Extreme Origami Won Park,2012-10-15 Won Park has taken the ancient art of origami to a whole new level. Using American currency, Park transforms dollar bills into creative works of art. He relies on the fibrous quality of the paper to fold, bend and twist hundreds of times per model without tearing. With no cutting and no pasting, Park is able to incorporate the details on the bills into his model designs. His signature koi fish is folded in such a way that the patterns on the dollar bill become the scales on the fish, and even the facial features fall in exactly the right place. His designs include a wide array of vehicles, animals, and mythical creatures. In this book, step-by-step instructions are provided for 20 distinct models that are bound to challenge even the most proficient folders. The challenge includes a Formula 1 race car, a toilet, a butterfly, a koi fish, a scorpion, a sea turtle, a fox, an ox, a marlin, a car, a praying mantis, a dragon, a spider, a stag beetle, a stegosaurus, a bat, Pegasus, a fighter jet, a battle tank, and a pig. All models can be made with either one or two dollar bills. Why worry about the declining value of the U.S. dollar? Follow the instructions in this book, and you can transform your dollars into works of art!

The Hundred Dollar Bill Man Tim D Washington,2019-04-04 Have you ever had a dream that seemed so real, even though it couldn't possibly be true? Here is your chance to dive in to a place where dreams become reality and where logic doesn't exist. As a young boy I had a wish to meet a great man I looked up on to, a man that inspired me to become a better person and spend my life in the best way I can. Yet I also had a wish to show him my life, where I am, what I do and how are things here. Even though he probably knows it all, it's fun connecting to the people you admire, even when it's just fun, games and endless curiosity for life. What I truly want to share with all of you, was my realization that life is less about logic and more about play. Benjamin spoke with an eternal feeling of peace, like he was always here, like I just happened to see him, even though he knows everything there is to know about me. But we don't look for logic, we are too busy playing and enjoying life. And in the same time, we are in the process of becoming a better version of ourselves. If you remember to breathe, and sometimes hug a tree, every forest will become magical. You just have to dream, dream and dream. My dream is a symbol that all dreams eventually become true, so be very careful what you wish for, for it might come true! There are many things you can learn from this short story, and I don't want to give them all away, I just want you to look closely for the hidden doors that are scattered around between lines of text. Hidden doors that lead to the wisdom you seek.

Follow the Money Steve Boggan,2012-01-01 DIV 'Fantastic debut' Time Out 5-Star Review 'Its randomness is its joy' The Independent 'A picaresque travelogue about chasing an idea through down-home modern America.' The Times What do you do if you want to get underneath the skin of a country, to understand its people and feel its heartbeat? You can follow the rest of the tourists, or you can take the advice of Watergate reporter Bob Woodward's source, 'Deep Throat', and 'follow the money.' Starting out in Lebanon, Kansas – the geographical centre of America – journalist Steve Boggan did just that by setting free a ten-dollar-bill and accompanying it on an epic journey for thirty days and thirty nights through six states across 3,000 miles armed only with a sense of humour and a small, and increasingly grubby, set of clothes. As he cuts crops with farmers in Kansas, pursues a repo-woman from Colorado, gets wasted with a blues band in Arkansas and hangs out at a quarterback's mansion in St Louis, Boggan enters the lives of ordinary people as they receive – and pass on – the bill. What emerges is a chaotic, affectionate and funny

portrait of a modern-day America that tourists rarely see.
