**HomeMade Modern** Ben Uyeda,2015-11-17 You can make the furniture you want at a fraction of the price of store-bought furniture. Not only will you save tons of money, but you'll also make environmentally sustainable pieces that are solidly built, using real materials like metal, wood, concrete, and other recycled ready-mades. The projects in this book don't require special skills, prior experience, or even a garage full of tools. You'll be walked step-by-step through the process of making furniture, from where to buy the materials (or where to scavenge) to how to make the most of the tools you own.

*Fierce Marriage* Ryan Frederick,Selena Frederick,2018-04-17 Ryan and Selena Frederick were newlyweds when they landed in Switzerland to pursue Selena's dream of training horses. Neither of them knew at the time that Ryan was living out a death sentence brought on by a worsening genetic heart defect. Soon it became clear he needed major surgery that could either save his life--or result in his death on the operating table. The young couple prepared for the worst. When Ryan survived, they both realized that they still had a future together. But the near loss changed the way they saw all that would lie ahead. They would live and love fiercely, fighting for each other and for a Christ-centered marriage, every step of the way. *Fierce Marriage* is their story, but more than that, it is a call for married couples to put God first in their relationship, to measure everything they do and say to each other against what Christ did for them, and to see marriage not just as a relationship they should try to keep healthy but also as one worth fighting for in every situation. With the gospel as their foundation, Ryan and Selena offer hope and practical help for common struggles in marriage, including communication problems, sexual frustration, financial stress, family tension, screen-time disconnection, and unrealistic expectations.

**One Spring Night** Isla Dean,2016-04-05 From #1 bestselling author Isla Dean comes the third novella in the One Night Collection, ONE SPRING NIGHT. Mystery writer, Kara Keaton, moved to small town Stonebridge to start her life over after her husband's death. Between writing, renovating the hundred-year-old home she purchased, and trying to figure out how to keep the plants in her greenhouse alive, she stays busy. But not so busy that she doesn't enjoy her daily visits to the Plumber's Pub where the cheer of the town rings long and loud. And it certainly isn't a hardship to watch the stoic and sexy Ben Roberts behind the bar. The steadiest of the siblings, Ben's love and pride in being part of his family's pub is palpable. He's a straight-shooter--when it's important--with a strong stature and golden eyes that show darker hints of what runs deep within him. And from the day he meets the mysterious Kara, he's a man who knows what he wants. He just hasn't found a way into her world. Yet. With a spring storm barreling through the quaint New England town, Kara begins to let down her guard, and starts to understand that her heart truly is ready to love again. SPECIAL NOTE TO READERS: Each book in the One Night Collection is a standalone novella, featuring new characters with a story all their own, that takes place over the course of one night. The exception to this is One Summer Night (coming summer 2016!) which features a fun roundup of all the main characters in the collection as they come together for a fabulous Fourth of July celebration. *Setting-Up a Small Observatory: From Concept to Construction* David Arditti,2007-12-20 Arditti's approachable work covers the all the details of design, siting and construction - once a basic type has been decided upon. It is written in a way that is equally applicable to the USA and UK (where there are slightly different building regulations) and deals with matters that are basic to building and commissioning any amateur observatory.

Uniquely, David Arditti also considers the aesthetics of amateur observatories – fitting them in with family and neighbors, and maybe disguising them as more common garden buildings if necessary. Every amateur astronomer who wants a purpose-built observatory (and let’s face it, which one of them doesn’t?) will find this book invaluable.

Next Level Strength Al Kavadlo,Danny Kavadlo,2019-07-10 Al and Danny cut to a depth that most calisthenic practitioners will never reach. What you have before you is a well researched, practical approach to achieving your fitness goals through bodyweight training, produced by the experts in their field. --Jeff Cavaliere MSPT, CSCS ATHLEAN-X(tm) In Arnold's classic book, The Education of a Bodybuilder, Arnold stresses the importance of bodyweight training. His insights are brilliant, correct and... completely ignored. Danny and Al once again remind us of the need for bodyweight training in their new book, Next Level Strength. I have been using the techniques that Danny and Al have taught me personally and I continue to make progress well after the age of sixty. This is amazing information brought to you by two of the best people I know. --Dan John, Author of The Hardstyle Kettlebell Challenge Next Level Strength takes all the power of old school calisthenics and blasts it to a higher level! Just when I think the Kavadlo library of advanced calisthenics cannot possibly be improved upon, they raise the game for everyone else! Next Level Strength is brilliant...make no mistake: this is the ULTIMATE manual on using rings and parallettes as old school calisthenics tools. As I've gotten older I've found myself utilizing the techniques in this awesome book more and more...the result has ALWAYS been the same: old aches and pains vanish, my joints heal, I gain fresh muscle, and I make breakthroughs in total-body strength. If you have seen rings and parallettes in gyms and were wondering how to use them to take your training to the next level quickly and safely, or if you are just looking for new tools to explode your athleticism beyond your old limits, Next Level Strength belongs on your bookshelf! 10/10! --Paul Coach Wade, Author of Convict Conditioning Danny and Al Kavadlo have truly taken their already masterful bodyweight strength instruction to the next level with Next Level Strength. Rings and parallettes are great training tools, but the genius of this book is in the exercise selection and progressions. The program is accessible to the beginner, while giving the advanced trainee all they can handle. Most importantly, the program is fun and goal oriented, and will be in regular rotation with my own training. The Kavadlos always set the bar high with the quality of their books, and I think this one will become my favorite, which is saying a lot. Next Level Strength should be on the bookshelf of any serious student of strength. Highly recommended! --Dr. Chris Hardy, co-author of Strong Medicine

**Grave Reservations** Cherie Priest,2022-07-19 Meet Leda Foley; Devoted friend, struggling travel agent, sometime psychic. When Leda, proprietor of Foley's Flights of Fancy, books Seattle PD Grady Merritt on a flight back from Orlando, she does not expect it to change her life. When Grady watches the plane he was set to travel on catch fire while he remains safely in the airport, he seeks out Leda, and despite her rather scattershot premonitions, he enlists her help in investigating a cold case he just can't crack. But Leda has her own reasons for helping: her fiancé Tod was murdered under mysterious circumstances several years ago. Her psychic abilities weren't good then, but now she's been honing them at her favorite bar's open-mic nights, where she draws a crowd klairvoyant karaoke-singing whatever song comes to mind after holding other patrons' personal effects. With a rag-tag group of bar patrons and friends, Leda and Grady set out to catch a killer--and find that the two cases that haunt them may have more in common than they think--
