This encyclopedia is a comprehensive guide to Melville's rich and complex literary career. The volume includes several hundred alphabetically arranged entries for all of Melville's works and characters, and for his family members, friends, and acquaintances. Entries on the most important topics include bibliographies. The encyclopedia is more factual than critical, but scholarship from 1990 and beyond is emphasized throughout. The book also gives special attention to the 19th-century women who influenced Melville, for these women have often been overlooked.
