streets. Surrounded by volcanoes, earthquake-prone, and shrouded in smog, the city that Hernandez lovingly chronicles is a place of astounding manifestations of danger, desire, humor, and beauty, a surreal landscape of “cosmic violence.” For those who care about one of the most electrifying cities on the planet, “Down & Delirious in Mexico City is essential reading” (David Lida, author of First Stop in the New World).

*Horizontal Vertigo* Juan Villoro,2021-03-23 At once intimate and wide-ranging, and as enthralling, surprising, and vivid as the place itself, this is a uniquely eye-opening tour of one of the great metropolises of the world, and its largest Spanish-speaking city. Horizontal Vertigo: The title refers to the fear of ever-impending earthquakes that led Mexicans to build their capital city outward

rather than upward. With the perspicacity of a keenly observant flaneur, Juan Villoro wanders through Mexico City seemingly without a plan, describing people, places, and things while brilliantly drawing connections among them. In so doing he reveals, in all its multitudinous glory, the vicissitudes and triumphs of the city’s cultural, political, and social history: from indigenous antiquity to the Aztec period, from the Spanish conquest to Mexico City today—one of the world’s leading cultural and financial centers. In this deeply iconoclastic book, Villoro organizes his text around a recurring series of topics: “Living in the City,” “City Characters,” “Shocks,” “Crossings,” and “Ceremonies.” What he achieves, miraculously, is a stunning, intriguingly coherent meditation on Mexico City’s genius loci, its spirit of place.

**Mema's House, Mexico City** Annick Prieur,2007-12-01 Mema's house is in the poor barrio Nezahualcoyotl, a crowded urban space on the outskirts of Mexico City where people survive with the help of family, neighbors, and friends. This house is a sanctuary for a group of young, homosexual men who meet to do what they can't do openly at home. They chat, flirt, listen to music, and smoke marijuana. Among the group are sex workers and transvestites with high heels, short skirts, heavy make-up, and voluminous hairstyles; and their partners, young, bisexual men, wearing T-shirts and worn jeans, short hair, and maybe a mustache. Mema, an AIDS educator and the leader of this gang of homosexual men, invited Annick Prieur, a European sociologist, to meet the community and to conduct her fieldwork at his house. Prieur lived there for six months between 1988 and 1991, and she has kept in touch for more than eight years. As Prieur follows the transvestites in their daily activities—at their work as prostitutes or as hairdressers, at night having fun in the streets and in discos—on visits with their families and even in prisons, a fascinating story unfolds of love, violence, and deceit. She analyzes the complicated relations between the effeminate homosexuals, most of them transvestites, and their partners, the masculine-looking bisexual men, ultimately asking why these particular gender constructions exist in the Mexican working classes and how they can be so widespread in a male-dominated society—the very society from which the term machismo stems. Expertly weaving empirical research with theory, Prieur presents new analytical angles on several concepts: family, class, domination, the role of the body, and the production of differences among men. A riveting account of heroes and moral dilemmas, community gossip and intrigue, Mema's House, Mexico's City offers a rich story of a hitherto unfamiliar culture and lifestyle.

*Several Ways to Die in Mexico City* Kurt Hollander,2012-10-09 In the '80s, when author/photographer Kurt Hollander lived in New York and published *The Portable Lower East*, life there was particularly rough, and cops often drove yellow cabs as a method to surprise and roust its residents. Before the decade ended, Hollander moved to the equally rough climes of Mexico City, making his living writing and photographing for *The Guardian*, *The New York Times*, *Los Angeles Times*, and many other publications. Hollander's visual and textual extravaganza, *Several Ways to Die in Mexico City*, provides a perspective of this extraordinary city that could only have been caught by an observant outsider who lived in all its nooks and crannies for over two decades. Crammed with caustic but fair observations of the city's history, food, cults, drugs, and buildings, Hollander proves that he can love a city and culture that also kills its inhabitants softly. While living high in Mexico City, Kurt Hollander edited *poliester*, the renowned bilingual art magazine about the Americas. He also directed the feature film *Carambola*, and wrote a successful series of children's books. Grove Press published the *Portable Lower East Side* anthology in 1994.

*The Dirty Book Club* Lisi Harrison,2017-10-10 From the author of the #1 New York Times bestselling series *The Clique* comes Lisi Harrison's debut adult novel about four modern-day strangers who inherit a dirty book club that was started in the 1960s. M.J. Stark's life is picture-perfect—she has a dream job as a magazine editor, a sexy doctor boyfriend, and a glamorous life in Manhattan. But behind her success, she can't shake a deep sense of loneliness, so when her boyfriend offers her a completely new life in California, she decides to give it a try. Once there, M.J. is left to fend for herself in a small California beach town, with only the company of her elderly neighbor, Gloria. One day M.J. receives a mysterious invitation and a copy of *Prim: A Modern Woman's Guide to Manners*. She recognizes the book as an outdated classic, but when she opens it, she discovers that it's actually a copy of *Fear of Flying* by Erica Jong and the invitation is to join Gloria's secret book club—one that only reads erotic books. Out of curiosity, M.J. goes to the meeting at a local bookstore, and discovers three other women who have also been selected by the club's original members—who have suddenly left the country to honor a fifty-year-old pact. As these unlikely friends bond over naughty bestsellers, each woman shares not only the intimate details of her own sex life, but all areas of her life. Inspired by the characters in the novels they read—and the notes passed down by the club's original members—the new members of *The Dirty Book Club* help each other find the courage to rewrite their own stories and risk it all for a happy ending.
