**Happy Daft** David Willmott, 2011-06-01 Description  
This is Willmott's second book and it takes the form of a diary. Whilst dealing with the difficult experiences and questions laid down in his first book, Willmott's latest book is infused with dark humour throughout. Get ready to cry and get ready to laugh out loud. We can all see ourselves in this work and that is what makes Willmott such a talented writer. About the Author David Willmott was born in 1956, to a catholic family. One of seven children, he grew up in Bedfordshire. At the age of thirteen David left school to train as a priest in St. Albans. David was an exceptional footballer and was expected to become a professional but instead he opted to take up the hippy lifestyle. David became addicted to amphetamine at an early age and was admitted to an institution at the age of 16 after overdosing, David subsequently spent much of his teens in and out of hospitals as he battled his addiction. During this time David almost died from Hepatitis B and suffered many overdoses. Having conquered his addictions in his twenties, David worked in various sales positions before setting up his own business, a recording studio, in an old hat factory in Luton! After the eventual failure of his business (due to a series of burglaries) and his divorce David suffered a breakdown and became addicted to prescription tranquilisers. He eventually moved to live with his parents in Kendal where, after one suicide attempt, he met his second wife. His second marriage also ended in divorce under the strain of his depression. David now lives next-door to his wife and six of his eight children. Currently David is unable to work, has no appetite or energy and suffers from extreme mood swings. David has lost all faith

in adults and as he puts it 'society's (post Thatcher) shallow and sad vested interests and general greed for all things' he hoped his first book would help people to understand that life is not all about attainment and fulfilment through greed, thus helping to right some of society's wrongs. This is his second book.

**Daft Wee Stories** Limmy, 2015-07-30 DAFT WEE STORIES is Limmy's first book. It is a collection of stories. There are short stories. There are longer stories. There are stupid stories. There are thoughtful stories. There are upside-down stories. There are normal-way-up stories. There are weird stories. There are less weird stories. There are really weird stories. There is nothing else like it. Have a read.

DAFT LEFT Karen Kellock, 2021-12-17 It's a painful thing being a stranger in a strange land filled with false accusations. It's part of the path because you're growing and they're not: a time of misperception/feeling left out for it's a severe eruption as homeostasis is maintained soon. The worse their portrayal of you then the more miraculous your recovery now friend. When the appetite [desire] rules we make huge mistakes: this is the rule for the saints. *Daft Harry and the Tiger Striped Goons* Rob Scarborough, 2021-09-09 Vile and smelly farm capers. **AMERICA'S DAFT ERA** Karen Kellock,2021-09-01 I always felt the contradictions and false accusations of liberals. The modern woman wants to get out more and sees home as her prison, her husband a bore. Narcissism is emptiness not self-love--the latter is for drawing boundaries not being a snob. Narcissism is not about looking in the mirror but emptiness dependent on approval of others. At the other end is the queen with mile-high walls and extreme vetting of anyone she's meeting. Chapter art by Fox design. Cover design by Blaze Goldburst

**Daft Bat** Jeanne Willis, 2008 When Bat moves to a new home, her wild young neighbors are convinced she is daft because she sees things so differently than they do, until Owl asks some questions that reveal the truth to all.

**Fitba Daft** James Meikle, 2008-03 Fitba (football, soccer) is truly the world's game. It evokes the deepest emotions in the millions who play and watch it in almost every corner and culture around our globe. So where does this passion come from? Some of it is certainly inherent in genes, especially in respect of playing ability. However millions who have never played at any serious level are amongst the most fanatical of all. Like most addictions it is something formed by steady consumption over a prolonged period. Alcohol, nicotine and cocaine have much more obvious routes to our bloodstream but I firmly believe that soccer can get there too. It can ultimately provide such an overwhelming sensation of joy that the brain craves repetition of that euphoria, even if it may have to wait thirty years or more between very brief highs. Here's a true life story which provides a detailed insight into the environment and twists of fate which contrive to addict one Scottish boy and sustain that addiction even when he moves to America. They have soccer in America? Oh yeah,

more than you can imagine.
