*Diamond Storm* Kev Edwards, 2018-07 Angola in West Africa is reputed to be the world's single biggest exporter of illegal Blood or Conflict Diamonds. The recently elected democratic government is opposed to this crime and committed to routing out the perpetrators. Their attempt at stopping the trade at source and redirecting the wealth it generates into relieving the misery of the country's poverty stricken population falls apart when their own security services fail to identify and close down the illicit trade routes. At this point Angola's President calls in the International Marine Police to identify and destroy the smugglers whoever and wherever they are. Commander Ellie Bannerman, a senior IMP Commander flies into the country's

capital to destroy the African end of the operation: the trade routes and those who run them once and for all. She soon finds that the smugglers are more than a match for her, a match that will stop at nothing to continue their trade. And in the midst of her early battles she misses a ship carrying the latest batch of stones bound for the new deep water port of Penzance in England's most westerly county, Cornwall. When the MV Portdown Castle arrives, Will Rogers, a local gangster, waits to transport the diamonds to their final resting place, Amsterdam, where a rogue diamond cutter will process them and infiltrate them into the legitimate diamond trade. At the Cornish end of the operation lies Ben Petersen, another of the IMP's field commanders. He has the task of tracking the shipment as it moves from Penzance to the world's Diamond Capital. And once there he must close down the European end of this illegal diamond route. As challenging as Petersen's role is, he soon finds out that the ship carrying the diamonds also bears a far more dramatic cargo: kidnapped women and girls bound for a life of slavery. Both the diamonds and the women are the product of one of Angola's most secretive and well-hidden crooks, Doctor Malia Obodi, a man known only as a philanthropist in his home country. As the story unfolds, Bannerman runs into severe trouble at the African end of the operation and Petersen has to continue his fight not knowing whether the love of his life is dead or alive. Whatever fate she's suffered, the story follows Petersen and the IMP as they do what they've always done: destroy the worst of the world's criminals,

hell-bent on ruining people, communities and entire countries.

**Lucy's Double Diamonds** Ruby Storm, 2004-07 Lucy's Double Diamonds By Ruby Storm Lucy O'Malley wants to find a man-someone who will cool the fire that crackles in her blood. That doesn't seem too much for a gal to ask. Then Matt Diamond, the man of her heated dreams, strolls through the door of the cafe where she is employed. Bulging muscles, worn jeans, and bedroom eyes wrapped up in one big package of pure male testosterone are enough to make Lucy slide right off a stool. Matt is blindsided by the redheaded woman prone to fumbling her way throughout her days. All he meant to do was duck into a restaurant for a quick burger. What he got was a red-hot tamale lying on the floor at his feet. Setting out for only a one-night stand, Matt is surprised at the depth of emotion that comes over him the first time he holds Lucy in his arms. Enter Jake, Matt's twin brother and mirror image. Never in his wildest dreams did he think his brother's new love would steal his heart instantly. Lucy's going to have to figure out how to deal with the double love of her double Diamonds-because both brothers set her body on fire, and both of them have captured her heart.

The Mercenaries: Blood Diamonds P. W. Storm, 2009-10-13 After assembling his own private security force made up of the able and disenchanted from the U.S. military and British Secret Intelligence Service, Mad Dog and his team are off to Angola to recover a missing cache of gemstones. In a land where bloody chaos is the norm, anything could derail their mission: from terrorist-linked

revolutionaries to CIA treachery to the inevitable firestorm when all of them clash. With a huge payday on the line, Hertzog's men will need to prove their worth in the jungles of hell . . . or die trying.

**Diamonds, Gold, and War** Martin Meredith, 2009-09-14 SOUTHERN AFRICA was once regarded as a worthless jumble of British colonies, Boer republics, and African chiefdoms, a troublesome region of little interest to the outside world. But then prospectors chanced upon the world's richest deposits of

diamonds and gold, setting off a titanic struggle between the British and the Boers for control of the region. It culminated in the costliest, bloodiest, and most humiliating war that Britain had waged in nearly a century, and left the Boer republics devastated. In this gripping history of the turbulent years leading up to the founding of the modern state of South Africa in 1910, Martin Meredith portrays the great wealth and raw power, the deceit, corruption, and racism that lay behind Britain's empire-building in southern Africa. *Diamonds, Gold, and War* is a tale of high adventure, high finance, and high politics that also shows the massive impact of white expansion on indigenous African societies. And it explains the rise of the virulent Afrikaner nationalism that eventually took hold, with repercussions lasting nearly a century.

**Caribbean Treasure** Lee Storm, 2015-08-27 Caribbean Treasure is a must read for anyone who has ever dreamed of escaping everyday life and sailing into the sunset. It is the first book in a trilogy that takes the reader from one adventure to another, spanning half the globe. Mack is escaping his boring life as a bureaucrat to pursue his dream of starting a charter business in the blue waters of the Caribbean. Carly is a woman looking for adventure on a sunny island beach before she gets serious about a relationship. Their dreams collide as they are thrown together by circumstances beyond their control. Romance and adventure turn to terror when Carly and Mack are chased around the Caribbean by thugs trying to recover a treasure of gold, diamonds, cash and cocaine. Inspired by his adventurous, fun-loving wife and their faithful four-legged companion, the writer shares real life experiences from sailing for years throughout the Caribbean. The book is a mixture of real life blended with imagination, intrigue, and fantasy to create a book that captures you from the beginning. Reader's say: Lee Storm puts in play a wonderful, well paced novel that grabs the reader right from the beginning. His familiarity with the Caribbean, and his personal experiences sailing through these typically calm waters provide the background for this modern day adventure and quest for survival in sometimes very, turbulent waters. This reader anxiously awaits the final two books in the trilogy and the adventure and romance that will surely follow. Grabs you from the first few pages. Couldn't put it down. Loved the characters. Sexy, fun-loving and

inspiring! The author threw action and adventure, romance, suspense, and death on the high seas into the literary pot and stirred it briskly, and out came a tasty and succulent stew. Characters are lifelike and I love it when I leave a story feeling like I personally know all the players.
