Earrings! Judith Viorst,2010-09-14 I want them. I need them. I love them. Beautiful earrings. Glorious earrings. What will a young girl do to get her ears pierced? Will she walk the dog for a year? YES! Will she clean her room every day for a year? YES! Will she be nice to her brother for a year? YES! Well, maybe for six months...

**I Love Those Earrings** Jane Merrill,Chris Filstrup,2013 Earrings can talk-of mourning a dead king, supporting a revolution, or resisting an emperor. They have carried the message that a proper Victorian believed in Darwin, and that a woman invited a lover to her bed. Raid the jewelry boxes of the glamorous, legendary, and everyday chic women alike. See what earrings they have worn, when, and why, in ways that bespeak their way of life and personality, and how jewelry carries family and cultural heritage with style. Looking at earrings as tiny sculptures, here are details about gems, settings, and fixtures. Lavishly embellished with over 300 images of jewelry ranging from the Byzantine era to the contemporary artisan, the styles of design, relationships to dress, portraiture and symbolism, and other aspects of adornment are elaborated upon. With research-based anecdotes and her own life in earrings, the author tells a story that will engage anyone interested in celebrities, monarchies, and the barely recorded lives of women of the past, and, of course, anyone who loves beautiful jewelry.

**Sparkly Green Earrings** Melanie Shankle,2013-02-08 “There is really no better indicator you’re a mother than acquiring the ability to catch throw-up in a plastic bag, disinfect your hands, and immediately ask your friend to pass the beef jerky as you put on another Taylor Swift song and act as if nothing has happened.” This is the type of insight Melanie Shankle offers in this quirky memoir of motherhood. Written in the familiar, stream-of-consciousness style of her blog, Big Mama, Sparkly Green Earrings is a heartwarming and hilarious look at motherhood from someone who is still trying to figure it all out. Filled with personal stories—from the decision to become a mother to the heartbreak of miscarriage and ultimately, to the joy of raising a baby and living to tell about it—Sparkly Green Earrings will make you feel like you’re sitting across the table from your best friend. A must-read for anyone who’s ever had a child or even thought about it.

**The Bronze Drums and the Earrings – Volume One of A Traveller’s Story of Vietnam’s Past** Tan Pham,2021-10-26 A Google search for a book on Vietnamese history will result in an overwhelming number about the war, which ended in 1975. This book offers an overview of Vietnamese history from

prehistory to the present day and is written for people interested in history from a traveller's perspective. It specifically focuses on the period from 700 to 111 BCE. It briefly discusses the origin of the Vietnamese and the three characters who shaped its early history: the Hùng kings – the founders of Vietnam, An Dương Vương, Zhao Tuo and the battles involved during the transfer of power from one to the next. The final battle ended the country's autonomy and placed the country under Chinese dynastic rule for one thousand years to the 10th century. It also tells the stories of the mythical Four Immortals, the bronze drums in the north, and the earrings in the centre and south. It recounts the tragic love story of the Magic Crossbow, the 2200-year-old fort of Cổ Loa. It has 71 photographs, maps and diagrams.

**Golden Earrings** Belinda Alexandra, 2015-08-18 For fans of Colleen McCullough, Kate Morton, and Lucinda Riley, a powerful saga of family, love, honor, and betrayal set in historical Barcelona and romantic Paris, from the author of *Tuscan Rose*. “You who judge me: come! Let me tell you a story...” Paloma Batton is the granddaughter of Spanish refugees who fled Barcelona after the Civil War. A disciplined student attending the school of the Paris Opera Ballet, Paloma lets little get in the way of her career until she receives a mysterious pair of golden earrings. She begins exploring her Spanish heritage and becomes fascinated by la Rusa, a woman who rose from poverty to become one of the great flamenco dancers of modern times before committing suicide. As Paloma begins to unravel the secrets of the past, she discovers more than one person who had good reason for wanting la Rusa dead—including Paloma's own grandmother. Written with the same depth and emotion as Belinda Alexandra's “rich, unforgettable saga” (Kimberly Freeman, author of *Wildflower Hill*) *Tuscan Rose*, *Golden Earrings* moves between two of the great cities of Europe: Barcelona in the lead-up to the Civil War and Paris in the 1970s. It is the story of two women and the extremes to which they are willing to go for love. And above all, it is a story of great passions—and great betrayals—where nothing is quite as it seems.

The Cartiers Francesca Cartier Brickell, 2021-06-08 “A dynamic group biography studded with design history and high-society dash . . . [This] elegantly wrought narrative bears the Cartier hallmark.”—The Economist The “astounding” (André Leon Talley) story of the family behind the Cartier empire and the three brothers who turned their grandfather’s humble Parisian jewelry store into a global luxury icon—as told by a great-granddaughter with exclusive access to long-lost family archives “Ms. Cartier Brickell has done her grandfather proud.”—The Wall Street Journal The Cartiers is the revealing tale of a jewelry dynasty—four generations, from revolutionary France to the 1970s. At its heart are the three Cartier brothers whose motto was “Never copy, only create” and who made their family firm internationally famous in the early days of the twentieth century, thanks to their unique and complementary talents: Louis, the visionary designer who created the first men’s wristwatch to help an aviator friend tell the time without taking his hands off the controls of his flying machine; Pierre, the master dealmaker who bought the New York headquarters on Fifth Avenue for a double-stranded natural pearl necklace; and Jacques, the globe-trotting gemstone expert whose travels to India gave Cartier access to the world’s best rubies, emeralds, and sapphires, inspiring the celebrated Tutti Frutti jewelry. Francesca Cartier Brickell, whose great-grandfather was the youngest of the brothers, has traveled the world researching her family’s history, tracking down those connected with her ancestors and discovering long-lost pieces of the puzzle along the way. Now she reveals never-before-told dramas, romances, intrigues, betrayals, and more. The Cartiers also offers a behind-the-scenes look at the firm’s most iconic jewelry—the notoriously cursed Hope Diamond, the Romanov emeralds, the classic panther pieces—and the long line of stars from the worlds of fashion, film, and royalty who wore them, from Indian maharajas and Russian grand duchesses to Wallis Simpson, Coco Chanel, and Elizabeth Taylor. Published in the two-hundredth anniversary year of the birth of the dynasty’s founder, Louis-François Cartier, this book is a magnificent, definitive, epic social history shown through the deeply personal lens of one legendary family.

**Jewelry: How Much Is Too Much?** Doug Batchelor, 2008-02-05 Almost everyone would agree that there's some point where enough jewelry is enough. Well, what is that point? In this book, Doug Batchelor challenges you to find out for yourself what God's Word says on this fascinating subject.

Earrings in the Cellar Rachel Bernheim, Rachel Bernheim Friedman, 2005 One spring morning in the ghetto, my mother, sisters, and I went down the steps into the cellar. Mother was holding a long tube, which she had filled with the few pieces of jewelry she still had from her wedding. She looked at

us, her daughters, and removed the earrings I loved so much. She dug a small hole in the ground, wrapped the tube in numerous layers of cloth, placed it in the earth, and we all joined in to cover the hole. This is so you, my dear daughters, will have something to start with when you return. From her poverty-stricken, yet happy childhood in Hungary, when the author was strongly influenced by her family and community's Zionist ideology, to the hell of Auschwitz and her escape from the Death March in the final days of war, to the tumultuous period in Palestine before the establishment of the State of Israel, Rachel Bernheim-Friedman's life was and is filled with passion, determination, and a strong will to survive and build--to build a better life, a Jewish state, and a hopeful future for her children and grandchildren. Continued in Jerusalem, Lebanon, Palestine, the United States and Israel, *Earrings in the Cellar* is a story that should not be missed.

**Jewelry Stories** New York Museum of Arts and Design, Barbara Paris Gifford, Museum of Arts and Design New York, 2020-11 *Jewelry Stories* highlights the Museum of Arts and Design's unique, world-class collection of studio and contemporary art jewelry from the US, Europe, Australia, and Asia, a medium which comprises one-third of its permanent collection. Artists working in this field create jewelry rooted in sculptural experimentation and the concept of art as a wearable medium. The pieces featured represent the history of art jewelry as told from a largely US perspective. Jewelry artists are inspired by such subjects as found objects and materials, as well as by politics and pressing social issues, allowing for the development of unique, personal narratives in each piece. Each of the jewelry stories is written by an expert on the artist or subject, thus the book also celebrates the contributions they have made to the field.

ArtCurious Jennifer Dasal,2020-09-15 A wildly entertaining and surprisingly educational dive into art history as you've never seen it before, from the host of the beloved ArtCurious podcast We're all familiar with the works of Claude Monet, thanks in no small part to the ubiquitous reproductions of his water lilies on umbrellas, handbags, scarves, and dorm-room posters. But did you also know that Monet and his cohort were trailblazing rebels whose works were originally deemed unbelievably ugly and vulgar? And while you probably know the tale of Vincent van Gogh's suicide, you may not be aware that there's pretty compelling evidence that the artist didn't die by his own hand but was accidentally killed--or even murdered. Or how about the fact that one of Andy Warhol's most enduring legacies involves Caroline Kennedy's moldy birthday cake and a collection of toenail clippings? ArtCurious is a colorful look at the world of art history, revealing some of the strangest, funniest, and most fascinating stories behind the world's great artists and masterpieces. Through these and other incredible, weird, and wonderful tales, ArtCurious presents an engaging look at why art history is, and continues to be, a riveting and relevant world to explore.

Diving for Starfish Cherie Burns,2018-03-20 In the mid 1930s, in the workroom of Parisian jeweler Boivin, a jewelry designer created one of the most coveted pieces of jewelry in the world: the famous starfish pin. Created out of gold and encrusted with 71 cabochon rubies and 241 small amethysts, the starfish was distinctive because its five rays were articulated, meaning that they could curl and conform to the bustline or shoulder of the women who wore it. The House of Boivin made three of them. After seeing it in the showroom of a Manhattan jewelry merchant, Burns set off on a journey to find out all she could about the elusive pins and the women who owned them.
