Día de Los Muertos Angela Charmaine Craig,2010-12 An ancient spirit grapples with the new spirit of youth and greed for control over the season of the dead. A woman and her lover take a romantic trip to Mexico where she learns that both love and death are more than she believes. And a dead writer discovers an opportunity for the ultimate revenge. Featuring the work of Dru Pagliassotti, Ron Savage, Gerri Leen and others, Dia de los Muertos provides 29 tales based on the days of the dead, that time of year when the dead are permitted to return to walk again amongst the living.

El Dia de Muertos / The Day of the Dead Ivar Da Coll,2012-09-30 Rhyming verse describes the good food, decorations, and stories when grandmother arrives for the annual celebration of the Mexican holiday, Day of the Dead.

Day of the Dead Maria Van Den Broeke,2008-12 The main character, Manuel, narrates how he resorted to brujeriaafolk magicato change his fate, or so he believes. The spell goes bad, reasons Manuel, when his motheras life becomes endangered because he allowed her to become involved in brujeria without her knowledge. Manuelas story occurs in his small town, Vistahermosa, during autumn, around the time of the Day of the Dead (El Dia de los Muertos). The spirit of this Mexican national holiday serves as an appropriate backdrop for a novel concerned with the many faces of death, such as the death of childhood, the coming of age, and even the demise of agrarian society, and with it, the slow death of tradition, not to mention human physical death, which also figures prominently in the story.

Operation Crimson Storm Robert Reginald,2013-08-05 Twelve years after the events of Invasion!, Earth prepares to retaliate by mounting an expedition against the Martians. With great difficulty, our Space Force establishes bases on the two Martian moons, and also on the surface of the Red Planet. But a series of firefights demonstrate that the aliens hold the upper hand, and that communication between the species is the only thing that will keep our bases from being exterminated. Alex Smith once again must step forward, and offer himself as part-prisoner, guest, interpreter, guinea pig, negotiator, and--ultimately--the last, best hope of mankind. But finding any consistent and understandable method of communication with a truly alien race is almost impossible. Can the gulf be breached in time? War of Two Worlds, Book Two.

The Killing Storm Kathryn Casey,2018-04-27 The action was heart pounding. There were times when I wanted to throw the book against the wall, to scream and shout out - that's how good Casey is. - Five-star Goodreads review. On a quiet afternoon in Houston, 4-year-old Joey Warner plays in a park sandbox when a stranger approaches, looking for his runaway dog. While Joey's mom, Crystal, talks on her cell phone, the stranger convinces the child to help him search. By the time Crystal turns around, her son has disappeared. Yet her reaction is odd, not what one would expect from a distraught mother. Is Crystal Warner somehow involved in her son's abduction? Meanwhile, on a cattle ranch outside Houston, Texas Ranger and profiler Sarah Armstrong assesses a symbol left on the hide of a slaughtered longhorn, a figure that dates back to a forgotten era of sugarcane plantations and slavery. Soon, other prize-winning bulls are found butchered on the outskirts of the city, each bearing a new but similar symbol. Before long, the two investigations converge at the same time a catastrophic hurricane threatens. One of Sarah's close friends is murdered, and the clock ticks as the storm moves in. If Sarah doesn't act quickly, the child will die. Kathryn Casey delivers a fast-paced, exciting third case for Sarah Armstrong, one of the pluckiest and most complex female investigators to come along in a long time.

The Siren's Storm Sara Reynolds,2023-03-04 After being killed and resurrected in New Orleans, Calliope was enjoying the comfort of living in LA with her boyfriend, Asmodeus when a flock of harpies ruined her peace. They showed up at her friend's nightclub, Tartarus, and began slaughtering both Supernaturals and humans on Halloween. A warning had come for Calliope earlier in the night about a shapeshifter. She had no idea who they were, or why they wanted her dead, but she knew that she needed to leave town. Running back to New Orleans wasn't exactly how the siren wanted to spend her autumn, but it was her only hope of finding answers... With a shapeshifter on Calliope's tail, it was alarmingly clear that the villainous harpies attacked the club looking for Calliope on the shifter's orders... Will she find answers about the shapeshifter's identity, or find out why they want her dead? Or, will it be too late?

The Storm of La Niña Lluvia de Milagros Carrasco,2016-02-05 Dear Higher Education, What makes you so high? Are you reaching a form of enlightenment that I cannot reach without your guidance? What are all these fancy words that you believe you have created with recycled thoughts passed through the wisdom of human life that now you have accumulated into a theory simply because you have these three letters by your namePhD? Dear University, What is this oversaturated word that you call diversity? Diverse bodies based on skin tones are simply diverse demographics in which you can statistically accumulate, quantify, and therefore display to the world like a curated gallery of foreign objects for an anthropological final project. That in which you promote as diverse. Do you cultivate a diversified mentality, or have you simply perpetuated stagnancy in the name of a degree? A degree that is as thin as paper yet as valuable, as life-changing, as the life you will live two thousand kilometers away from sec. 8. Dear Millennial, In the name of activism, social justice, justice, and service, how has the time you spent listening to lectures developed your adequacy in connecting to that which you serve? What has become of you to be driven by the rush of feeling good and clocking in your social justice volunteers hours on a clipboard? Rather, become soulfully apart of the integrity behind the mission itself. A mission, simply words put into theory, and theory published throughout a course curriculum to what point has your morality bridged theory into praxis? Oh, the irony! To be a woman of color and only know of what I am once I have gone through a formula of stepstirelessly attain not one, but many internships and volunteer in various fields or experiences. Maintain a stellar GPA since you will learn very early on that it is a number that will define your value and, therefore, your worth. Become an applicant then be accepted, for it is a resume that will define the blueprint of your skill-set and, therefore, capabilities.

Mi abuelo, el general Storm Silvia Foti,2020-10-13 Tras crecer bajo la sombra de un abuelo heroico y reconocido por sus acciones en la rebelión lituana contra el comunismo, la autora se da a la tarea de escribir un libro biográfico, con la idea de que esté engrandecerá el recuerdo de su familia y el rol que el General Noreika jugó en su país natal. Después de una primera visita a Europa, la autora descubre un rumor perturbador: su abuelo participó en la matanza de judíos en su país natal. En este momento la biografía toma un giro: no sólo debe engrandecer el legado de su abuelo, sino además exonerarlo de estas terroríficas acusaciones. Le tomó 13 años, dos maestrías y largas temporadas en Europa llegar a la verdad. Sus investigaciones no sólo demuestran que Noreika participó conscientemente en la matanza de miles de judíos, sino que estaba de acuerdo con que esta etnia representaba un grave peligro para su país en ese momento.
