Priscilla Hauser's Decorative Painting Workshop Priscilla Hauser, 2008-03 Anyone who has ever fantasized about having the skills to paint beautiful decorative home projects, can now make those dreams come true. Priscilla Hauser has successfully developed a technique that allows novices to learn her charming style, effortlessly. Hauser begins by teaching the most basic brush strokes, and how to use them to build a basecoat to shade and highlight until a lusciously executed design emerges. Nothing could be simpler, or less intimidating. She discusses preparing the surface, brush loading and double-loading, undercoating, stripping, washes, and other effects, and provides plenty of helpful worksheets plus quick tricks for creating intriguing background finishes. Beginners will quickly and confidently master such projects as bright sunflowers and daisies on a watering can, lemons on tableware, a bird-embellished frame, and a butterfly-covered candle lantern.

Matisse and Decoration John Klein, 2018-01-01 A brand new look at the extremely beautiful, if underappreciated, later works of one of the most inventive artists of the 20th century Between 1935 and his death at midcentury, Henri Matisse (1869-1954) undertook many decorative projects and commissions. These include mural paintings, stained glass, ceramic tiles, lead crystal pieces, carpets, tapestries, fashion fabrics, and accessories--work that has received no significant treatment until now. By presenting a wealth of new insights and unpublished material, including from the artist's own correspondence, John Klein, an internationally acclaimed specialist in the art of Matisse, offers a richer and more balanced view of Matisse's ambitions and achievements in the often-neglected later phases of his career. Matisse designed many of these decorations in the innovative--and widely admired--medium of the paper cut-out, whose function and significance Klein reevaluates. *Matisse and Decoration* also opens a window onto the revival and promotion, following World War II, of traditional French decorative arts as part of France's renewed sense of cultural preeminence. For the first time, the idea of the decorative in Matisse's work and the actual decorations he designed for specific settings are integrated in one account, amounting to an understanding of this modern master's work that is simultaneously more nuanced and more comprehensive.
