**A Christ-centered Easter** Janet Hales, Joe Hales, 2002

The Garden Tomb Jimmy Foster, 2021-06-30 HE IS RISEN! It was the news that shook the world. To the brokenhearted, the news broke in waves of sheer joy. To those facing the darkness of death, it provided the promise of life. No longer did mankind need to feel hopeless. From an empty tomb, our hope came shining through!

The Living Church , 1952

**Out of Sorts** Sarah Bessey, 2015-11-03 From the popular blogger and provocative author of *Jesus Feminist* comes a riveting new study of Christianity that helps you wrestle with—and sort out—your faith. In *Out of Sorts*, Sarah Bessey—award-winning blogger and author of *Jesus Feminist*, which was hailed as “lucid, compelling, and beautifully written” (Frank Viola, author of *God’s Favorite Place on Earth*)—helps us grapple with core Christian issues using a mixture of beautiful storytelling and biblical teaching, a style well described as “narrative theology.” As she candidly shares her wrestlings with core issues—such as who Jesus is, what place the Church has in our lives, how to disagree yet remain within a community, and how to love the Bible for what it is rather than what we want it to be—she teaches us how to walk courageously through our own tough questions. In the process of gently helping us sort things out, Bessey teaches us how to be as comfortable with uncertainty as we are with solid answers. And as we learn to hold questions in one hand and answers in the other, we discover new depths of faith that will remain secure even through the storms of life.

*The Living Word™ 2016-2017: Sunday Gospel Reflections and Activities for Teens* Compilation,

**The Kid's Book of Prayers about All Sorts of Things (revised)** Elizabeth Heller, David Heller, 2019-12-10 A bestseller since its release, *The Kid’s Book of Prayers* is a notebook as well as a prayer book, giving children space to express their own thoughts, feelings, and prayers through writing or drawing. In this new edition from Elizabeth and David Heller, PhD., prayers for a safe journey or after a tough day at school sit alongside prayers for homeless persons and single parents, reminding children to “pray always” in the words of St. Paul.

**Out of Sorts** Joseph A. Dane, 2011-06-06 The new history of the book has constituted a vibrant academic field in recent years, and theories of print culture have moved to the center of much scholarly discourse. One might think

typography would be a basic element in the construction of these theories, yet if only we would pay careful attention to detail, Joseph A. Dane argues, we would find something else entirely: that a careful consideration of typography serves not as a material support to prevailing theories of print but, rather, as a recalcitrant counter-voice to them. In *Out of Sorts* Dane continues his examination of the ways in which the grand narratives of book history mask what we might actually learn by looking at books themselves. He considers the differences between internal and external evidence for the nature of the type used by Gutenberg and the curious disconnection between the two, and he explores how descriptions of typesetting devices from the seventeenth and eighteenth centuries have been projected back onto the fifteenth to make the earlier period not more accessible but less. In subsequent chapters, he considers topics that include the modern mythologies of so-called gothic typefaces, the presence of nontypographical elements in typographical form, and the assumptions that underlie the electronic editions of a medieval poem or the visual representation of typographical history in nineteenth-century studies of the subject. Is Dane one of the most original or most traditional of historians of print? In *Out of Sorts* he demonstrates that it may well be possible to be both things at once.

**The Little Book of Small World Play** Sharon Ward, 2015-06-04 Small world play activities provide opportunities for learning both indoors and outdoors. Play activities help children learn with both enjoyment and challenge. All the activities in this book can be adapted to suit your setting and the topics you are covering. Collecting your own resources for the activities and exploring them with your children will give as much pleasure as using them in adult directed activities.

**The Comfort Crisis** Michael Easter, 2021-05-11 "If you've been looking for something different to level up your health, fitness, and personal growth, this is it."—Melissa Urban, Whole30 CEO and New York Times bestselling author of *The Book of Boundaries* "Michael Easter's genius is that he puts data around the edges of what we intuitively believe. His work has inspired many to change their lives for the better."—Dr. Peter Attia, #1 New York Times bestselling author of *Outlive* Discover the evolutionary mind and body benefits of living at the edges of your comfort zone and reconnecting with the wild—from the author of *Scarcity Brain*, coming in September! In many ways, we're more comfortable than ever before. But could our sheltered, temperature-controlled, overfed, underchallenged lives actually be the leading cause of many of our most urgent physical and mental health issues? In this gripping investigation, award-winning journalist Michael Easter seeks out off-the-grid visionaries, disruptive genius researchers, and mind-body conditioning trailblazers who are unlocking the life-enhancing

secrets of a counterintuitive solution: discomfort. Easter's journey to understand our evolutionary need to be challenged takes him to meet the NBA's top exercise scientist, who uses an ancient Japanese practice to build championship athletes; to the mystical country of Bhutan, where an Oxford economist and Buddhist leader are showing the world what death can teach us about happiness; to the outdoor lab of a young neuroscientist who's found that nature tests our physical and mental endurance in ways that expand creativity while taming burnout and anxiety; to the remote Alaskan backcountry on a demanding thirty-three-day hunting expedition to experience the rewilding secrets of one of the last rugged places on Earth; and more. Along the way, Easter uncovers a blueprint for leveraging the power of discomfort that will dramatically improve our health and happiness, and perhaps even help us understand what it means to be human. *The Comfort Crisis* is a bold call to break out of your comfort zone and explore the wild within yourself.
