Ron Haviv, Simon Winchester

Haiti Ron Haviv, Simon Winchester, 2010-06 A unique, arresting and versatile document of the traumatic earthquake which hit Haiti in 2010 and its aftermath. Encased in a cardboard box, the project comprises 16 unbound posters and a map page which draws attention to the epicentre and its rippling impact on the population of the island. The unique format allows the viewer to absorb each page individually or to hang the entire project. The visual testimony to the events of the the first days after the event are provided by award-winning photographer Ron Haviv and the essay by esteemed writer Simon Winchester.

Lucky Hans and Other Merz Fairy Tales Kurt Schwitters, 2009 Kurt Schwitters revolutionized the art world in the 1920s with his Dadaist Merz collages, theater performances, and poetry. But at the same time he was also writing extraordinary fairy tales that were turning the genre upside down and inside out. *Lucky Hans and Other Merz Fairy Tales* is the first collection of these subversive, little-known stories in any language and the first time all but a few of them have appeared in English. Translated and introduced by Jack Zipes, one of the world's leading authorities on fairy tales, this book gathers thirty-two stories written between 1925 and Schwitters's death in 1948--including a complete English-language recreation of *The Scarecrow*, a children's book illustrated with avant-garde typography that Schwitters created with Kate Steinitz and De Stijl founder Theo van Doesburg. *Lucky Hans and Other Merz Fairy Tales* also includes brilliant new illustrations that evoke the 1920s, 1930s, and 1940s. Schwitters wrote these darkly humorous, satirical, and surreal tales at a time when traditional German fairy tales were being co-opted by the Nazis. Filled with sharp critiques of German life during the Weimar and early Nazi eras, Schwitters's tales are rich with absurdist events and insist that not everyone--and perhaps not anyone--lives happily ever after. In *Lucky Hans*, the starving protagonist tries to catch a rabbit only to have it shed its fur like a coat and run off naked into the forest. In other tales, a sarcastic gypsy stands in for a fairy godmother and an army recruit is arrested for growing to monstrous size. *Lucky Hans and Other Merz Fairy Tales* is a delightfully strange and surprising book.

A Holiday Roundelay, 2013-09 Joyous noels resound in this bright, festive holiday celebration from gifted composer Victor Johnson. Contrasting legato sections add to the musical interest and help to spell success in this excellent programming choice for young and developing choirs.

Average Is Over Tyler Cowen, 2013-09-12 Renowned economist and author of *Big Business* Tyler Cowen brings a groundbreaking analysis of capitalism, the job market, and the growing gap between the one percent and minimum wage workers in this follow-up to the New York Times bestseller *The Great Stagnation*. The United States continues to mint more millionaires and billionaires than any country ever. Yet, since the great recession, three quarters of the jobs created here pay only marginally more than minimum wage. Why is there growth only at the top and the bottom? Economist and bestselling author Tyler Cowen explains that high earners are taking ever more advantage of machine intelligence and achieving ever-better results. Meanwhile, nearly every business sector relies less and less on manual labor, and that means a steady, secure life somewhere in the middle--average--is over. In *Average is Over*, Cowen lays out how the new economy works and identifies what workers and entrepreneurs young and old must do to thrive in this radically new economic landscape.

Today I Wrote Nothing Daniel Kharmis, 2009-06-30 Featuring the acclaimed novella *The Old Woman* and darkly humorous short prose sequence *Events* (Sluchai), *Today I Wrote Nothing* also includes dozens of short prose pieces, plays, and poems long admired in Russia, but never before available in English. A major contribution for American readers

and students of Russian literature and an exciting discovery for fans of contemporary writers as eclectic as George Saunders, John Ashbery, and Martin McDonagh, *Today I Wrote Nothing* is an invaluable collection for readers of innovative writing everywhere. Daniil Kharms has long been heralded as one of the most iconoclastic writers of the Soviet era, but the full breadth of his achievement is only in recent years, following the opening of Kharms' archives, being recognized internationally. In this brilliant translation by Matvei Yankelevich, English-language readers now have a comprehensive collection of the prose and poetry that secured Kharms's literary reputation a reputation that grew in Russia even as the Soviet establishment worked to suppress it.

Handbook on Enterprise Architecture Peter Bernus, Laszlo Nemes, Günter Schmidt, 2012-12-06 This handbook is about methods, tools and examples of how to architect an enterprise through considering all life cycle aspects of Enterprise Entities. Blue Sky God Don MacGregor, 2012-07-27 *Blue Sky God* interprets some new scientific theories with blue sky thinking to bring radical insights into God, Jesus and humanity, drawing also on some deep wells from the past in the writings of the early Christians. In an accessible style, it looks at science research and theories in areas such as quantum physics and consciousness, epigenetics, morphic resonance and the zero point field. From there, seeing God as the compassionate consciousness at the ground of being, it draws together strands to do with unitive consciousness and the Wisdom way of the heart. Throughout, it seeks to encourage an evolution in understanding of the Christian message by reinterpreting much of the theological language and meaning that has become 'orthodoxy' in the West. In doing so, it challenges many of the standard assumptions of Western Christianity. It outlines a spiritual path that includes elements from all of the world's great religions, is not exclusive, and yet has a place of centrality for Jesus the Christ as a Wisdom teacher of the path of transformative love. ,

Andreas Gursky Andreas Gursky, Hans Irrek, John Yau, 2012 Andreas Gursky's new Bangkok series forms the basis of this book. Gursky's photos depict the dark, moving water of Thailand's Chao Phraya river, whose shimmering surface possesses the qualities of abstract painting. Indeed these photos are reminiscent of some of the most recognisable examples of Modernist Abstraction such as the work of Hans Arp, but they also echo the more hostile patterns of military camouflage. Seductively beautiful on the first glance, it is only in time that the rubbish of civilisation becomes recognisable floating on the surface of the river - the flotsam of a threatening reality moving upon colourful reflections. Gursky alludes to the ecological problems that jeopardise Bangkok, and which shortly after these images were made, culminated in the widespread flooding that devastated great parts of Thailand.

James Ensor Xavier Tricot, James Ensor, 2010 *The Complete Prints* presents an inventory and illustrations of all James Ensor's prints, including a large selection of hand-colored engravings. This is the first time this unique private collection has been presented in a scholarly publication. An extensive introduction initiates the reader into the world of Ensor's prints. In addition to the color illustrations, supplementary unpublished information is provided on newly established dates, major print auctions and a list of prints published during Ensor's lifetime. Every print illustrated is accompanied by an exhaustive scholarly description.
