David LEVI (of Mile End New Town.), 1782

David David Wolpe, 2014-09-16 Of all the figures in the Bible, David arguably stands out as the most perplexing and enigmatic. He was many things: a warrior who subdued Goliath and the Philistines; a king who united a nation; a poet who created beautiful, sensitive verse; a loyal servant of God who proposed the great Temple and founded the Messianic line; a schemer, deceiver, and adulterer who freely indulged his very human appetites. David Wolpe, whom Newsweek called "the most influential rabbi in America," takes a fresh look at biblical David in an attempt to find coherence in his seemingly contradictory actions and impulses. The author questions why David holds such an exalted place in history and legend, and then proceeds to unravel his complex character based on information found in the book of Samuel and later literature. What emerges is a fascinating portrait of an exceptional human being who, despite his many flaws, was truly beloved by God.

Moses Mendelssohn and the Religious Enlightenment David Sorkin, 2012-08-27

Moses Mendelssohn (1729-1786) was the premier Jewish thinker of his day and one of the best-known figures of the German Enlightenment, earning the sobriquet 'the Socrates of Berlin'. He was thoroughly involved in the central issue of Enlightenment religious thinking: the inevitable conflict between reason and revelation in an age contending with individual rights and religious toleration. He did not aspire to a comprehensive philosophy of Judaism, since he thought human reason was limited, but he did see Judaism as compatible with toleration and rights. David Sorkin offers a close study of Mendelssohn's complete writings, treating the German, and the often-neglected

Hebrew writings, as a single corpus and arguing that Mendelssohn's two spheres of endeavour were entirely consistent.

David's Social Drama James W. Flanagan, 1988-01-01

Stars of David Abigail Pogrebin, 2007-08-14 Sixty-two of the most accomplished Jews in America speak intimately—most for the first time—about how they feel about being Jewish. In unusually candid interviews conducted by former 60 Minutes producer Abigail Pogrebin, celebrities ranging from Sarah Jessica Parker to Supreme Court Justice Ruth Bader Ginsburg, from Larry King to Mike Nichols, reveal how resonant, crucial or incidental being Jewish is in their lives. The connections they have to their Jewish heritage range from hours in synagogue to bagels and lox; but every person speaks to the weight and pride of their Jewish history, the burdens and pleasures of observance, the moments they've felt most Jewish (or not). This book of vivid, personal conversations uncovers how being Jewish fits into a public life, and also how the author's evolving religious identity was changed by what she heard. · Dustin Hoffman, Steven Spielberg, Gene Wilder, Joan Rivers, and Leonard Nimoy talk about their startling encounters with anti-Semitism. · Kenneth Cole, Eliot Spitzer, and Ronald Perelman explore the challenges of intermarriage. · Mike Wallace, Richard Dreyfuss, and Ruth Reichl express attitudes toward Israel that vary from unquestioning loyalty to complicated ambivalence. · William Kristol scoffs at the notion that Jewish values are incompatible with Conservative politics. · Alan Dershowitz, raised Orthodox, talks about why he gave up morning prayer. · Shawn Green describes the pressure that comes with being baseball's Jewish star. · Natalie Portman questions the ostentatious bat mitzvahs of her hometown. · Tony Kushner explains how being Jewish prepared him for being gay. · Leon Wieseltier throws down the gauntlet to Jews who haven't taken the trouble to study Judaism. These are just a few key moments from many poignant, often surprising, conversations with public figures whom most of us thought we already knew. "When my mother got her nose job, she wanted me to get one, too. She said I would be happier."—Dustin Hoffman "It's a heritage to be proud of. And then, too, it's something that you can't escape because the world won't let you; so it's a good thing you can be proud of it." —Ruth Bader Ginsburg "My wife [Kate Capshaw] chose to do a full conversion before we were married in 1991, and she married me as a Jew. I think that, more than anything else, brought me back to Judaism."—Steven Spielberg "As someone who was born in Israel, you're put in a position of defending Israel because you know how much is at

stake."—Natalie Portman "Jewish introspection and Jewish humor is a way of surviving . . . if you're not handsome and you're not athletic and you're not rich, there's still one last hope with girls, which is being funny."—Mike Nichols "I felt not only this enormous pride at being a Jew; I felt this enormous void at not being a better Jew."—Ronald O. Perelman "American Jews, like Americans, have a very consumerist attitude toward their identity: they pick and choose the bits of this and that they like."—Leon Wieseltier "I thought if I had straight hair and a perfect nose, my whole career would be different."—Sarah Jessica Parker "I've always rebelled a little when people say, 'My Jewish values lead me to really care about the poor.' I know some Christians who care about the poor, too."—William Kristol "There were many times when I kept silent about being Jewish as I got older, when Jewish jokes were told."—William Shatner "'Jew bastard' was something I heard a lot."—Leonard Nimoy. "I always liked shiksas."—Larry King "It specifically says in the Torah that you can eat shrimp and bacon in a Chinese restaurant."—Jason Alexander "Yom Kippur is something I do alone, with nobody else, because I believe that my relationship with God is mine and mine only."—Diane von Furstenberg

David'S Star Dean Zahav, 2011-12-29 Sofia, Bulgaria In the tumultuous year of 2020, the Israeli-Palestinian conflict continues to fester. Fourteen-year-old Dani Madgev accidentally finds several Cyrillic letters interwoven into the graphics of the Star of David symbol. His father, Ian, a mathematical linguist, and his mother, Rovine, a cognitive scientist, help him decipher them. But none of them realize what they're about to get themselves into. Jerusalem, Israel To unravel the mystery of Davids Star, Dani and his parents travel to Tel Aviv, Israel. Along with Nathan Epstein, a biblical history professor at Hebrew University; Kabbalah alchemist Uri Zohar; Ruben Openheim, the head of Peace Now; and Rabbi Loew, the Madgevs make a series of further discoveries within the symbol, leading them to believe they are on the brink of knowledge that may very well change the course of history. Meanwhile, a mysterious character called the Law begins sending messages encoded using King Davids military cipher to Dani. Once deciphered, the messages and letters found on the Star of David point to a startling realization about the solution of the conflict between Israel and Palestine. But are the two countries ready for the suggested solution? A domino chain of events is set in motion, and someone may have to pay the highest price.

The Star of David Controversy Avdiel Ben Levi, 2018-01-22 The Star of David Controversy is a book that was written to empower people with a greater understanding of one of the most ancient symbols of Hebrew culture and tradition. A Defence of the Old Testament, in a Series of Letters, Addressed to Thomas Paine, ... By David Levi, ... David Levi, 1797

Rabbinic Judaism David Kraemer, 2015-09-07 In the aftermath of the conquest of the Holy Land by the Romans and their destruction of the Jerusalem Temple in 70 CE, Jews were faced with a world in existential chaos—both they and their God were rendered homeless. In a religious tradition that had equated Divine approval with peaceful dwelling on the Land, this situation was intolerable. So the rabbis, aspirants for leadership of the post-destruction

Jewish community, appropriated inherited traditions and used them as building blocks for a new religious structure. Not unexpectedly, given the circumstances, this new rabbinic formation devoted considerable attention to matters of space and place. *Rabbinic Judaism: Space and Place* offers the first comprehensive study of spatiality in Rabbinic Judaism of late antiquity, exploring how the rabbis reoriented the Jewish relationship with space and place following the destruction of the Jerusalem temple. Drawing upon the insights of theorists such as Tuan and LeFebvre, who define the crisis that homelessness represents and argue for the deep relationship of human societies to their places, the book examines the compositions of the rabbis and discovers both a surprisingly aggressive rabbinic spatial imagination as well as places, most notably the synagogue, where rabbinic attention to space and place is suppressed or absent. It concludes that these represent two different but simultaneous rabbinic strategies for re-placing God and Israel—strategies that at the same time allow God and Israel to find a place anywhere. This study offers new insight into the centrality of space and place to rabbinic religion after the destruction of the Temple, and as such would be a key resource to students and scholars interested in rabbinic and ancient Judaism, as well as providing a major new case study for anthropologists interested in the study of space.
