The World of Dew and Other Stories Julian MortimerSmith,2021-04-06 Imagine a world populated by hideous trolls, time-traveling scientists, and intergalactic freighter captains—with smartphones and social media. The World of Dew and Other Stories, chosen by Michelle Pretorius as the 2020 Blue Light Books Prize winner, invites readers into 18 different universes that have unexpected resonances with our own modern life. While these tales are unabashedly sci-fi and fantasy, Julian Mortimer Smith approaches each at a curious angle. Ghosts are cataloged using a Pokémon Go-like app, a soldier has to get enough upvotes on social media before he is allowed to take a shot, and a golden age of cooperation begins as societies around the world prepare for a looming pandemic of blindness. In addition to featuring stories that have appeared in some of the world's top speculative fiction outlets, The World of Dew and Other Stories also includes five new stories published here for the first time. These tales are sometimes terrifying, sometimes touching, sometimes provocative, and occasionally very silly. They function both as windows through which readers can glimpse vast universes waiting to be explored and as mirrors reflecting our own reality back at us in a strange and unfamiliar light.

BOOK of DEW Volume Two Allen P Dew,2018-02-04 IMPORTANT: Both Volume One & Volume Two are required for the complete BOOK of DEW. Over 42 years of research into the surname DEW, and spelling variations, in the United States. Started in 1975, this research attempts to document the relationships among all the ancestors and descendants of the DEW surname from all parts of this country.

**The Dew Breaker** Edwidge Danticat,2007-12-18 We meet him late in life: a quiet man, a good father and husband, a fixture in his Brooklyn neighborhood, a landlord and barber with a terrifying scar across his face. As the book unfolds, moving seamlessly between Haiti in the 1960s and New York City today, we enter the lives of those around him, and learn that he has also kept a vital, dangerous secret. Edwidge Danticat's brilliant exploration of the "dew breaker"--or torturer--s an unforgettable story of love, remorse, and hope; of personal and political rebellions; and of the compromises we make to move beyond the most intimate brushes with history. It firmly establishes her as one of America's most essential writers. BONUS: This edition includes an excerpt from Edwidge Danticat's *Claire of the Sea Light*.

*Dew Water* Beysens, Daniel,2018-08-15 The world's ever-increasing need for fresh water has led to the use of non-conventional sources such as rain and fog water collection. Although rain water collection is relatively simple, the supply is often erratic. Passive fog water collection has been used in several parts of the world but is only

relevant to certain geographical locations. Dew occurrence, however, is far more widespread, can form in most climates and geographic settings, show high frequency and prevalence throughout the year. During the past 20 years, dew collection has therefore been investigated as a serious supplemental source of fresh water. Dew Water offers a thorough review of dew, its formation characteristics and potential for dew collection, for audiences that include policy-makers, non-governmental organizations involved in development aid and sustainable development, engineers, urban planners, researchers and students. After providing a background on atmospheric water, humid air, and sky and materials emissivity, the book deals with dew formation and its estimation with a focus on the use of meteorological data. Dew measurement techniques are reviewed and discussed as well as dew collection by passive means. Computational fluid dynamics technique is described for better design of dew collectors. Dew quality (chemistry, biology) is assessed in view of potable water quality. Costs and economic aspects are also considered.

*Drops of Dew* Kleopatra Kristbjörg, 2010-10-04 My life in a thousand years. Bye, see you in the next life! That's what they sometimes put in words. But do they know who sometime say these words, that these words are true? In this book it tells the destiny of the same woman when experiences life after life. The soul preserves its experience from previous lives and looks up those who related to their soul before, for good or evil. But it's all without conscious. Some people take up meditation to experience their past lives; others sometimes experience them through hypnotism, but I dream about them. Often they come to me in bits, and then I have to piece them together. Those who enter their past lives often recognize the people there as the people who are with them in this life, friends or relatives, even if they look different or are of a different nationality. That is how it works with me. I know the people that I have seen in past lives, although, of course, I do not know them all and some I have yet to get to know. When I get to know new people, I can tell whether I have known them before in a past life or lives. I feel like I know some of them and not others, and I only connect with the people that I know, that is, those that I have known in a past life. Some people I know in and out and trust completely, even though I have never seen

them before. I have often thought about how peculiar this is and wondered about it, but I got an explanation when I experienced my past lives and recognized people there that I feel connected to in this life. I decided to keep a record of these dreams, write them down in books, and last autumn, I started to make a story out of them. Fact or fiction? I do not know, but all I can say is this: These are my past lives. Mine and the other peoples who appear in the stories and they are the same people who are with me today, although not all of them. When I sleep, I return to the past, to the olden days, and I meet myself and others whom I know today. I see the course of my life, and that of others, throughout many lives and I understand various things that were previously a mystery to me. For example, why am I interested in this? Why do I like him even though I cannot stand him, or more to the point, even though I should not be able to stand him? Why do I dislike this woman even though I do not know her? Why is a certain woman such a good friend of mine even though she has so many character traits that I would not tolerate in others? Why can I not eat meat? Why am I so terrified of spiders? Why am I so terrified of fire?ved many lives and this book contains only two of them.
