**Rose Water and Orange Blossoms** Maureen Abood, 2015-04-28 Publishers Weekly's Top 10 Cookbooks for Spring 2015 Pomegranates and pistachios. Floral waters and cinnamon. Bulgur wheat, lentils, and succulent lamb. These lush flavors of Maureen Abood's childhood, growing up as a Lebanese-American in Michigan, inspired Maureen to launch her award-winning blog, Rose Water & Orange Blossoms. Here she revisits the recipes she was reared on, exploring her heritage through its most-beloved foods and chronicling her riffs on traditional cuisine. Her colorful culinary guides, from grandparents to parents, cousins, and aunts, come alive in her stories like the heady aromas of the dishes passed from their hands to hers. Taking an ingredient-focused approach that makes the most of every season's bounty, Maureen presents more than 100 irresistible recipes that will delight readers with their evocative flavors: Spiced Lamb Kofta Burgers, Avocado Tabbouleh in Little Gems, and Pomegranate Rose Sorbet. Weaved throughout are the stories of Maureen's Lebanese-American upbringing, the path that led her to culinary school and to launch her blog, and life in Harbor Springs, her lakeside Michigan town.

**Bread Toast Crumbs** Alexandra Stafford, 2017-04-04 With praise from Dorie Greenspan, Jim Lahey, and David Lebovitz, the definitive bread-baking book for a new generation. But this book isn't just about baking bread-- it's about what to do with the slices and heels and nubs from those many loaves you'll bake. Alexandra Stafford grew up eating her mother's peasant bread at nearly every meal—the recipe for which was a closely-guarded family secret. When her blog, Alexandra's Kitchen, began to grow in popularity, readers started asking how to make the bread they'd heard so much about; the bread they had seen peeking into photos. Finally, Alexandra's mother relented, and the recipe went up on the internet. It has since inspired many who had deemed bread-baking an impossibility to give it a try, and their results have exceeded expectations. The secret is in its simplicity: the no-knead dough comes together in fewer than five minutes, rises in an hour, and after a second short rise, bakes in buttered bowls. After you master the famous peasant bread, you'll work your way through its many variations, both in flavor (Cornmeal, Jalapeno, and Jack; Three Seed) and form (Cranberry Walnut Dinner Rolls; Cinnamon Sugar Monkey Bread). You'll enjoy bread's usual utilities with Food Cart Grilled Cheese and the Summer Tartine with Burrata and Avocado, but then you'll discover its true versatility when you use it to sop up Mussels with Shallot and White Wine or juicy Roast Chicken Legs. Finally, you'll find ways to savor every last bite, from Panzanella Salad Three Ways to Roasted Tomato Soup to No-Bake Chocolate-Coconut Cookies. Bread, Toast, Crumbs is a 2018 nominee for The IACP Julia Child First Book Award, and Alexandra's Kitchen was a finalist for the Saveur Blog Awards Most Inspired Weeknight Dinners 2016

*DIY Financial Advisor* Wesley R. Gray, Jack R. Vogel, David P. Foulke, 2015-08-10 **DIY Financial Advisor: A Simple Solution to Build and Protect Your Wealth** *DIY Financial Advisor* is a synopsis of our research findings developed while serving as a consultant and asset manager for family offices. By way of background, a family office is a company, or group of people, who manage the wealth a family has gained over generations. The term 'family office' has an element of cachet, and even mystique, because it is usually associated with the mega-wealthy. However, practically speaking, virtually any family that manages its investments—independent of the size of the investment pool—could be considered a family office. The difference is mainly semantic. *DIY Financial Advisor* outlines a step-by-step process through which investors can take control of their hard-earned wealth and manage their own family office. Our research indicates that what matters in investing are minimizing psychology traps and managing fees and taxes. These simple concepts apply to all families, not just the ultra-wealthy. But can—or should—we be managing our own wealth? Our natural inclination is to succumb to the challenge of portfolio management and let an 'expert' deal with the problem. For a variety of reasons we discuss in this book, we should resist the gut reaction to hire experts. We suggest that investors maintain direct control, or at least a thorough understanding, of how their hard-earned wealth is managed. Our book is meant to be an educational journey that slowly builds confidence in one's own ability to manage a portfolio. We end our book with a potential solution that could be applicable to a wide-variety of investors, from the ultra-high net worth to middle class individuals, all of whom are focused on similar goals of preserving and growing their capital over time. *DIY Financial Advisor* is a unique resource. This book is the only comprehensive guide to implementing simple quantitative models that can beat the experts. And it comes at the perfect time, as the investment industry is undergoing a significant shift due in part to the use of automated investment strategies that do

not require a financial advisor's involvement. *DIY Financial Advisor* is an essential text that guides you in making your money work for you—not for someone else!
