Are you looking for a simple yet elegant way to create beautiful art? Paper play, creating origami, might be what you're looking for! Making origami artwork is easy, simple, fun, and amazingly calming. I find that folding the paper so precisely puts me in a state of bliss. I have always loved working with my hands to create beautiful art. I have made intricate quilts, handmade jewelry, and now I am crafting simple, fun, and relaxing origami projects from nothing more than an average piece of paper. The wonderful thing about origami art is that you only need paper (any kind that you can get your hands on - literally!) and your hands. That's it! There's no special tools or equipment required. Don't be intimidated by complex dinosaurs and folded stars. Making origami does not have to be hard. My book is broken down into three parts: beginner, intermediate, and advanced projects. Start slow. Each section demonstrates a different skill which builds off of the techniques that you'll practice in doing the previous projects. In my book, I will show you everything you need to know to create marvelous origami art pieces. We'll start with examining the history of origami Tools and materials needed (spoiler- it's not much!) Tips for beginners Defining terms used in this book We'll discuss the different skill levels. Feel free to start on whatever project you like in the book, and work on from there. The 20 projects in this book include step-by-step, plain English instructions as well as a plethora of photographs to guide you to every fold. The 20 projects in this book are: Making Hearts A Fleet of Boats Vroom-Vroom!
