Paper Made! Kayte Terry,2016-03-08 Announcing the biggest, best, most innovative book ever on paper craft. Even better, this is not about how to use costly, artsy paper, but how to turn stuff around the house—magazines and shopping bags, candy wrappers and paint sample cards, wrapping paper, old maps, and paper towel tubes—into stunning jewelry, gifts, home decor, party favors, and much more. Chances are you’ve seen the author’s cutting-edge work in the windows of Anthropologie, where she is the chain’s merchandising manager. An inveterate crafter who creates projects and styles photo shoots for magazines like Parents and Vogue Knitting, Kayte Terry takes the most versatile of materials and the most basic of crafts (remember snipping valentines out of construction paper?), and creates something completely trans- formative. Turn a sheaf of any white or graph paper into an amazing Scrap Happy Globe Lantern for the dining room. Fashion colored tissue paper into Songbird Votives, leftover raffle tickets into a Prizewinning Bowl, that out-dated pile of holiday catalogs into a picture frame. There’s a necklace made of playing cards, a gum wrapper bracelet, and barrettes made by quilling—a paper technique that goes back to the Renaissance. Every project is photographed in full color, and includes step-by-step illustrations and instructions. Truly a book that shows how to think outside the (cardboard) box.

Paper Fantastic Joe Rhatigan,Rain Newcomb,2004 Safe, easy, fast, and fun: paper crafts are the perfect creative activity for children. A special section starts kids off by introducing them to different papers and tools, while six technique-based chapters present imaginative possibilities for transforming everything from corrugated cardboard to vellum. Using collage, budding artists can create a Dream Travel Box. Young fashionistas will enjoy designing their own paper clothesline. Or they might fold a Book Necklace, make an origami Peace Crane, construct big beautiful Butterfly Wings for a costume party, even create a cool paper-mech pig. Best of all, kids will learn how to turn their own crafty ideas into reality.
