**Edger J. Burton**

*The Edger* Marilyn Baron, Sharon Goldman, 2013-12 THE EDGER, by sisters Marilyn Baron and Sharon Goldman, is a humorous mainstream fiction novel about landscape artist Alexandra Newborn's shocking reunion with her college art professor, Nick Anselmo-once a celebrated Italian artist, now a homeless lawn man-which sows the seeds for murder, mystery and romance.

Edger David Beem, 2018-04-02 It's been said every story must start somewhere. Ours begins with a professional dork. The kind who fixes computers and lives in his gran's basement. The kind tapped by destiny (that saucy minx) to become the world's first superhero. And not a moment too soon... A nano-sized artificial intelligence is on the loose! It got itself dart-gunned into a cow butt by a frog man in a porn store! Two stoners are corrupting it on Twitter! And that's just the first three pages!! Join our dork of destiny as he channels the Collective Unconscious--his psychic superpower--in a harrowing tale of high drama, romance, betrayal, revenge, Jesus chickens, cocaine, weirdos, magicians, ninjas, NFL spies, and disco ball water torture administered to the tune of Rapture, by Blondie. My god, man, what does it all mean!? It means uncorking that next bottle of wine isn't only a good idea--it's advisable.

### **The Wood-worker**, 1905

*Professional Area Management* Chris Edger, 2014-09-30 Building upon his earlier book *Effective Multi-Unit Leadership* (described by the *Leadership and Organization Journal* as 'one of the key books of its kind for this decade') Professor Chris Edger has produced a book that clearly defines and outlines the 'professional practice' of outstanding retail Area Managers. Bursting with real-life Case Studies this book will be essential reading for General Managers who aim to go further up the chain of command

and Area Managers who want to be the best! Professor Edger outlines how Area Managers can 'close down the distance' between themselves and their units in order to optimise performance. Without abandoning academic rigor he produces essential 'how to' checklists for the ambitious GM or Area Manager that can be applied out in the field. This book is a must read for those that aspire to become great retail Area Managers.

*Edger Forever* David Beem, 2020-03-23 Lock your doors! Hide your children! Republicans and Democrats are cuddling in congress! The world is on the brink. Out there is a desolate wasteland of you-want-fries-with-that oblivion. It's all smiles all the time. Politeness, when assholery is called for. Enter Edger Bonkovich, aka Zarathustra, the world's first superhero! Humanity is under the mind-control of the prophet Nostradamus, whose immortality makes him all but invincible. But what if it takes an immortal to beat an immortal? What if our hero must sacrifice the woman he loves to become Edger...forever? Return to the Collective Unconscious one last time for a finale so creamy and smooth you won't believe it's not butter.

**The Problem of Life Considered** Samuel Edger, 1884  
**Sovereignty and Borders** Edger J. Burton, 2016-01-28  
A nation that fails to protect its borders is not a nation at all. Rather, it's a place that invites chaos, criminals, and subversives that will lead the land to become a mere footnote in the annals of history. Edger J. Burton explores how a nation that was once united is divided and in danger of coming apart at the seams in this extended essay that tackles the divisive issues that so many others avoid, such as race, gender, and ideology. Meanwhile, professional politicians with slick slogans like hope and change and fundamental transformation, continue to dupe the public into believing what they want about the future. The real

meaning of these slogans, the author argues, is simply to get elected. Its time to seek real solutions to problems before theyre too big to solve. If we fail to fight back against misguided agendas, then it will only be a matter of time before the government, its people, and this once-great nation become irrelevant.

*Effective Multi-Unit Leadership* Chris Edger, 2016-04-29

There is a growing recognition of the increasing importance of 'local leadership' practice within multi-unit service contexts, given the threat to costly land-based retail infrastructures from smart technologies. Multi-site organizations are economically significant, but currently under-researched and poorly understood. In *Effective Multi-Unit Leadership*, Chris Edger looks at that key managerial cohort in the retail, hospitality and service sectors operating between the centre and unit - the Multi-Unit Leader (MUL). This district, area or regional manager, is tasked with maximising revenue and profit from a complex and ambiguous positional space, being sandwiched between the centre and unit, facing the MUL paradox: how do they motivate unit managers and team members to provide great service whilst simultaneously fulfilling the Centre's compliance agenda? Based on extensive case study research across a range of multi-unit service organisations, Edger advances an Integrated Model of MUL that elucidates how key activities (sales-led service, systems and standards - 3Ss) are driven through behavioural practices (commitment, control and change - 3Cs) underpinned by MUL personal characteristics (expertise, emotional intelligence and energy - 3Es). Central to this model is the notion of 'portfolio optimisation through social exchange' (POSE) where MULs apply 'local leadership', leveraging their portfolios through the deft application of exchange-based currencies. Replete with case studies, *Effective Multi-Unit*

Leadership will appeal to high potential unit managers; existing multi-unit leaders who want to improve their performance levels; and retail/service directors wishing to train and coach their direct reports; as well as business educators and those with an academic interest in organisational studies.

Edger Lives David Beem, 2019-03-22 Our dork of destiny rides again! Edger is falling for Mary, his bodyguard, kick-ass spy, and cover wife. But she's so hopelessly out of his league, it's clear someone's going to get hurt. Less clear? That someone may be the Prime Minister of Australia. When Mary confesses her desire to kill the world leader whose assassination Edger's supposed to prevent, Edger's superpowers pick the worst time to stop working. Without a fully functional psychic superhero, their team of spies can no longer order him to probe Mary's mind for ill intent. The stage is set for a confrontation that threatens to strip a defenseless Edger of his loyal protector just when he needs her most. Return to the Collective Unconscious, this time with Listerine-chugging stoners, Hollyweirdos, commie-alien-kung fu robots, one space gorilla-unicorn, and an exceedingly lovesick Vladimir Putin. Mind your fingers and toes on page 222. Those skydiving mind-control monkeys have been known to bite!

**International Multi-Unit Leadership** Chris Edger, 2016-04-22 In *International Multi-Unit Leadership*, Chris Edger builds on his earlier *Effective Multi-Unit Leadership*. First - showcasing up-to-date, contemporaneous case studies of market-leading international organisations - the book takes a cross-border perspective on leading from the middle in international subsidiaries that are committing significant capital to land-based multi-unit infrastructures. Secondly, it captures the zeitgeist of internationalizing hospitality, retail, service and leisure organizations facing

challenges in relation to multi-channel/smart technology spread, divergent national cultures and emergent, imitative local competition. Thirdly, it addresses the conundrum that most subsidiary multi-unit leaders (regional, area and district managers) face, generating commitment amongst their unit managers and team members, whilst coping with their firm's country of origin-based control and change agendas. Continuing the themes that emerged in his earlier book, particularly around how multi-unit leaders (MULs) and directors are expected to expedite a number of competing and contradictory functions, the author finds that in subsidiary-based international situations, complexity and ambiguity escalates due to 'distance decay' and the level of internal and external contextual turbulence. Based on exemplary case studies, the author examines how high-performance MULs manage paradox and ambiguity within an international context and how organizations can deliver local effectiveness within a strategic framework determined by a policy-making centre hundreds or thousands of miles away. The research and case studies in this book will appeal to managers within international multi-unit enterprises, service directors wishing to train and coach others, students on any of the increasing number of multi-unit management programmes being run in business schools, and academics with an interest in internationalizing service-based enterprises.

*Auguste Comte: Volume 3* Mary Pickering, 2009-09-14 This volume continues to explore the life and works of Auguste Comte during his so-called second career. It covers the period from the coup d'état of Louis Napoleon in late 1851 to Comte's death in 1857. During these early years of the Second Empire, Comte became increasingly conservative and anxious to control his disciples. This study offers the first study of the tensions within his movement. Focusing on his second masterpiece, the *Système de politique positive*, and other important books, such as the *Synthèse subjective*, Mary Pickering not only sheds light on Comte's intellectual development but also traces the dissemination of positivism and the Religion of Humanity throughout many parts of the world.
