Jeffrey Harvey is realising his dream - an ambitious project to use the icebergs of Antarctica to overcome drought in Africa. But his past is catching up with him. Love, deception, intrigue, and murder have followed him all his adult life, and now they come together to create a world where the difference between friends and foes is a matter of circumstance. To some, Harvey is a visionary, to others a liability. His passionate, but complex, girlfriend, Anna, strives to protect him from the dangers he brings on himself, while she struggles with her own identity. The stakes become higher than either can imagine.

When people lie to Baer Creighton their eyes glow red and he experiences a small burst of electricity. It hurts to suffer liars-- and Baer learned long ago that everyone lies. So he sleeps in the woods outside his house, converses with his sole companion, a pit bull named Fred, and distills special blends of fruited moonshine. When Fred is stolen, fought in an illegal fight circle and left for dead, Baer vows to set things right. He has all the skill he needs to find each man present at the fight circle that night and park a pile of hell on his front porch. But when he tips his hand he becomes the hunted, and the war he thought would be settled in a single attack becomes a battle of attrition with violence coming at him from all angles. When the battle escalates to the unthinkable, Baer concocts a retribution so horrifying it gives him pause. To implement the ultimate vengeance Baer will have to confront his past, the liars he has loved, and the biggest lie of all. You can be damn sure he does. Evil doesn't come easy for Baer Creighton, but it comes.--Back cover.

A dialogue between a christian an a Hindu about religion David N. Lorenzen, 2015-03-02 The "Dialogue between and Christian and a Hindu about Religion" (Javābasvāla aika krīstīān aura aika hīṃdu ke bīca mo imāna ke upara) was written in about 1751 by Giuseppe Maria da Gargnano with help from his Capuchin friend and colleague, Cassiano da Macerata, and from an unnamed Brahmin teacher. This teacher apparently taught Giuseppe Maria to read Hindustani and some Sanskrit, instructed him in the basics of Hindu religion, and corrected the Hindustani text of the "Dialogue". A copy of the Hindustani text was first presented to the raja of Bettiah in 1751. Subsequently, an undetermined number of hand-made copies were distributed among persons in the Bettiah area. A copy of the Hindustani text in an Indian script related to nagari, dated in 1751, together with an Italian version was sent to Rome and is now in the Vatican Library (Borg. ind. 11). Another copy of the text, dated in 1787, is also found in the same Library (Borg. ind. 16). In the context of the still limited progress of European studies of Indian languages and culture in Giuseppe Maria's historical period, and despite the shortcomings of his own cultural upbringing and intellectual training, the Hindu-Christian dialogu remains a pioneering linguistic and religious experiment.

The Obsession of Lt David William

Harris, 2017-11-03 Lieutenant David is a competent officer who decided to return to active duty after a stint in the Naval Reserves. His objective as a career naval officer is sidetracked when he unexpectedly meets Beth, who then becomes his obsession. Her husband also serves in the same ship as David. This story is how David struggles between his good and bad self as he deals with the events on the destroyer that involve both men. This conflict is resolved in a surprising conclusion.

Destroyer Battles Robert Stem, 2008-09-18 Fast, manoeuvrable and heavily armed, destroyers were the most aggressive surface warships of the twentieth century. Although originally conceived as a defensive screen to protect the main battlefleet from torpedo attack, the gamekeeper soon turned poacher, and became primarily a weapon of offence. As such they were involved in many hard-fought battles, using both torpedoes and guns, especially with enemy vessels of the same kind. This book recounts some of the most significant, spectacular or unusual actions in the history of destroyer warfare, from the first employment of torpedo craft during the Russo-Japanese War to the recent terrorist attack on USS Cole. With individual chapters devoted to each incident, the book may be read as a series of dramatic narratives, but each reflects a development in the tactics or technology, so taken as a whole the book amounts to a complete history of the destroyer from an unusual and previously neglected angle.

British Destroyers & Frigates Norman

Friedman, 2012-10-22 "A comprehensive survey of the design history and development of the Royal Navy's greyhounds of the sea."—WARSHIPS Magazine Since World War II, the old categories of destroyer and

frigate have tended to merge, a process that this book traces back to the radically different "Tribal" class destroyers of 1936. It deals with the development of all the modern destroyer classes that fought the war, looks at the emergency programs that produced vast numbers of trade protection vessels—sloops, corvettes and frigates—then analyzes the pressures that shaped the post-war fleet, and continued to dominate design down to recent years. Written by America's leading authority and featuring photos and ship plans, it is an objective but sympathetic view of the difficult economic and political environment in which British designers had to work, and benefits from the author's ability to compare and contrast the US Navy's experience. Norman Friedman is renowned for his ability to explain the policy and strategy changes that drive design decisions, and his latest book uses previously unpublished material to draw a new and convincing picture of British naval policy over the previous seventy years and more. Includes photos
