Incredibly Strange Films V. Vale, 2017-04-18 Incredibly Strange Films is a functional guide to important territory neglected by the film-criticism establishment, spotlighting unhailed directors -- Hershell Gordon Lewis, Russ Meyer, Larry Cohen, Ray Dennis Steckler, Ted V. Mikels and others -- who have been critically consigned to the ghettos of gore and sexploitation films. In-depth interviews focus on philosophy while anecdotes entertain as well as illuminate theory. The guide includes biographies, genre overviews, filmographies, bibliography, quotations, an A-Z of film personalities, lists of recommended films, sources, index, as well as 172 photos.

c't KI-Praxis c't-Redaktion, 2023-11-15 Das Sonderheft c't KI-Praxis liefert Tests und praktische Anleitungen für die Arbeit mit Chatbots. Es erklärt, warum Sprachmodelle Fehler machen und wie man sie verringern kann. Dies hilft nicht nur, wenn man Fragen und Aufträge an einen der online angebotenen Chatbots übermittelt. Will oder darf man beispielsweise aus Datenschutzgründen die Cloud-Dienste nicht nutzen, kann man sich auch eine eigene Sprach-KI einrichten. Die c't-Redaktion erklärt, wo man ein geeignetes Sprachmodell findet, wie man es lokal hostet und bei welchen Dienstleistern man es hosten kann. Dass generative KI immer produktiver einsetzbar ist, birgt Chancen und Risiken zugleich. Um Chancen zu nutzen und Risiken zu minimieren, helfen geeignete Spielregeln für den KI-Einsatz in Schule, Ausbildung und Beruf.

Unvergessene Nachbarn Bernd A. Weil, 2013-08-06 Unvergessene Nachbarn Keine Epoche der Geschichte wurde genauer erforscht als die Zeit des Nationalsozialismus. Über den Holocaust gibt es Tausende von Abhandlungen und Dokumentationen. Und dennoch ist die Geschichte der Familie Aumann etwas Einzigartiges. Zwei jüdische Brüder – Gustav und Hermann Aumann – lebten bescheiden, aber gut integriert mit ihren Familien in dem kleinen beschaulichen Taunusdörfchen Eisenbach bei Limburg an der Lahn. Mit der NS-Diktatur begann die Ausgrenzung und Verfolgung. Gustavs Sohn Albert wurde von zwei Nazis in den Suizid getrieben, seine Schwester Rosa wurde denunziert und angezeigt, der Bruder Otto wurde auf der Flucht angeschossen. Die Täter waren im Dorf bekannt und sind dennoch unbehelligt geblieben. Ein Teil der beiden Familien konnte nach der Pogromnacht 1938 fliehen, Siegmund wurde in der Tötungsanstalt Brandenburg vergast, wieder andere wurden nach Dachau, Buchenwald, Lodz, Theresienstadt, Auschwitz oder Sobibor deportiert und größtenteils ermordet. Unter den Toten waren auch zwei Babys sowie die 82jährige Rosalie Aumann, die von Frankfurt aus mit ihrer 45jährigen Tochter Bertha und deren schwer kriegsbeschädigtem Ehemann Siegfried deportiert wurde. Sally Aumann war 1945 der einzige Überlebende, der aus Auschwitz in sein Heimatdorf Eisenbach zurückkehrte, nachdem er seine Ehefrau, seine beiden kleinen Kinder, seine Tante, mehrere Cousinen und Cousins sowie sein gesamtes Eigentum und seine Staatsbürgerschaft verloren hatte. Hier sah er zwar die ehemaligen Nazi-Schergen wieder, emigrierte aber in die USA, wo er den einst auf der Flucht angeschossenen Cousin Otto und dessen Frau Kathinka sowie seine Cousine Rosa und deren Ehemann Julius Fromm erstmals wiedertraf. – Es begann für die Überlebenden ein kaum noch zu erhoffender Neuanfang in New York mit neuen Hochzeiten und Nachkommen. Die Geschichte stellt keine fiktive Handlung dar, sondern basiert ausschließlich auf historischen Dokumenten und narrativen Berichten. Alle Personen und Ereignisse habe ich erstmals in einem Dutzend Archiven von Deutschland über Auschwitz, Lodz, Theresienstadt, Großbritannien, Israel und Washington recherchiert. Zahlreiche Fotos, Originaldokumente und Karten runden die Darstellung ab.

Die Justiz im elektronischen Zeitalter Michael Sellner, 2012-05-22 Die Hoffnungen und Erwartungen der Politik in den elektronischen Rechtsverkehr und die elektronische Akte sind sehr hoch. Während der herkömmliche Verfahrensablauf in der Justiz mit Papier als kostspielig und zeitintensiv gilt, soll das elektronische Pendant schneller, bürgernäher und vor allem effektiver sein. Sogar von einem Meilenstein der Justizmodernisierung wird in einer Pressemitteilung des Justizministerium Rheinland-Pfalz gesprochen. Gleichwohl zeigt sich seit Erlass des Formvorschriftenanpassungsgesetzes im Jahr 2001 und des Justizkommunikationsgesetzes im Jahr 2005, dass sich diese Erwartungen bislang nicht erfüllt haben. Vielmehr ist es sogar zu Akzeptanzschwierigkeiten seitens der Anwender gekommen. Dies verwundert, da die elektronische Kommunikation und Arbeit in der heutigen Gesellschaft besonders ausgeprägt ist. Michael Sellner hat es sich daher zum Ziel gesetzt, die Gründe für den aktuellen Entwicklungsstand anhand einer Gesetzgebungs- und Rechtsprechungsanalyse sowie einer empirischen Studie herauszufinden und zu untersuchen. Dabei stellt er insbesondere die Frage, ob der Gesetzgeber ein zukunftsfähiges System für den elektronischen Rechtsverkehr und die elektronische Akte geschaffen hat, damit die Justiz im elektronischen Zeitalter besteht.

And If He Has Not Been Raised... Judith Von Halle, 2007 Collects seven lectures given by Judith von Halle and Peter Tradowsky before members of the Anthroposophical Society in Berlin, between Michaelmas 2004 and Whitsun 2005. The subject of the first to lecture was the stigmatization of Judith von Halle, and in the remaining five lectures, the events of the life of Christ, experiences as a consequence of the stigmatization are described and explored by means of spiritual-scientific knowledge.--Foreword.

And the Earth Becomes a Sun Sergei O. Prokofieff, 2014 This new publication is a continuation of the book written by Sergei O. Prokofieff, *The Mystery of the Resurrection in the Light of Anthroposophy* (2008). In studying Rudolf Steiners work, many questions arise that warrant further research, whereas Steiner only suggests a direction in which the subject may be carried forward. This can be seen especially in the field of anthroposophic Christology. When researching this subject, the many questions that arise can lead to being confronted by conundrums. However, studying the work again later, such seemingly impossible questions may suddenly become clear, resulting in completely new and surprising perspectives. Some of these new perspectives will be found in this volume.

The Mystery of the Resurrection in the Light of Anthroposophy Sergei O. Prokofieff, 2010 We live today at a time when the full mystery of the Resurrection body can become manifest to human beings out of the inspirations of Michael.... This was accomplished by Rudolf Steiner not just in a theoretical sense but also practically, and came about through the establishing of a path, accessible to all human beings, which leads to a union with the forces of the Resurrection body. Sergei Prokofieff approaches the deepest mysteries of the Turning Point of Time (the Christ event) through Rudolf Steiner's spiritual research. At its heart stands the question of the restoration of the phantom of the physical body and its transformation into the resurrected body of Christ through the Mystery of Golgotha. The author draws a broad and differentiated picture of the tasks and possibilities that the Easter event--as well as Ascension and Pentecost--present, both for the individual and humanity. The final chapter considers the mystery of Easter Saturday, through which the two polar aspects of the Mystery of Golgotha--death and resurrection--interconnect, also explaining the relationship between the Earth Spirit and the interior of the Earth. An appendix tackles the phenomenon of stigmatization from a spiritual-scientific perspective.

The Investiture Controversy Uta-Renate Blumenthal, 2010-08-03 This book describes the roots of a set of ideals that effected a radical transformation of eleventh-century European society that led to the confrontation between church and monarchy known as the investiture struggle or Gregorian reform. Ideas cannot be divorced from reality, especially not in the Middle Ages. I present them,

therefore, in their contemporary political, social, and cultural context.—from the Preface

The Cambridge Economic History of Europe from the Decline of the Roman Empire: Volume 2, Trade and Industry in the Middle Ages Edward Miller, Cynthia Postan, M. M. Postan, 1987-08-28

The second volume of *The Cambridge Economic History of Europe*, first published in 1952, was a survey by an international group of specialist scholars covering trade and industry in pre-Roman, Roman and Byzantine Europe, the medieval trade of northern and southern Europe, and the histories of medieval woollen manufacture, mining and metallurgy, and building in stone. This second edition, in addition to revising most chapters and the bibliographies appended to them, also fills gaps which arose from the wartime and post-war circumstances in which the first edition was written. New chapters provide accounts of the trade and industry of eastern Europe, of medieval Europe's trade with Asia and Africa, and of medieval coinage and currency. Taken with volumes I and III of the series, this volume is designed to complete a comprehensive review of the economic history of medieval Europe as a whole. It was planned by the late Sir Michael Postan, and was largely completed under his editorship.

Soul Exercises 1904 - 1924 Rudolf Steiner, 2014 *Soul Exercises, 1903-1924* (CW 267) The whole world stands facing the human soul--dark, unknown as the blue of the sky. But what is unknown comes. The human soul must feel this coming as its own extinguishing. Sensing this self-extinguishing is followed by the right to re-create oneself anew from the outer world that has been absorbed.... I am 'I.' Rudolf Steiner made it his task to teach nothing that he had not experienced himself and always encouraged others to make individual spiritual-meditative research the basis of their spiritual lives. Therefore he gave many spiritual exercises to his pupils who asked for them. This was especially the case during the period of the Esoteric School (1904-1914), which closed with the outbreak of World War I, which made a certain kind of esoteric work impossible. Steiner, however, continued to give individuals exercises and meditations in private conversations until 1924, when his health no longer allowed it. Usually he would write all instructions out by hand. A few were communicated verbally.

Although every exercise originated in a particular context, he believed that because the same conditions apply to all who take up this path of training, in principle the exercises should be available in the widest possible context. Beginning with general rules and conditions (the so-called supplementary exercises), meditations for the days of the week, and morning and evening exercises, *Soul Exercises* collects all of the word and symbol meditation exercises Steiner gave. This includes nine groups of exercises based on Mabel Collins' *Light on the Path* and a multitude of exercises with individually composed meditative verses. The book concludes with explanations and contextual commentary relating to the exercises, including notes on the value of symbolic ideas on the path of spiritual schooling; the Rose Cross meditation; the verse *More radiant than the Sun*; the backward review (*Rückschau*); contemplation of one's own divine ideal; and alcohol and diet. *Soul Exercises* will be a help to all who take up the anthroposophic path of inner work.
