Have a Beautiful, Terrible Day! Kate Bowler,2024-01-23 NEW YORK TIMES BESTSELLER • Witty, honest, and wise spiritual reflections that invite readers to embrace the bad, not just the good—from the four-time New York Times bestselling author of *Everything Happens for a Reason (And Other Lies I've Loved)* Kate Bowler believes that the cultural pressure to be cheerful and optimistic at all times has taken a toll on our faith. But what if we could find better language than forced positivity to express our hopes and our anxieties? *Have a Beautiful, Terrible Day!* is packed with bite-size reflections and action-oriented steps to help you get through the day, be it good, bad, or totally mediocre. This is a devotional for the rest of us—which is to say, the people who don't have magical lives that always work out for the best. As she composed these meditations during a season of chronic pain, Bowler understands how every day can be an obstacle course. She encourages us to develop our capacity to feel the breadth of our experiences. The better we are at identifying our highs and lows, the more resilient we become. Like modern-day psalms, Bowler's spiritual reflections look for the ways we can expand our capacity for courage, love, and honesty—while discovering divine moments with God. With bonus sections to use during the seasons of Advent and Lent, this is an easy book to read along with other people too. If you want to build your daily habit of spiritual attentiveness, this book is here to say: May all your days be lovely. But for those that aren't, have a beautiful, terrible day!

Paper Dolls Katherine H. Adams,Michael L. Keene,2017-08-23 Paper dolls might seem the height of simplicity--quaint but simple toys, nothing more. But through the centuries paper figures have reflected religious and political beliefs, notions of womanhood, motherhood and family, the dictates of fashion, approaches to education, individual self-image and self-esteem, and ideas about death. This book examines paper dolls and their symbolism--from icons made by priests in ancient China to printable Kim Kardashians on the Internet--to show how these ephemeral objects have an enduring and sometimes surprising presence in history and culture.

Stormdancer Jay Kristoff,2012-09-18 The first in an epic new fantasy series, introducing an unforgettable new heroine and a stunningly original dystopian steampunk world with a flavor of feudal Japan. A DYING LAND The Shima Imperium verges on the brink of environmental collapse; an island nation once rich in tradition and myth, now decimated by clockwork industrialization and the machine-worshipers of the Lotus Guild. The skies are red as blood, the land is choked with toxic pollution, and the great spirit animals that once roamed its wilds have departed forever. AN IMPOSSIBLE QUEST The hunters of Shima's imperial court are charged by their Shogun to capture a thunder tiger - a legendary creature, half-eagle, half-tiger. But any fool knows the beasts have been extinct for more than a century, and the price of failing the Shogun is death. A HIDDEN GIFT Yukiko is a child of the Fox clan, possessed of a talent that if discovered, would see her executed by the Lotus Guild. Accompanying her father on the Shogun's hunt, she finds herself stranded: a young woman alone in Shima's last wilderness, with only a furious, crippled thunder tiger for company. Even though she can hear his thoughts, even though she saved his life, all she knows for certain is he'd rather see her dead than help her. But together, the pair will form an indomitable friendship, and rise to challenge the might of an empire.

The West Will Swallow You Leath Tonino,2019-10-24 At eighteen, Vermont-native Leath Tonino ventured west to attend college in Colorado. Upon hearing his destination, many of Tonino's friends and family predicted that he'd never come back; he'd make the "land of endless space and sky, its ranges and their storms" his home. "The West will swallow you," one said, in a tone that felt like part warning and part prophecy. More than a decade later Tonino continues to call Vermont his home. But despite his love of New England and his admiration for writers who sing the praises of their native ground, he concedes that he is, as Gary Snyder once phrased it, "promiscuous with landscapes." Tonino has spent the intervening years since college traversing "the alphabet of the American West from AZ to CA to UT to WY" and writing about its mysterious and powerful beauty. The resulting musings are collected in *The West Will Swallow You*, the title of which is a nod to the words that stayed with him and that, in many ways, turned out to be true. Although the adventures gathered here range widely in terrain and tone, the western landscape is always front and center—focusing on Arizona's remote Kaibab Plateau, where Tonino worked as a biologist studying raptor communities, in San Francisco's overgrown nooks and crannies and pigeon-flocked park benches, on ranches in Wyoming, at campsites in Nevada, in the mountains of Colorado, and "in libraries and national monuments, in people, in a midnight fox's eyes, in the rushing wind."

Rising Out of Hatred Eli Saslow,2019-09-03 From a Pulitzer Prize-winning reporter, the powerful story of how a prominent white supremacist changed his heart and mind. This is a book to help us understand the American moment and to help us better understand one another. "The story of Derek Black is the human being at his gutsy, self-reflecting, revolutionary best, told by one of America's best storytellers at his very best. *Rising Out of Hatred* proclaims if the successor to the white nationalist movement can forsake his ideological upbringing, can rebirth himself in antiracism, then we can too no matter the personal cost. This book is an inspiration." —Ibram X. Kendi, National Book Award-winning author of *Stamped from the Beginning: The Definitive History of Racist Ideas in America* Derek Black grew up at the epicenter of white nationalism. His father founded Stormfront, the largest racist community on the Internet. His godfather, David Duke, was a KKK Grand Wizard. By the time Derek turned nineteen, he had become an elected politician with his own daily radio show—already regarded as the the leading light of the burgeoning white nationalist movement. We can infiltrate, Derek once told a crowd of white nationalists. We can take the country back. Then he went to college. At New College of Florida, he continued to broadcast his radio show in secret each morning, living a double life until a classmate uncovered his identity and sent an email to the entire school. Derek Black ... white supremacist, radio host ... New College student??? The ensuing uproar overtook one of the most liberal colleges in the country. Some students protested Derek's presence on campus, forcing him to reconcile for the first time with the ugliness of his beliefs. Other students found the courage to reach out to him, including an Orthodox Jew who invited Derek to attend weekly Shabbat dinners. It was because of those dinners—and the wide-ranging relationships formed at that table—that Derek started to question the science, history, and prejudices behind his worldview. As white nationalism infiltrated the political mainstream, Derek decided to confront the damage he had done. *Rising Out of Hatred* tells the story of how white-supremacist ideas migrated from the far-right fringe to the White House through the intensely personal saga of one man who eventually disavowed everything he was taught to believe, at tremendous personal cost. With great empathy and narrative verve, Eli Saslow asks what Derek Black's story can tell us about America's increasingly divided nature.
