**Making the Most of Small Groups** Debbie Diller,2023-10-10 Author Debbie Diller turns her attention to small reading groups and the teacher's role in small-group instruction. Making the Most of Small Groups: Differentiation for All grapples with difficult questions regarding small-group instruction in elementary classrooms such as: How do I find the time? How can I be more organized? How do I form groups? How can I differentiate to meet the needs of all of my students? Structured around the five essential reading elements—comprehension, fluency, phonemic awareness, phonics, and vocabulary—the book provides practical tips, sample lessons, lesson plans and templates, suggestions for related literacy work stations, and connections to whole-group instruction. In addition to ideas to use immediately in the classroom, Diller provides an overview of relevant research and reflection questions for professional conversations.
