Social Entrepreneurship in Sport Vanessa Ratten, 2019-10-18 The social role of sport enterprises is being increasingly recognized at both local and global levels. Sport has the ability to influence community cohesion, physical and mental health, social inclusivity, and provides positive role models across society. More businesses in sport are incorporating these social aspects into their plans as a way of differentiating themselves from their competitors. This, in turn, has led to more social innovation in sport. Recently, there has been more emphasis on social entrepreneurship in

sport due to the growing need to capture its societal impact. This book explores the non-profit role sport plays in society, and demonstrates how social enterprises can both address some of the negative social outcomes of sport and support businesses as they develop their social objectives. The over-arching aim of the book is to focus on how social entrepreneurship in sport is important in developing a better global society.

Evaluation in Sport and Leisure Andrew Adams, Kevin Harris, 2022-08-12 This book presents a critical assessment of evaluation theory and practice in sport and leisure. It considers established and emerging forms of evaluation; examines typologies, issues, contexts and processes; and asks how evaluation practice can be improved in the future. The book seeks to uncover some of the tensions and dilemmas that are present in choosing and applying evaluation strategies. It considers the relationship between evaluation, context and evaluator to discern how and why a particular strategy is employed. It also highlights how power relationships affect and effect the evaluation process itself as well as those involved in conducting evaluations. The book encourages the reader to challenge accepted methodologies in evaluation, whilst acknowledging the central importance of evaluation and evidence for our understanding of the social impact and value of sport and leisure. This book is important reading for any student, researcher, practitioner or policy maker with an interest in sport, leisure and society, sport and leisure management, policy or development, leisure studies, or the wider relationship between sport, leisure, wellbeing and society.
