My Friend the Mercenary James Brabazon, 2011-03-01
"Intensely vivid story of war and the peculiar breed of warriors

who fight in 21st-century Africa . . . and tribute to an extraordinary comrade-at-arms.” —Kirkus Reviews In February 2002, British journalist James Brabazon set out to travel with guerrilla forces into Liberia to show the world what was happening in that war-torn country. To protect him, he hired Nick du Toit, a former South African Defence Force soldier who had fought in conflicts across Africa for over three decades. What follows is an incredible behind-the-scenes account of the Liberian rebels—known as the LURD—as they attempt to seize control of the country from government troops led by President Charles Taylor. In this gripping narrative, James Brabazon paints a brilliant portrait of the chaos that tore West Africa apart: nations run by warlords and kleptocrats, rebels fighting to displace them, ordinary people caught in the crossfire—and everywhere adventurers and mercenaries operating in war’s dark shadows. It is a brutally honest book about what it takes to be a journalist, survivor, and friend in this morally corrosive crucible. “A classic story of intrigue, greed, and violence in one of the most dysfunctional countries in the world. It is a gripping story that I couldn’t read fast enough.” —Sebastian Junger, New York Times–bestselling author

The Animals' Freedom Fighter Jon

Hochschartner, 2017-04-11 Founded in the 1970s and today active in more than 40 countries, the Animal Liberation Front has in recent years been considered a domestic terrorist group by both the FBI and the Southern Poverty Law Center—despite the ALF’s official stance of nonviolence. A clandestine, phantom cell organization, the ALF has functioned as a sort of Underground Railroad for captive animals, executing raids and attacks on animal testing facilities. Yet little has been written about the group or its founder. With unprecedented access by the author, this book tells the story of Ronnie Lee, the unassuming British activist who launched an extremist movement that continues to use intimidation and economic sabotage to advance its cause.

Avery Grambs has a plan for a better future: survive high school, win a scholarship, and get out. But her fortunes change in an instant when billionaire Tobias Hawthorne dies and leaves Avery virtually his entire fortune. The catch? Avery has no idea why—or even who Tobias Hawthorne is. To receive her inheritance, Avery must move into sprawling, secret passage-filled Hawthorne House, where every room bears the old man's touch—and his love of puzzles, riddles, and codes. Unfortunately for Avery, Hawthorne House is also occupied by the family that Tobias Hawthorne just dispossessed. This includes the four Hawthorne grandsons: dangerous, magnetic, brilliant boys who grew up with every expectation that one day, they would inherit billions. Their apparent Grayson Hawthorne is convinced that Avery must be a conwoman, and he's determined to take her down. His brother, Jameson, views her as their grandfather's last hurrah: a twisted riddle, a puzzle to be solved. Caught in a world of wealth and privilege with danger around every turn, Avery will have to play the game herself just to survive. **The games continue in *The Hawthorne Legacy*, *The Final Gambit*, and *The Brothers Hawthorne*!
