Into the Storm Reed Timmer,Andrew Tilin,2010-10-14 An eye-of-the-hurricane view of storm chasing from the star of the Discovery Channel hit series Storm Chasers. Only one in ten chases actually intercept a tornado-unless you're Reed Timmer. The thrill-seeking meteorologist and star of Storm Chasers has followed and faced down more violent tornadoes than anyone. Into the Storm brings readers into the mind of this man and his mission—collecting data on tornadoes and hurricanes that could save lives—in the terrifying, awe-inspiring world of big weather. Into the Storm is also a fascinating look at the science of weather—what causes extreme conditions, its connection to climate change, and how a tornado gets its stovepipe structure.

Defying Dorian Sloan Storm,2016-08-22 HATING HIM WAS EASY... UNTIL LOVING HIM MADE IT IMPOSSIBLE. TEMPEST B*stard. Hunk. Billionaire. My life was just fine before he swept me up - hauling me away in those thick, strong, tattooed arms and dragging me off to God knows where. Now, it's do what he says, when he says, or else. I'd run as far my legs would carry me, if only I could. Under the guise of protecting me, he's locked me away at his opulent estate complete with everything a girl could want - except my freedom. I mean, sure, it's almost impossible to resist his bad boy attitude, insane good looks and rock hard... muscles. Even so, I'm determined not to fall under his spell. Unfortunately, my melting panties seem to have ideas of their own. He's the most dangerous man I've ever met. How could I ever trust someone like him to protect me from anyone - especially himself? DORIAN It was supposed to be simple. Just do a favor for a friend - hell, a brother. Everything went to plan. Well, almost. Once I got my arms around Tempest, nothing would ever be simple again. Now she's in danger and there's no one who can, who could, protect her like me. She talked tough but had a lot to learn about life's harder edges. The problem is that unless you know what you're doing, those edges can cut and sometimes, much worse. Normally, women like her don't exist in my reality - except for one reason. But keeping her with me has nothing to do with getting her in bed. Combing my hair is harder than finding a warm body to fill that role. Or at least, that's how it started... Now unless I can hear her scream my name for the rest of my life, I'll never be satisfied. I won't settle for anything less.

Defying Normal Skip Heitzig,2015-10-27 Skip Heitzig, pastor of a 15,000 member mega-church, shows readers how to defy the pressures of this worldly life, and soar above the status quo to experience the divine.

Defying Gravity Daniel Henderson,2010-01-01 Satan is a strategic foe. His darts and doubts are designed to undermine the power of truth. He knows the importance of destroying the integrity and well-being of spiritual leaders in order to decimate the church of Jesus Christ. Pastors and church leaders need to learn about how to prepare for and protect themselves so they can lead effectively and without losing altitude. Defying Gravity makes leaders aware of the pitfalls of ministry and equips them with the tools to avoid these temptations and traps. This book is the fruit of Daniel Henderson's 25 years of pastoral ministry, mostly spent as the senior pastor of three churches. It also reflects his very active ministry in the past 11 years as a speaker in pastors' conferences and renewal events, which have given him many occasions for interaction with hurting pastors. From those lessons learned he instructs on the nine gauges on the leadership instrument panel that you need to monitor to keep soaring no matter what storms come your way. The nine gauges he refers to are applied truth, spiritual intimacy, personal integrity, Biblical identity, genuine accountability, eternal significance, healthy family life, indispensable pain, and a captivating call.

A Day Like No Other Genie Chipps Henderson,2018-09-04 A bucolic resort setting -- the summer colony and locals are caught in the path of a sudden and devastating hurricane in this brilliant and prophetic fiction that is a warning of storms to come. “For those few who still remember, the images are seared into their brains: the corpses floating down Main Street; the boats that drifted into the living rooms of flooded houses; the dead dogs and featherless chickens; the muck and fish stink; the moonscape of flattened houses; the residue of the last great hurricane to hit Long Island, the storm of 1938. “ - The New York Times This is a story of that day – a day that began much like any other day at the ragtag end of the summer season on the eastern end of Long Island – better known as The Hamptons. The storm came without warning landing at three in the afternoon bringing with it unprecedented wind and rain and waves so high and powerful they were recorded on seismographs 5000 miles away in Alaska. But A DAY LIKE ANY OTHER is not just a hurricane novel. The storm is a framing device for an historical tableau vivant of this near mythical place – The Hamptons – brought to life via the stories of townspeople, the wealthy summer colony, the fishing folk and the art crowd. Written by a natural tale-spinner and masterful portraitist of character and place, it does have one wild, furious storm at its center – an historic tempest that wreaked havoc on the little towns and villages that line the ocean front of the South Fork of Long Island. Could it happen again? Yes - it will almost certainly happen again and no matter how many moguls build seaside monuments defying the odds, another hurricane like 1938 will surely be the deadliest in American history.
