Dress to Express Tracy McWilliams,2012-03-01 ?Why do some women exude confidence and look great in their clothes and others never feel good about how they look, no matter what they wear? And why do we claim we have “nothing to wear” when our closets are bursting with choices? Clothing and dressing anxiety – what Tracy McWilliams calls closet trauma – occurs because we lack a clear sense of self and we have not defined the image we wish to express.

Kit: Fashioning the Sporting Body Jean Williams,2017-10-02 This is the first edited collection of its kind to analyse the distinct but overlapping topics of dress, costume, sport and leisure history. For researchers of bodily adornment and movement, sport and costume history are both primarily concerned with industrial practice and embodied experience. The ways in which bodies are adorned, embellished and clothed (or revealed) highlights the hybrid nature of dress history, encompassing as it does the everyday clothing solutions of the mass of people and the unusual or more ceremonial aspects of costume, as well as elite high fashion. Although this is as yet an under-researched area, there are an increasing number of fashion and clothing undergraduate and postgraduate courses that specialise in sport and leisurewear. This publication is intended to give an introductory overview of the historical and contemporary issues as it does for the growing number of sport marketing and sports studies courses concerned with dress, costume history and branding. This book was published as a special issue of Sport in History.

When the Girls Came Out to Play Patricia Campbell Warner,2006 Presenting a study of the evolution of American women's clothing, this book traces the history of modern sportswear as a universal style that broke down traditional gender roles. It shows that behind this development was a growing interest in sports that was nurtured by the establishment of schools of higher education for women.

Sportswomen's Apparel in the United States Linda K. Fuller,2020-11-17 This volume presents a collection of essays that explore the relationship between sporting clothing and gender. Drawing on uniform and sports apparel as a means of exploring the socio-sexual politics of contemporary US society, the contributions analyse the historical, political-economic, socio-cultural and sport-specific dimensions of gendered clothing in sport. Part of a two-volume series (the other discussing this phenomenon in a global context), contributors cover topics such as WNBA uniform politics, military promotion, female sportscaster clothing, magazine depictions, plus-size exercise apparel, FloJo, the Skirt Chaser 5k race, and the socio-politics of the LPGA, CrossFit, roller derby, rock climbing, and more. As the first single compendium to discuss American sportswomen's apparel, this collection will be of interest to practitioners and scholars of sports history, the sociology of sport, and gender/media studies.

New Dimensions of Sport in Modern Europe Heather L. Dichter,Robert J. Lake,Mark Dyreson,2021-03-31 New Dimensions of Sport in Modern Europe offers new perspectives on European sport history in the 'long twentieth century' designed to challenge and deconstruct what might be considered 'traditional' or more familiar Euro-centric conceptions and geographies of sport and leisure–especially those deriving from the leading hotbeds of European sport history. This anthology adds to the growing corpus of explorations of sport and leisure in late-modern European history from a variety of countries: France, Spain, Finland, Hungary, Bulgaria, and Slovenia. With topics covering several different sports and ranging from sport during empire to mega-events, and sport literature to women's sport attire, the insights provided by this new body of research demonstrate a greater understanding of the connections between sport and society in Europe throughout the long twentieth century. This book was originally published as a special issue of The International Journal of the History of Sport.

Sport and the Color Line Patrick B. Miller,David K. Wiggins,2004-06 The essays presented here examine the complexity of black American sports culture, from the organization of semi-pro baseball and athletic programs at historically black colleges and universities, to the careers of individual stars such as Jack.

Sport, Leisure and Culture in the Postmodern City Stephen Wagg,2016-04-01 The widespread concept of the 'postmodern city' is frequently linked to the decline of traditional manufacturing industries and a corresponding wane of white working-class culture. In place of these appear flexible working practices, a diversified workforce, and a greater emphasis on consumption, leisure, and tourism. Illustrated by an interdisciplinary study of Leeds, a typical postmodern city, this volume examines how such cities have reinvented themselves - commercially, politically and spatially - over the past two decades. The work addresses issues like cultural policy, city-centre development, sport, leisure and identity, and explores different urban processes in relation to changing configuration of class, gender and ethnicity in the postmodern city.

The Lost Art of Dress Linda Przybyszewski,2014-04-29 A history of the women who taught Americans how to dress in the first half of the 20th century–and whose lessons we'd do well to remember today.

Fashion and Sport Ligaya Salazar,2008-07 Explores how the influence of fashion and sport extends from high performance textiles developed for competition, to high-

end fashion and finally, through the filter of adapted advertising and magazine imagery, to the consumer, who adopts and adapts the styles to make their own unique fashion statements.

Generation T: Beyond Fashion Megan Nicolay, 2009-06-18 Megan Nicolay revolutionized the T-shirt. She repurposed it, reinterpreted it, reinvented it—and created the #1 craft book in the nation, *Generation T*, which continues to dominate. Now she explores new ways to slash a tee, scrunch a tee, and sew a tee with *Generation T: Beyond Fashion*. A collection of 120 projects for every occasion, it takes the humble yet ever-malleable tee in dozens of new directions—from baby gifts to pet accessories, stuff for the home, the car, the road, the boyfriend. The rallying cry is: Don't buy; DIY. The result is hip, imaginative, crafty, and very green. There's a basic primer on techniques—knotting, sewing, braiding, lacing—plus a full tutorial on embellishing. And then an amazing range of projects. There's fashion, of course: all-new halters and tank tops, sexy gaucho pants, a baby-doll dress, twisted shrug, and hooded scarf. But also baby gifts: Jumper for Joy, Baby Back Bib, Wild Thing Blankie. Home décor: plant hanger, wine cozy, toilet seat cover, ruffled apron, and Spastic Plastic (grocery tote). Grill mitts and bolo ties for the guys, doggie tee and stuffed cat toys, a steering wheel cover for the car, the Ants Go Marching (picnic blanket), and Beach Bum (beach caddy). Projects range from the simplest no-sew to intermediate, and all have easy-to-follow illustrated directions—plus, how to throw your own Tee Party. Time to get your craft on.

Front Roe Louise Roe, 2015-04-07 Louise Roe—internationally renowned fashion journalist, TV host, and makeover guru—knows style. It's not about trends but about being your own person and sharing the things you love in your appearance, your home, and your personality. In *Front Roe*, Louise shares her expertise on cultivating personal style and feeling like a confident leading lady in your own life. In her first book, Louise has compiled the practical tips and secret tricks that she's picked up through years of working in the fashion industry with magazine editors, stylists, celebrities, and most importantly, real women. *Front Roe* helps a woman discover her personal style through looks she loves—images in magazines that speak to her, quotes that inspire her, fashion or styles she is taken with, and family photos. Once the foundation is laid, Louise expands into the specifics of fashion, beauty, and lifestyle, offering helpful advice from today and yesteryear on everything from finding the right underwear and buying vintage clothing, to picking the best perfume for you, and making your home a sanctuary. As Louise says, “With a little nudging and direction, everybody can develop their own personal style, no matter their shape, age, or wallet size. In my view, fashion should be aspirational, but attainable and definitely something to have a sense of humor about. It's worth living every single day as the most confident, happy, and glamorous version of yourself. Here's how!” *Front Roe* is the perfect distillation of this philosophy. Louise shares stories, information, and ideas from around the world to help women feel educated, uplifted, inspired, and considerably more positive about their mind, body, closet, and home.

Nautical Chic Amber Butchart, 2015 From the modernist elegance of Coco Chanel to Malcolm McLaren and Vivienne Westwood's punk-fuelled pirates, the appeal of nautical dress has cut a sartorial swathe for over two centuries. But how did garments such as the blue and white fisherman's top and peacoat cross over from uniform and workwear into fashionable dress? Fashion historian Amber Jane Butchart traces the relationship between maritime dress and the fashionable wardrobe, uncovering stories, tracking the trends, and tracing the evolution of the style back to its roots in our seafaring past. Butchart weaves together politics, imperialism, war, leisure, trade, sport and seafaring adventure to tell the stories of garments - the duffle coat, the yellow fisherman's macintosh, the yacht club blazer - loaded with historical and cultural significance. From Chanel's coastal couture to McLaren and Westwood's piratical punk, from Jean Paul Gaultier's beefcake camp to Tommy Hilfiger's preppy classics, this is the first and only book to celebrate nautical fashion and all its iconic looks. The author charts how blue-and-white stripes became the choice of style arbiters as diverse as Coco Chanel, Pablo Picasso, Audrey Hepburn, Brigitte Bardot, and Andy Warhol. The *Pirate* concludes the book by tying together Captain Hook, Malcolm McLaren, Vivienne Westwood and Alexander McQueen.

Clothing and Fashion [4 volumes] José Blanco F., Patricia Kay Hunt-Hurst, Heather Vaughan Lee, Mary Doering, 2015-11-23 This unique four-volume encyclopedia examines the historical significance of fashion trends, revealing the social and cultural connections of clothing from the precolonial times to the present day. This sweeping overview of fashion and apparel covers several centuries of American history as seen through the lens of the clothes we wear—from the Native American moccasin to Manolo Blahnik's contribution to stiletto heels. Through four detailed volumes, this work delves into what people wore in various periods in our country's past and why—from hand-crafted family garments in the 1600s, to the rough clothing of slaves, to the sophisticated textile designs of the 21st century. More than 100 fashion experts and clothing historians pay tribute to the most notable garments, accessories, and people comprising design and fashion. The four volumes contain more than 800 alphabetical entries, with each volume representing a different era. Content includes fascinating information such as that beginning in 1619 through 1654, every man in Virginia was required to plant a number of mulberry trees to support the silk industry in England; what is known about the clothing of enslaved African Americans; and that there were regulations placed on clothing design during World War II. The set also includes color inserts that better communicate the visual impact of clothing and fashion across eras.
