**Lilu's Rangoli** Devika Joglekar,2018-10-28

Vatsalya Mahalakshmy Manoj Nair,2020-06-27 V?tsalya is a selection of handpicked designs from the author's collection of rangolis, which she has created over a period of time. They have been made with great love, care and attention to details for special occasions like the birthdays of family members, anniversaries, festivals like Diwali, Dussehra, New Year, etc. They take hours, and in some cases, days to make and is a process the author terms 'immensely enjoyable'. However, since the lives of these rangolis are very short, this book is created to give longevity to these designs, and in that process, be used as a coffee table book, adding aesthetic value to the décor of the place or perhaps inspire other artists in any way possible. Featured in this book are mostly freehand rangolis along with some traditional kolams with a twist, galicha (carpet) rangoli design, portrait rangoli and pookalam. This book is intended for aesthetic use, and this is not a rangoli tutorial book.

**Keepers of Tradition** Maggie Holtzberg,2008 Throughout Massachusetts, artists carry on and revitalize deeply rooted traditions that take many expressive forms--from Native American basketry to Yankee wooden boats, Armenian lace, Chinese seals, Puerto Rican santos, and Irish music and dance. These keepers of tradition are recognized in their communities as outstanding practitioners of craft, music, dance, and sacred arts. Yet much of this work is hidden to the public at large, remaining essentially unknown beyond the local community in which it flourishes. This beautifully illustrated volume celebrates and shares the work of a wide array of these living artists. Passed down from person to person within both long-settled and new immigrant communities, traditional art involves the

shaping of deeply held cultural values into meaningful artistic forms. Keepers of Tradition presents material drawn from eight years of intensive field research by folklorists at the Massachusetts Cultural Council--an investigation that has taken researchers into the homes, kitchens, workshops, dance halls, places of worship, parade routes, and festival sites where traditional art is produced, used, valued, and displayed. Featuring more than sixty artists from communities across the state, Keepers of Tradition showcases high levels of mastery in diverse media--the uniformity and handiness of a Nantucket Lightship basket, the Native quill work on a tobacco pouch, the vibrant colors and textures of a Caribbean Carnival costume, the exquisite gestures of Cambodian dance. At the same time, the text describes the deeply personal and cultural context for each piece of work. This volume is published in conjunction with an exhibition of the same name, organized by the Massachusetts Cultural Council and the National Heritage Museum in Lexington, Massachusetts, and on view there from May 2008 through February 2009.

**Painted Prayers** Stephen P. Huyler, 1994 For hundreds of years, Indian women have passed to their daughters the knowledge of the ritual wall and ground paintings and decorations of the home that function as messages to the deities for the health and well-being of Indian families. Some ground paintings are daily rituals, made every morning at dawn, while wall paintings and mud bas-reliefs are often made for special festivals to honor the deities and attract their benevolent attentions. It is the women of India who are responsible for communication with the gods on behalf of their families, governing the activities of family members, and maintaining the sanctity and order of the home. Painted Prayers is a fascinating account of the centuries-old artistic traditions of women in village India, set forth in 170 full-color photographs that evoke the women's rich artistic heritage, and the pride and pleasure with which they regard their creative responsibilities. The knowledgeable text details the traditions, rituals, and beliefs behind this little-known art form and places this art in the context of contemporary Indian women's lives and the social realities of India today. This book is a splendid gallery of this diverse aspect of Indian art and a pictorial tour of the India travelers rarely see. Designs vary between the representational and the purely graphic: painted and sculpted images such as mounds of rice are drawn from local iconography, while elephants, peacocks and lotus blooms are symbols of the deities. Colors ranging from earth tones to reds, blues, yellow, green, and white make the designs stand out from the mud-covered walls and dusty streets, a vibrant testament to centuries of Indian women's artistic voices.--BOOK JACKET. **100 Fun & Easy Learning Games for Kids** Amanda Boyarshinov, Kim Vij, 2016-05-24 Learn While You Play With These Fun, Creative Activities & Games From two experienced educators and moms, 100 Fun & Easy Learning Games for Kids prepares your children to thrive in school and life the fun way by using guided play at home to teach important learning topics—reading, writing, math, science, art, music and global studies. Turn off the TV and beat boredom blues with these clever activities that are quick and easy to set up with common household materials. The huge variety of activities means you can choose from high-energy group games full of laughter and delight, or quiet activities that kids can complete on their own. All activities highlight the skill they teach, and some are marked with a symbol whether they are good for on-the-go learning or if they incorporate movement for kids to get their wiggles out. In

Zip-Line Letters, children learn letter sounds as the letters zoom across the room. In Parachute Subtraction, place foam balls in a parachute, then kids shake the parachute and practice subtraction as they count how many balls fall off. Kids will have so much fun, they won't even realize they're gaining important skills! The activities are easy to adapt for all ages and skill levels. 100 Fun & Easy Learning Games for Kids is the solution for parents—as well as teachers, caregivers or relatives—to help kids realize how fun learning can be and develop what they'll need to do well wherever life takes them.
