**Early Canadian Gardening** Eileen Woodhead,1998-08-31 Reproducing a rare 1827 plant and seed catalogue, possibly the earliest extant catalogue of its kind in Canada, Early Canadian Gardening presents an extensive range of garden plants -- trees, shrubs, fruits, and flowers -- that were grown for food, medicines, and dyestuffs as well as ornamental purposes. Eileen Woodhead provides a detailed description and brief history of the cultivation and use of each plant up to the present day. Most of the descriptions are accompanied by detailed drawings by the author, who found and grew many of the original varieties in the catalogue. The book provides a valuable account of the business of horticulture in the first decades of the nineteenth century -- the practices of importers, merchants, farms, and households -- placing it within the broader context of social history. It includes an appendix of historic sites and botanical gardens in Ontario, as well as sources for heritage seeds. Early Canadian Gardening is a ground-breaking account of the practice and significance of horticulture during the period of settlement in Upper Canada and stands as a remarkable work of historical botany. It will be an invaluable source document for horticulturists and botanists, historians, and garden enthusiasts with an interest in heritage plants.

Pushing Up Daisies Penny Clover Petersen,2017-12-15 Daisy Forest knows a ghost when she sees one. True, she has never actually seen a ghost before, but she swears their transparency is a dead giveaway. Daisy, a volunteer tour guide at the historic Holly Hill Mansion, knows that Sophia Meade Long, the woman who once owned the mansion, has been dead since 1814. So, when a very transparent Sophia steps in front of Daisy's little Prius one night and asks for her help, how could she refuse? Once again Daisy and her sister, Rose, find themselves up to their eyeballs in all sorts of shenanigans – chasing ghosts, holding sÉances, and searching for priceless Revere silver. The sudden reappearance of their reprobate father, Dickie Forest, with a new and unlikely interest in the occult has them puzzled to say the least, and their mother, Angela, behaving at her eccentric best. What seems to be harmless fun takes a deadly turn when Daisy stumbles on the body of the mansion's curator in the wine cellar and Daisy is later attacked after a Gothic evening in the mansion. When the police seemed to be stumped, it's up to Daisy and Rose, with the invaluable help of Angela, to calm the ghost and catch a killer.
