**Achtung Schweinehund!** Harry Pearson, 2013-06-06 This is a book about men and war. Not real conflict but war as it has filtered down to generations of boys and men through toys, comics, games and movies. Harry Pearson belongs to the great battalion of British men who grew up playing with toy soldiers - refighting World War II - and then stopped growing up. Inspired by the photos of the gallant pilot uncles that decorated the wall above his father's model-making table, by Sergeant Hurricane, Action Man and Escape from Colditz, dressed in Clarks' commando shoes and with the Airfix Army in support, he battled in the fields and on the beaches, in his head and on the sitting-room floor and across his bedroom ceiling. And thirty years later he still is. ACHTUNG SCHWEINEHUND! is a celebration of those glory days, a boy's own story of the urge to play, to conquer - and to adopt very bad German accents, shouting 'Donner und Blitzen' at every opportunity. This is a tale of obsession, glue and plastic kits. It is the story of one boy's imaginary war and where it led him.

A Decade of Drawing Danese-Corey, 2018-05-15 Catalogue to accompany the exhibition Warren Isensee: A Decade of Drawings, at Danese/Corey, New York from April 27 - May 25, 2018.

Isensee's drawings offer luminous, optically charged color within the structure of geometric abstraction. As the artist states: I have always worked to capture the qualities of both color and light that have throughout history activated the surface of paintings The goal is to capture light and contain it in a kind of perpetual motion field that, when married to color, gently pulsates, recedes and advances.

**Notes from the Hyena's Belly** Nega Mezlekia, 2015-04-07 In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

**How to Disappear** Frank Ahearn, Eileen Horan, 2019-10 For the first time in paperback we bring you the authoritative and comprehensive guide for people who seek to protect their privacy as well as for anyone who's ever entertained the fantasy of disappearing--whether actually dropping out of sight or by eliminating the traceable evidence of their existence. Written by the world's leading experts on finding people and helping people avoid being found, How to Disappear covers everything from tools for disappearing to discovering and eliminating the nearly invisible tracks and clues we tend to leave wherever we go. Learn

the three keys to disappearing, all about your electronic footprints, the dangers and opportunities of social networking sites, and how to disappear from a stalker. Frank Ahearn and Eileen Horan provide field-tested methods for maintaining privacy, as well as tactics and strategies for protecting personal information and preventing identity theft. They explain and illustrate key tactics such as misinformation (destroying all the data known about you); disinformation (creating fake trails); and, finally, reformation--the act of getting you from point A to point B without leaving clues. Ahearn illustrates every step with real-life stories of his fascinating career, from undercover work to nab thieving department store employees to a stint as a private investigator; and, later, as a career skip tracer who finds people who don't want to be found. In 1997, when news broke of President Bill Clinton's dalliance with a White House intern, Ahearn was hired to find her. When Oscar statuettes were stolen in Beverly Hills, Ahearn pinpointed a principal in the caper to help solve the case. When Russell Crowe threw a telephone at a hotel clerk in 2005, Ahearn located the victim and hid him from the media. An indispensable resource not just for those determined to become utterly anonymous, but also for just about anyone in the brave new world of on-line information, *How to Disappear* sums up Ahearn's dual philosophy: Don't break the law, but know how to protect yourself.
