Derek's Story Derek Robinson,2010-04 Derek Robinson grew up against the backdrop of World War II in England. In this memoir, Robinson tells the story of his life and experiences and how the war affected his family. Born in 1934, he was the last of eight children. His father served in the army, and the family lived in different locations in England and Scotland. In *Derek's Story*, Robinson recalls the days of his carefree youth visiting the local blacksmith, playing in the verdant fields and orchards, and attending school. But life changed for him and others when war began September 3, 1939. He remembers the not-so-pleasant war life filled with ration books, mandatory blackouts, German raids, and watching war planes crash. This memoir follows Robinson as he lands his first job as an eyeglass maker and subsequent jobs at the cotton mills, the gas company, and the ambulance service. *Derek's Story* tells of his marriage in 1957, moving to Canada in 1965, and starting his own company. Filled with photos and family history, this account chronicles the successes of a man who started his life surrounded by war.

The Book of Guardians Derek Neale,2012 This is a detective story set in 1980s Shrewsbury and Toronto. A social worker, Philip Eyre, searches for the father of a baby girl and finds himself obsessed by the girl's mother who ends up in psychiatric hospital after trying to commit suicide. While investigating the case, Philip comes to question his own life - his own fathering and father. The case apparently solved, Philip takes a job in Toronto as a researcher but becomes haunted by his own past. He returns to England, and a new obsession with the case gathers pace. Is the baby related to him? Are they connected by some strange literary provenance - Charlotte Bronte's novel, *Jane Eyre*? By now he is randomly switching from one possibility, one bizarre plot about orphans and illegitimacy, to the next. He suffers a breakdown; the pursuit of an answer has turned back in on him; now he is the one who feels pursued. *The Book of Guardians* is a haunting novel that leaves readers wondering whether it is possible to recall and know your own past with any degree of certainty.

Run Derek! Run! Derek Joseph Wakefield,2012-12-12 My name is Derek. I used to feel like I was just another person in the world. Living life, day by day, following my routine and letting fate take me where I was supposed to go. I decided to change that by running. I would be the one making my own path and challenging myself with new goals and new adventures. I started feeling much better and gained a lot of confidence, so I set the goal of running 25 races in 2012 and writing a book about my experiences. Each chapter describes how I was feeling, some of the events and how my attitude changed throughout the year. I used to be shy and unsure of myself about running and going through my daily routine. Now I get out and take on the world. I'm the guy you'll find running next to you, encouraging you to keep going, singing, doing back flips and getting the crowd riled up. The book mentions 15 stories about my struggles and triumphs, summing everything up in the final chapter. Running is how I began to find confidence and motivation. This book was written to help you find your passion in life and push you to live the best life you can.

The Moonlight King Derek DeCosta,2021-05-30 Seoul, Korea 1977. A young couple makes the toughest of decisions. Driven by shame they send their only son far away into foreign adoption. Their son is just six years old. A new country. A new life he cannot possibly understand. He is tortured and beaten. Broken and battered. Forced into unspeakable acts. He builds walls that cannot be seen. And bars that cannot be broken. Scars that do not heal. And wounds always open. Can he battle his demons? And conquer the darkness? The fight for freedom is within... *The Moonlight King* The true life story of Derek DeCosta. Book Review 1: "The Moonlight King is an amazing book! Working at a television station on a morning show, we read many books, and interview many authors. I've read the Moonlight King several times because it's such an incredible story of courage, and strength. Derek is truly an inspiration! His book is worth reading!! You won't want to put it down." -- Carol Lanigan, Assignment Editor, Fox25 News, Boston Book Review 2: "The Moonlight King is an incredible book! Derek's story will rock you; it will shake you to the core. This is right up there with the top books I've ever read! It's a must read and well worth your time. It's amazing how Derek has stayed such a positive and inspiring man in spite of the many challenges in his life. The Moonlight King will stick with you, long after you've read it." -- Alex Stylos, WSAR Radio Host, Somerset, MA Book Review 3: Derek's struggle adds pathos and ethos to the insight, wisdom, and advice that he weaves into every page. Forgiveness and love are the keys that finally unshackle him as he realizes his own self worth and asserts his right to an important and meaningful life. His writing style is poetic but easy to read, using powerful language and descriptive imagery to describe the ugliest of experiences and feelings. If Derek's experiences are the thorns, this book is the rose. -- Jean Perry News Editor, The Wanderer, Mattapoisett, MA

In this story designed to engage early readers, charming characters combine with simple text, lively illustrations, and laugh-out-loud humor to help boost kids' confidence and create lifelong readers! Mr. Fitzgerald said sharks like to circle their food while they decide if it looks tasty. I must have left my scooter in the yard. The shark started riding it around our house. And around. And around. On his third time around, I knew. He was circling me. When Benny learns about sharks at school, he immediately feels worried. He definitely can't go in the ocean, because sharks live there. But even simply staying out of the water isn't enough, because a shark named Mr. Chompers follows him home! What will Benny do? AMORALMAN Derek DelGaudio,2022-02-01 Truth and lies are two sides of the same coin. But who's flipping it? A thought-provoking and

brilliantly entertaining work of nonfiction from one of the world's leading deceivers, the creator and star of the astonishing theater show and forthcoming film *In & Of Itself*. Derek DelGaudio believed he was a decent, honest man. But when irrefutable evidence to the contrary is found in an old journal, his memories are reawakened and Derek is forced to confront--and try to understand--his role in a significant act of deception from his past. Using his youthful notebook entries as a road map, Derek embarks on a soulful, often funny, sometimes dark journey, retracing the path that led him to a world populated by charlatans, card cheats, and con artists. As stories are peeled away and artifices are revealed, Derek examines the mystery behind his father's vanishing act, the secret he inherited from his mother, the obsession he developed with sleight-of-hand that shaped his future, and the affinity he felt for the professional swindlers who taught him how to deceive others. And once he finds himself working as a crooked dealer in a big-money Hollywood card game, Derek begins to question his own sense of morality, and discovers that even a master of deception can find himself trapped inside an illusion. *A M O R A L M A N* is a wildly engaging exploration of the fictions we live as truths. It is ultimately a book about the lies we tell ourselves and the realities we manufacture in others.
