Culture During Crisis Namrata Kohli, 2022-10-12 Seventy-five years ago, the British left India and the country became independent. But are we really free? Even today we are colonized in our minds. Take a look at the way we speak, how we dress, what we eat, how we live – we are chasing quinoa over amaranth, avocado over amla, olive oil over desi ghee, guitar over sitar, ballet over Kathak, and Spanish over Sanskrit. There is nothing wrong in

learning from other cultures, it only enriches and enhances you, but not at the cost of denigrating your own. Culture during Crisis is a thought-provoking account that talks about the depth of our culture and how it is not reaching the world or even capturing the minds and hearts of most Indians. With interesting anecdotes and vivid conversations with India's leading luminaries on various aspects of our heritage, this book stresses on the need to brand and position our culture correctly.

Less Than Human David Livingstone Smith, 2011-03-01 Winner of the 2012 Anisfield-Wolf Book Award for Nonfiction A revelatory look at why we dehumanize each other, with stunning examples from world history as well as today's headlines Brute. Cockroach. Lice. Vermin. Dog. Beast. These and other monikers are constantly in use to refer to other humans—for political,

religious, ethnic, or sexist reasons. Human beings have a tendency to regard members of their own kind as less than human. This tendency has made atrocities like the Holocaust, the genocide in Rwanda, and the slave trade possible, and yet we still find it in phenomena such as xenophobia, homophobia, military propaganda, and racism. *Less Than Human* draws on a rich mix of history, psychology, biology, anthropology and philosophy to document the pervasiveness of dehumanization, describe its forms, and explain why we so often resort to it. David Livingstone Smith posits that this behavior is rooted in human nature, but gives us hope in also stating that biological traits are malleable, showing us that change is possible. *Less Than Human* is a chilling indictment of our nature, and is as timely as it is relevant.
