Eduardo Chiacchio

The Routledge Handbook of the Global Sixties Chen Jian,Martin Klimke,Masha Kirasirova,Mary Nolan,Marilyn Young,Joanna Waley-Cohen,2018-02-06 ‘This extraordinary collection is a game-changer. Featuring the cutting-edge work of over forty scholars from across the globe, The Routledge Handbook of the Global Sixties is breathtaking in its range, incisive in analyses, and revolutionary in method and evidence. Here, fifty years after that iconic 1968, Western Europe and North America are finally de-centered, if not provincialized, and we have the basis for a complete remapping, a thorough reinterpretation of the Sixties.’ —Jean Allman, J.H. Hexter Professor in the Humanities; Director, Center for the Humanities, Washington University in St. Louis ‘This is a landmark achievement. It represents the most comprehensive effort to date to map out the myriad constitutive elements of the Global Sixties as a field of knowledge and inquiry. Richly illustrated and meticulously curated, this collection purposefully provincializes the United States and Western Europe while shifting the loci of interpretation to Africa, the Middle East, Asia, and Latin America. It will become both a benchmark reference text for instructors and a gateway to future historical research.’ —Eric Zolov, Associate Professor of History; Director, Latin American & Caribbean Studies, Stony Brook University ‘This important and wide-ranging volume de-centers West-focused histories of the 1960s. It opens up fresh and vital ground for research and teaching on Third, Second, and First World transnationalism(s), and the many complex connections, tensions, and histories involved.’ —John Chalcraft, Professor of Middle East History and Politics, Department of Government, London School of Economics and Political Science ‘This book globalizes the study of the 1960s better than any other publication. The authors stretch the standard narrative to include regions and actors long neglected. This new geography of the 1960s changes how we understand the broader transformations surrounding protest, war, race, feminism, and other themes. The global 1960s described by the authors is more inclusive and relevant for our current day. This book will influence all future research and teaching about the postwar world.’ —Jeremi Suri, Mack Brown Distinguished Chair for Leadership in Global Affairs; Professor of Public Affairs and History, The University of Texas at Austin As the fiftieth anniversary of 1968 approaches, this book reassesses the global causes, themes, forms, and legacies of that tumultuous period. While existing scholarship continues to largely concentrate on the US and Western Europe, this volume will focus on Asia, Africa, the Middle East, and Eastern Europe. International scholars from diverse disciplinary backgrounds explore the global sixties through the prism of topics that range from the economy, decolonization, and higher education, to forms of protest, transnational relations, and the politics of memory.

The Human Right to Health Eduardo Arenas Catalán,2021-06-25 This timely book offers a fresh perspective on how to effectively address the issue of unequal access to healthcare. It analyses the human right to health from the underexplored legal principle of solidarity, proposing a non-commercial understanding of the positive obligations inherent in the right to health.

Poets and Prophets of the Resistance Joaquín M. Chávez,2017-01-25 Poets and Prophets of the Resistance offers a ground-up history and fresh interpretation of the polarization and mobilization that brought El Salvador to the eve of civil war in 1980. Challenging the dominant narrative that university students and political dissidents primarily formed the Salvadoran guerrillas, Joaquín Chávez argues that El Salvador's socioeconomic and political crises of the 1970s fomented a groundswell of urban and peasant intellectuals who collaborated to spur larger revolutionary social movements. Drawing on new archival sources and in-depth interviews, Poets and Prophets of the Resistance contests the idea that urban militants and Roman Catholic priests influenced by Liberation Theology single-handedly organized and politicized peasant groups. Chávez shows instead how peasant intellectuals acted as political catalysts among their own communities first, particularly in the region of Chalatenango, laying the groundwork for the peasant movements that were to come. In this way, he contends, the Salvadoran insurgency emerged in a dialogue between urban and peasant intellectuals working together to create and execute a common revolutionary strategy--one that drew on cultures of resistance deeply rooted in the country's history, poetry, and religion. Focusing on this cross-pollination, this book introduces the idea that a pedagogy of revolution originated in this historical alliance between urban and peasant, making use of secular and Catholic pedagogies such as radio schools, literacy programs, and rural cooperatives. This pedagogy became more and more radicalized over time as it pushed back against the increasingly repressive structures of 1970s El Salvador. Teasing out the roles of little-known groups such as the politically active La Masacuata literary movement, the contributions of Catholic Action intellectuals to the New Left, and the overlooked efforts of peasant leaders, Poets and Prophets of the Resistance demonstrates how trans-class political and cultural interactions drove the revolutionary mobilizations that anticipated the Salvadoran civil war.
Tragedie di Eduardo Fabbri ,1844

Eventually, you will unquestionably discover a supplementary experience and realization by spending more cash. still when? reach you undertake that you require to acquire those every needs gone having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will lead you to comprehend even more on the globe, experience, some places, with history, amusement, and a lot more?

It is your definitely own become old to feat reviewing habit. among guides you could enjoy now is **Eduardo&sortw** below.
