Urban Living Labs Simon Marvin,Harriet Bulkeley,Lindsay Mai,Kes McCormick,Yuliya Voytenko Palgan,2018-05-03 All cities face a pressing challenge – how can they provide economic prosperity and social cohesion while achieving environmental sustainability? In response, new collaborations are emerging in the form of urban living labs – sites devised to design, test and learn from social and technical innovation in real time. The aim of this volume is to examine, inform and advance the governance of sustainability transitions through urban living labs. Notably, urban living labs are proliferating rapidly across the globe as a means through which public and private actors are testing innovations in buildings, transport and energy systems. Yet despite the experimentation taking place on the ground, we lack systematic learning and international comparison across urban and national contexts about their impacts and effectiveness. We have limited knowledge on how good practice can be scaled up to achieve the transformative change required. This book brings together leading international researchers within a systematic comparative framework for evaluating the design, practices and processes of urban living labs to enable the comparative analysis of their potential and limits. It provides new insights into the governance of urban sustainability and how to improve the design and implementation of urban living labs in order to realise their potential.

The Annenbergs John E. Cooney,1982 This is the colorful and dramatic biography of two of America's most controversial entrepreneurs: Moses Louis Annenberg, 'the racing wire king, ' who built his fortune in racketeering, invested it in publishing, and lost much of it in the biggest tax evasion case in United States history; and his son, Walter, launcher of TV Guide and Seventeen magazines and former ambassador to Great Britain.--Jacket.

101 Life Skills Games for Children Bernie Badegruber,2011-01-01 How do you teach tolerance, self-awareness, and responsibility? How can you help children deal with fear, mistrust, or aggression? Play a game with them! Games are an ideal way to help children develop social and emotional skills; they are exciting, relaxing, and fun. 101 LIFE SKILLS GAMES FOR CHILDREN: LEARNING, GROWING, GETTING ALONG (Ages 6-12) is a resource that can help children understand and deal with problems that arise in daily interactions with other children and adults. These games help children develop social and emotional skills and enhance self-awareness. The games address the following issues: dependence, aggression, fear, resentment, disability, accusations, boasting, honesty, flexibility, patience, secrets, conscience, inhibitions, stereotypes, noise, lying, performance, closeness, weaknesses, self confidence, fun, reassurance, love, respect, integrating a new classmate, group conflict. Organized in three main chapters: (I-Games, You-Games and We-Games), the book is well structured and easily accessible. It specifies an objective for every game, gives step-by-step instructions, and offers questions for reflection. It provides possible variations for each game, examples, tips, and ideas for role plays. Each game contains references to appropriate follow-up games and is illustrated with charming drawings.

Counterculture Through the Ages Ken Goffman,Dan Joy,2007-12-18 As long as there has been culture, there has been counterculture. At times it moves deep below the surface of things, a stealth mode of being all but invisible to the dominant paradigm; at other times it’s in plain sight, challenging the status quo; and at still other times it erupts in a fiery burst of creative–or destructive–energy to change the world forever. But until now the countercultural phenomenon has been one of history’s great blind spots. Individual countercultures have been explored, but never before has a book set out to demonstrate the recurring nature of counterculturalism across all times and societies, and to illustrate its dynamic role in the continuous evolution of human values and cultures. Countercultural pundit and cyberguru R. U. Sirius brilliantly sets the record straight in this colorful, anecdotal, and wide-ranging study based on ideas developed by the late Timothy Leary with Dan Joy. With a distinctive mix of scholarly erudition and gonzo passion, Sirius and Joy identify the distinguishing characteristics of countercultures, delving into history and myth to establish beyond doubt that, for all their surface differences, countercultures share important underlying principles: individualism, anti-authoritarianism, and a belief in the possibility of personal and social transformation. Ranging from the Socratic counterculture of ancient Athens and the outsider movements of Judaism, which left indelible marks on Western culture, to the Taoist, Sufi, and Zen Buddhist countercultures, which were equally influential in the East, to the famous countercultural moments of the last century–Paris in the twenties, Haight-Ashbury in the sixties, Tropicalismo, women’s liberation, punk rock–to the cutting-edge countercultures of the twenty-first century, which combine science, art, music, technology, politics, and religion in astonishing (and sometimes disturbing) new ways, *Counterculture Through the Ages* is an indispensable guidebook to where we’ve been . . . and where we’re going.

Freud's Mistress Karen Mack,Jennifer Kaufman,2014-06-03 “A thrilling story of seduction, betrayal, and loss, Freud’s Mistress will titillate fans of *Memoirs of a Geisha* and *The Other Boleyn Girl*.”—Booklist In fin-de-siècle Vienna, it was not easy for a woman to find fulfillment both intellectually and sexually. But many believe that Minna Bernays was able to find both with one man—her brother-in-law, Sigmund Freud. At once a portrait of two sisters—the rebellious, independent Minna and her inhibited sister, Martha—and of the compelling and controversial doctor who would be revered as one of the twentieth century’s greatest thinkers, *Freud’s Mistress* is a novel rich with passion and historical detail and “a portrait of forbidden desire [with] a thought-provoking central question: How far are you willing to go to be happy?”* *Publishers Weekly

Weedopedia Adams Media,2020-01-21 Discover everything you’ve ever wanted to know about marijuana all in one place with this authoritative A-to-Z guide to cannabis! What’s a wake and bake? Who is Mitch Hedberg? What does Louisa May Alcott have to do with cannabis? And what exactly is the difference between a bong and a bubbler? Now you can “weed” all about it and find all the answers and more with this entertaining and updated edition of *Weedopedia*, your guide to everything marijuana—from the best movies to watch while high to cannabis slang and terminology. Whether you’re interested in learning more about all things marijuana, or if you want something entertaining to read while enjoying a toke, this book is the one-stop-shop for all your weed-related needs.

Infinity and Me Kate Hosford,2013-11-01 When I looked up, I shivered. How many stars were in the sky? A million? A billion? Maybe the number was as big as infinity. I started to feel very, very small. How could I even think about something as big as infinity? Uma can't help feeling small when she peers up at the night sky. She begins to wonder about infinity. Is infinity a number that grows forever? Is it an endless racetrack? Could infinity be in an ice cream cone? Uma soon finds that the ways to think about this big idea may just be . . . infinite.

Tennis Fundamentals Carol Matsuzaki,2004 Explains the basic skills and techniques of tennis, and includes over sixty activities and drills, as well as instruction in singles and doubles match play.

Experiential Landscape Kevin Thwaites,Ian Simkins,2006-12-05 *Experiential Landscape* offers new ways of looking at the relationship between people and the outdoor open spaces they use in their everyday lives. The book takes a holistic view of the relationship between humans and their environment, integrating experiential and spatial dimensions of the outdoors, and exploring the theory and application of environmental design disciplines, most notably landscape architecture and urban design. The book explores specific settings in which an experiential approach has been applied, setting out a vocabulary and methods of application, and offers new readings of experiential characteristics in site analysis and design. Offering readers a range of accessible mapping tools and details of what participative approaches mean in practice, this is a new, innovative and practical methodology. The book provides an invaluable resource for students, academics and practitioners and anyone seeking reflective but practical guidance on how to approach outdoor place-making or the analysis and design of everyday outdoor places.

The Sixth Station Linda Stasi,2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from

unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

Maximize the Moment T. D. Jakes,2001-10-01

The Winning Way Brian Tracy,Nick Nanton, Esq.,Jw Dicks, Esq.,2014-04-15 By definition, winning means that you competed and you came out ahead. Human nature requires us to compete in order to survive. Therefore, winning and survival have the element of success in common. To ascend to a winning position, you need a goal, a desire to achieve it, and the qualities of discipline, perseverance and action to attain it. Having your goal and setting yourself up to achieve your goal is the first step in the process. You adjust your mindset and begin to plan diligently. Goals may be as different as DNA, but methodologies have much in common. Furthermore, your plans and expectations will need adjustments as you go along. That is why the knowledge shared by the CelebrityExperts(r) in this book will be of importance to you. The advice and suggestions of these CelebrityExperts(r) are based on their experiences - both their accomplishments and their shipwrecks. The knowledge they share will allow you to make plans that can propel you in the right direction. That is the function of a mentor - to guide you where you are going and to advise what to avoid. If you wish to develop The Winning Way to your goals, read on... You will never win if you never begin. Helen Row

Eternal Network Chuck Welch,1995

UFO FBI Connection Bruce Maccabee,2000 This text details the existence of the real x-files - knowledge held by the FBI and the US Airforce on UFO sightings between the years 1947 and 1954, and withheld from the media and the public.

Works and Words Josine van Droffelaar,Piotr Olszanski,1980 Documents a series of lectures, discussions, performances, installations, video, files and historical documentation held 20 - 30th September 1979 and an exhibition of photoworks held 15 - 30 September 1979, De Appel, Amsterdam.

Duty and Desire Book Club Edition Anju Gattani,2021-01-27 To uphold family honor and tradition, Sheetal Prasad is forced to forsake the man she loves and marry playboy millionaire Rakesh Dhanraj while the citizens of Raigun, India, watch in envy. On her wedding night, however, Sheetal quickly learns that the stranger she married is as cold as the marble floors of the Dhanraj mansion. Forced to smile at family members and cameras and pretend there's nothing wrong with her marriage, Sheetal begins to discover that the family she married into harbors secrets, lies and deceptions powerful enough to tear apart her world. With no one to rely on and no escape, Sheetal must ally with her husband in an attempt to protect her infant son from the tyranny of his family.sion.

Estimating Market Value and Establishing Market Rent at Small Airports Aviation Management Consulting Group, Inc,Aeroplex Group Partners,Decker Associates,DKMG Consulting,Hangar Network,2020 Staff from smaller airports typically lack specialized expertise in the negotiation and development of airport property or the resources to hire consultants. ACRP Research Report 213 provides airport management, policymakers, and staff a resource for developing and leasing airport land and improvements, methodologies for determining market value and appropriate rents, and best practices for negotiating and re-evaluating current lease agreements. There are many factors that can go into the analysis, and this report reviews best practices in property development.--Foreword.

Imperfect Sutures Sally Alatalo,Anne Wilson,1995 Originating from Alatalo's textual response to Wilson's textile-based images, Imperfect Sutures investigates the cultural mending that can be derived from the subversion of a domestic task.
