The Right Sort of Stuff to Make a Woman A. MACKECHNIE (of Bingley.), 1860

Make Your Story a Movie John Robert Marlow, 2012-12-11 \$50 Billion of Advice in One Book* Have you ever wondered why some books and stories are adapted into movies, and others aren't? Or wished you could sit down and pick the brains of the people whose stories have been adapted--or the screenwriters, producers, and directors who adapted them? Author John Robert Marlow has done it for you. He spoke to book authors, playwrights, comic book creators and publishers, as well as Hollywood screenwriters, producers and directors responsible for adapting fictional and true stories into Emmy-winning TV shows, Oscar-winning films, billion-dollar megahits and smaller independents. Then he talked to the entertainment attorneys who made the deals. He came away with a unique understanding of adaptations--an understanding he shares in this book: which stories make good source material (and why); what Hollywood wants (and doesn't); what you can (and can't) get in a movie deal; how to write and pitch your story to maximize the chances of a Hollywood adaptation--and how much (and when) you can expect to be paid. *This book contains the distilled experience of creators, storytellers and others whose works have earned over \$50 billion worldwide. Whether you're looking to sell film rights, adapt your own story (alone or with help), or option and adapt someone else's property--this book is for you.

Make Me a Story Lisa Miller, 2023-11-22 When teachers and students first learn about digital stories, they often focus on the bells and whistles: images, music, sound effects, and so on. To Lisa Miller, a good digital story -- like any good story -- is all about the writing. In *Make Me a Story*, Lisa shows how to use digital stories to lead students through all phases of the writing process, from planning to revising and editing. Digital storytelling uses computers and software to marry text with art -- photographs, drawings, paintings, and video -- as well as narration and music. Lisa leads teachers step-by-step through the process of writing a digital story in an accessible (even for the computer neophyte), instructional, and entertaining way. Through the projects outlined in the book, students learn how to write good stories, make art and text work together, and use technology in creative ways. *Make Me a Story* discusses different types of digital stories, shows how to assess digital assignments and motivate reluctant writers, and explains how digital storytelling teaches skills supported by national education and technology standards. Teachers will find specific suggestions for writing exercises and various ways to get students thinking about how best to tell their stories. The accompanying CD includes examples of student stories discussed in the text.

Make Them Sorry Sam Hawken, 2018-08-07 A violent stalker has a terrified woman in his sights. Camaro Espinoza will make him sorry. Life in Miami isn't complicated for ex-army medic Camaro Espinoza: Piloting charter fishing trips, fighting at the gym, drinking at the bar. Simple doesn't mean stable, though, and two complicating factors--okay, people--are about to disrupt Camaro's relative peace. Faith Glazer, an accountant with no way to defend herself, begs Camaro's help to stop a stalker who follows her every move. While Ignacio Montellano, a detective on the homicide beat, wants to be her guardian angel and all too deftly finds ways to insert himself in her path. When Faith's stalker takes his

obsession to a new, frightening level, Camaro might find reason to appreciate Montellano after all. The deeper they look, the more trouble they find: federal agents, money-launderers, crooked security contractors, and paramilitary killers. Every one of them with a reason to come after Faith, and to put Camaro down. But Camaro--the female Jack Reacher (The Toronto Star)--doesn't flinch when violence comes her way. And she has a singular talent for making her enemies sorry they ever heard her name.

Quilts - Their Story and How to Make Them Marie D. Webster,2020-12-01 This book was the first book ever published in America on the subject of quilts and contains all the information one might want to know about the topic. The quilt has a tradition of long centuries of slow but certain progress. Its story is replete with incidents of love and daring, of sordid pilfering and generous sacrifices. The same type of handiwork that has sheltered the simple peasant from wintry blasts has adorned the great halls of doughty warriors. Complete with panoply of images and a wealth of interesting text, this book is a must-have for any quilting enthusiast. Marie Daugherty Webster was a business woman, quilt designer, and the author. Originally published in 1915, we are proud to republish this scarce book here with a new introductory biography of the author.

Some players wanted all the fame, fortune, money, riches, and power for themselves. Once the games are over the losers soul cards are collected. Their wealth and possessions are spread to other teams. There are many game competitions on all the many levels. Winners of the IN's soul collection games are given honours, titles, riches, power and glory. Winners victories are celebrated, soul collection cards are made to honour them, and their history is recorded.

To Make a Long Story Short Justyn Rees,2014-07-11 A baby is born to an unwed mother in a barn. The child grows up in an obscure village until he emerges---a man with a revolutionary message. His non-conformist charisma infuriate the guardians of the status

quo who determine to destroy him. Love and hate; life and death stand their ground in the ultimate face-off. But who will have the last word?

To Make an Old Story New Justyn Rees, 2014-07-11 Human history is traced from our once-upon-a-time origins through the great disaster that nearly wiped the human race from the planet. From an insignificant family of displaced nomads, kings and poets arise who shape human destiny. Fascinating characters, fast moving action, and sparkling humor track the thread of the original Bible story, allowing the narrative to live afresh today.

The Absolutely True Story of the Homemade Beatles Tie Michael J. Bellito, The importance of baseball in the author's life is evident in his short story "The Legacy of the Diamond." I park the Dodge station wagon in front of Graceland Cemetery, where Chicago history is carved into large granite tombstones. Famous names adorn these structures: Carter Harrison, mayor of Chicago during the "Haymarket Square" riots; Jack Johnson, the first black heavyweight champion; and architect Mies van der Rohe. The oddest marker sits atop the grave of William A. Hulbert, the dynamic organizer of baseball's oldest league. It is a baseball-shaped headstone with the names of the eight original National League cities etched into white stone. Legend has it that on a clear summer's day, the cheers from Wrigley Field a half-mile away carry on a Lake Michigan breeze to the cemetery and keep Hulbert resting in peaceful bliss. In the book's first tale, "The Absolutely True Story of the Homemade Beatles Tie," the 14-year-old author is coming of age in Middle America. It is the winter of 1964, January to be precise, when our story begins. The United States was still mourning the loss of its dashing young president to a hail of bullets. My family, like so many others, had a difficult time celebrating Thanksgiving and Christmas in the weeks following the majestic funeral. My father was deeply touched by John Kennedy's death. After all, they were the same age, they had fought in the same war, and they were raising their families at the same time. A void was left for my dad's generation in America that could not be filled. Herein rest ten short stories (four new, six old). From a boy's adventure with his grandfather, to a tragedy set in the present day, to a magical Beatles tie made from scratch, these tales were written to captivate readers of all ages. In the book's first tale, "The Homemade Beatles Tie" turns into something magical when it's worn to the first dance, turning the author into the most popular guy at the party. This is the sixth book by Michael J. Bellito. He taught speech and English classes at John Hersey High School in Arlington Heights, Illinois, and also taught at Harper College in Palatine, Illinois. His first book was Ten Again, a story about 1960s America. Then came First Time Around, a story about a young boy falling in love for the first time. Next was Abner's Story, a tale of a senior citizen and two young boys following the Cubs baseball team. The Silent Journey was a nonfiction book about recovering from a stroke. Last is The Hilltop, about a young man's days in college from 1968 to 1972.

Dreaming In Yellow Harry Harrison, 2022-03-23 Emerging from Nottingham in the summer of 1989, the DiY Collective were one of the first house sound systems in the UK. Merging the anarchic lineage of the free festival scene, the cultural and political anger of bands like Crass with the new, irresistible electronic pulse of acid house, they bridged the idealistic void left by the moral implosion of the commercial rave scene. Written by Harry Harrison, one of DiY's founding members, this book traces their origins back to early formative experiences, describing in detail the seminal clubs, parties, festivals and records that forged the collective. Dreaming in Yellow is an attempt to distil the story of DiY's tumultuous existence and the remarkably eclectic, outrageous and occasionally deranged story of them doing it themselves.

You Make Your Parents Super Happy! Richy K. Chandler, 2017-10-19 Hey! I think you should know that there is nothing your parents are more proud of... than YOU!' This simple graphic story helps children whose parents are separating to feel better. The book says why some parents have to live in different places, reminds the child how special they are to both

parents, and reassures them that both parents will keep looking after them, and love them just as before. Getting to the heart of what children need to hear in what can be a confusing time, the story lets your child know that they are loved and safe, and that this will not change. Ideal for children aged 3-7.

Through six accessible essays, the author invites students of the law to look beyond accepted American legal practices.
