RUDYARD KIPLING

🔍 **THE STORY OF MUHAMMAD DIN** RUDYARD KIPLING,2014-10-11 This was Kipling’s first published story, written at the age of 18 while working for The Civil and Military Gazette in Lahore. The Gazette printed The Gate of the Hundred Sorrows on 26 September 1884. Four years later, it appeared in the collected Plain Tales from the Hills, also printed in India. Joseph Rudyard Kipling (30 December 1865 - 18 January 1936) was an English short-story writer, poet, and novelist. He wrote tales and poems of British soldiers in India and stories for children. He was born in Bombay, in the Bombay Presidency of British India, and was taken by his family to England when he was five years old. Kipling’s works of fiction include The Jungle Book (a collection of stories which includes Rikki-Tikki-Tavi), The Just So Stories (1902), Kim (1901), and many short stories, including The Man Who Would Be King (1888). His poems include Mandalay (1890), Gunga Din (1890), The Gods of the Copybook Headings (1919), The White Man’s Burden (1899), and If- (1910). He is regarded as a major innovator in the art of the short story; his children’s books are enduring classics of children’s literature; and one critic described his work as exhibiting a versatile and luminous narrative gift. Kipling was one of the most popular writers in England, in both prose and verse, in the late 19th and early 20th centuries. Henry James said: Kipling strikes me personally as the most complete man of genius (as distinct from fine intelligence) that I have ever known. In 1907, he was awarded the Nobel Prize in Literature, making him the first English-language writer to receive the prize, and its youngest recipient to date. Among other honours, he was sounded out for the British Poet Laureateship and on several occasions for a knighthood, all of which he declined. Kipling’s subsequent reputation has changed according to the political and social climate of the age and the resulting contrasting views about him continued for much of the 20th century. George Orwell called him a prophet of British imperialism. Literary critic Douglas Kerr wrote: He [Kipling] is still an author who can inspire passionate disagreement and his place in literary and cultural history is far from settled. But as the age of the European empires recedes, he is recognised as an incomparable, if controversial, interpreter of how empire was experienced. That, and an increasing recognition of his extraordinary narrative gifts, make him a force to be reckoned with.

🔍 **Gunga Din: From Kipling’s Poem to Hollywood’s Action-Adventure Classic** William R. Chemerka, “You’re a better man than I am, Gunga Din. Those most famous words from the 1892 poem by Rudyard Kipling have reverberated through cinema sound speakers for nearly eighty years since the RKO release of George Steven’s Gunga Din starring Cary Grant, Victor McLaglen, Douglas Fairbanks, Jr., Joan Fontaine, and Sam Jaffe. The realization of the movie was as much of an epic quest as the heroic journeys of the story’s characters. Author William Chemerka’s new research work unfolds as more than just another “making of the movie” book. He explores the complete production history of the motion picture, examines the film’s influence on other films and television programs, and extolls through detailed notes the film’s socio-political legacy. Illustrated. Contains a bibliography, index, and appendices (including Rudyard Kipling’s Gunga Din, cast and crew credits, film production costs, and the eulogy for Sam Jaffe). About the author: William R. Chemerka has published Fess Parker: TV’s Frontier Hero, The Battle of Bunker Hill: A novella based upon the docudrama “The Battle of Bunker Hill”; General Joseph Warren Revere: The Gothic Saga of Paul Revere’s grandson; Rock & Roll Recollections: A Journalist’s 50-Year Diary.

🔍 **OLD TALES AND NEW TRUTHS** James Roy King,1992-01-01 This guidebook to the Bright-Shadow World develops three closely related issues. The first is the position that fairytales and folktales are of value today because they encourage the growth of capabilities important in our postmodern world. Each of us, like the fairytale hero, sets out on his/her own quests, seeks his/her own identity, faces his/her own dilemmas with few resources but wit, imagination, and a certain power of improvisation. King develops the implications of this situation for such common fairytale problems as learning to read the world productively; navigating various kinds of edges; exploiting power sources; developing highly personal moral commitments; problem solving; and data collecting. The second concern of this book is with the development of a system for analyzing narrative structure. The formula offered here involves an examination of interactions among actors, physical settings, lines of force, and power sources as a narrative moves toward its denouement. This system facilitates the classifying, and contrasting of narratives, and illuminates the structure of both narrative and lived experience. Finally, this book is concerned with myth-making or world-making processes. It is shown that traditional narrative actually points to and delineates another dimension of existence (here called the Bright-Shadow World) that operates by rules of its own and may be penetrated by individuals from our ordinary world. Inferences about the Bright-Shadow World drawn from traditional narrative are described and evaluated.

🔍 **TEXTS IN CONTEXT** Jeffrey R. Timm,1992-01-01 The major religious traditions of South Asia are 🔍 religions of the book🔍 . All accept basic arrays of texts of scriptures, often seen as sacred reservoirs of meaning and power. The West has viewed these texts as 🔍 bibles🔍 of their respective traditions, projecting onto them Western values and concerns. This book challenges such misconceptions by revealing the complex character of scripture and its interpretation in South Asian religions. Texts in Context explores the hermeneutical traditions of Hinduism, Buddhism, Jainism, Islam, and Sikhism. The question of how we should understand the diversity of text-traditions is approached by asking 🔍 How have traditional thinkers 🔍 the exegetes within these traditions 🔍 understood and utilized scripture?🔍 The answers, though remarkably diverse, do reveal important similarities and take the discussion of scripture in India to a deeper level. This book makes accessible to the non-specialist sensibilities and approaches that have previously received little attention in the West, but have formed the basis for traditional efforts to understand and utilize scripture. It is a collaboration between contemporary thinkers and their traditional counterparts, whose voices emerge as they consider the sacred words of the religious traditions of South Asia.
