

Era

Marcelo Suarez-Orozco

Rerun Era Joanna Howard, 2019-10-08 *Rerun Era* is a captivating, propulsive memoir about growing up in the environmentally and economically devastated rural flatlands of Oklahoma, the entwinement of personal memory and the memory of popular culture, and a family thrown into trial by lost love and illness that found common ground in the television. Told from the magnetic perspective of Joanna Howard's past selves from the late '70s and early '80s, *Rerun Era* circles the fascinating psyches of her part-Cherokee teamster truck-driving father, her women's libber mother, and her skateboarder, rodeo bull-riding teenage brother. Illuminating to our rural American present, and the way popular culture portrays the rural American past, *Rerun Era* perfectly captures the irony of growing up in rural America in the midst of nationalistic fantasies of small town local sheriffs and saloon girls, which manifested the urban cowboy, wild west theme-parks, and *The Beverly Hillbillies*. Written in stunning, lyric prose, *Rerun Era* gives humanity, perspective, humor, and depth to an often invisible part of this country, and firmly establishes Howard as an urgent and necessary voice in American letters.

End of An Era Robert J. Sawyer, 2001-10-19 Archaeologist Brandon Thackery and his rival Miles 'Klicks' Jordan fulfill a dinosaur lover's dream with history's first time-travel jaunt to the late Mesozoic. Hoping to solve the extinction mystery, they find Earth's gravity is only half its 21st century value and dinosaurs that behave very strangely. Could the slimey blue creatures from Mars have something to do with both? At the publisher's request, this title is being sold without Digital Rights Management software (DRM) applied.

Supernova Era Cixin Liu, 2019-10-22 From science fiction legend Cixin Liu, the New York Times bestselling and award-winning author of *The Three-Body Problem*, comes a vision of the future that reads like *Lord of the Flies* on a global scale in *Supernova Era*. In those days, Earth was a planet in space. In those days, Beijing was a city on Earth. On this night, history as known to humanity came to an end. Eight light years away, a star has died, creating a supernova event that showers Earth in deadly levels of radiation. Within a year, everyone over the age of thirteen will die. And so the countdown begins. Parents apprentice their children and try to pass on the knowledge needed to keep the world running. But when the world is theirs, the last generation may not want to continue the legacy left to them. And in shaping the future however they want, will the children usher in an era of bright beginnings or final mistakes? This audacious and ultimately optimistic early work will give Liu's English-reading fans a glimpse at his evolution as a writer and give any speculative fiction reader food for deep thought. -- Shelf Awareness At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Insurance Era Caley Horan, 2021-06-11 Charts the social and cultural life of private insurance in postwar America, showing how insurance institutions and actuarial practices played crucial roles in bringing social, political, and economic neoliberalism into everyday life. Actuarial thinking is everywhere in contemporary America, an often unnoticed byproduct of the postwar insurance industry's political and economic influence. Calculations of risk permeate our institutions, influencing how we understand and manage crime, education, medicine, finance, and other social issues. Caley Horan's remarkable book charts the social and economic power of private insurers since 1945, arguing that these institutions' actuarial practices played a crucial and unexplored role in insinuating the social, political, and economic frameworks of neoliberalism into everyday life. Analyzing insurance marketing, consumption, investment, and regulation, Horan asserts that postwar America's obsession with safety and security fueled the exponential expansion of the insurance industry and the growing importance of risk management in other fields. Horan shows that the rise and dissemination of neoliberal values did not happen on its own: they were the result of a project to unsocialize risk, shrinking the state's commitment to providing support, and heaping burdens upon the people often least capable of bearing them. *Insurance Era* is a sharply researched and fiercely written account of how and why private insurance and its actuarial market logic came to be so deeply lodged in American visions of social welfare.

The Era of Choice Edward C. Rosenthal Ph.D., 2006-09-22 How today's cornucopia of choices has transformed our lives and our culture, from the foundations of scientific theory to the anxiety of everyday decisions. Today most of us are awash with choices. The cornucopia of material goods available to those of us in the developed world can turn each of us into a kid in a candy store; but our delight at picking the prize is undercut by our regret at lost opportunities. And what's the criterion for choosing anything—material, spiritual, the path taken or not taken—when we have lost our faith in everything? In *The Era of Choice* Edward Rosenthal argues that choice, and having to make choices, has become the most important influence in both our personal lives and our cultural expression. Choice, he claims, has transformed how we live, how we think, and who we are. This transformation began in the nineteenth century, catalyzed by the growing prosperity of the Industrial Age and a diminishing faith in moral and scientific absolutes. The multiplicity of choices forces us to form oppositions; this, says Rosenthal, has spawned a keen interest in dualism, dilemmas, contradictions, and paradoxes. In response, we have developed mechanisms to hedge, compromise, and to synthesize. Rosenthal looks at the scientific and philosophical theories and cultural movements that choice has influenced—from physics (for example, Niels Bohr's theory that light is both particle and wave) to postmodernism, from Disney trailers to multiculturalism. He also reveals the effect of choice on the personal level, where we grapple with decisions that range from which wine to have with dinner to whether to marry or divorce, as we hurtle through lives of instant gratification, accelerated consumption, trend, change, and speed. But we have discovered, writes Rosenthal, that sometimes, we can have our cake and eat it, too.

A Dictionary of the English Language Samuel Johnson, 1824

Why We Lost the ERA Jane J. Mansbridge, 2015-07-15 In this work, Jane Mansbridge's fresh insights uncover a significant democratic irony - the development of self-defeating, contradictory forces within a democratic movement in the course of its struggle to promote its version of the common good. Mansbridge's book is absolutely essential reading for anyone interested in democratic theory and practice.

The Program Era Mark McGurl, 2009-08-30 In *The Program Era*, Mark McGurl offers a fundamental reinterpretation of postwar American fiction, asserting that it can be properly understood only in relation to the rise of mass higher education and the creative writing program. An engaging and stylishly written examination of an era we thought we knew, *The Program Era* will be at the center of debates about postwar literature and culture for years to come.

Era of Ignition Amber Tamblyn, 2020-01-14 A passionate and deeply personal exploration of feminism during divisive times from one of the founders of *Time's Up*: actor, filmmaker, and activist Amber Tamblyn. With a new afterword • “A work of personal upheaval and political reckoning.”—Rebecca Traister, New York Times bestselling author of *Good and Mad* Amber Tamblyn has emerged as an outspoken advocate for women's rights. But she wasn't always so bold and self-possessed. In her late twenties, after a particularly low period fueled by rejection and disillusionment, she grabbed hold of her own destiny and entered into what she calls an Era of Ignition—a time of self-reflection that follows in the wake of personal upheaval and leads us to challenge the status quo. In the process of undergoing this metaphysical metamorphosis, she realized that our country is going through an Era of Ignition of its own, and she set about agitating for change by initiating a dialogue about gender inequality. In this deeply personal exploration of modern feminism, she addresses misogyny and discrimination, reproductive rights and sexual assault, white feminism and pay parity—all through the lens of her own experiences as well as those of her Sisters in Solidarity. At once an intimate meditation and a public reckoning, *Era of Ignition* is a galvanizing feminist manifesto that is required reading for anyone who wants to help change the world for the better.

The Classic Era Beverly Rae Kimes, 2001

The New Era Paul V. Murphy, 2011-12-22 In the 1920s, Americans talked of their times as “modern,” which is to say, fundamentally different, in pace and texture, from what went before—a new era. With the end of World War I, an array of dizzying inventions and trends pushed American society from the Victorian era into modernity. *The New Era* provides a history of American thought and culture in the 1920s through the eyes of American intellectuals determined to move beyond an older role as gatekeepers of cultural respectability and become tribunes of openness, experimentation, and tolerance instead. Recognizing the gap between themselves and the mainstream public, younger critics alternated between expressions of disgust at American conformity and optimistic pronouncements of cultural reconstruction. The book tracks the emergence of a new

generation of intellectuals who made culture the essential terrain of social and political action and who framed a new set of arguments and debates—over women’s roles, sex, mass culture, the national character, ethnic identity, race, democracy, religion, and values—that would define American public life for fifty years.

The Divided Era Thomas Del Beccaro,2015-05-26 The larger our governments, the greater the competition for their spoils—therefore our divisions. “There simply is so much at stake today. As a result, our governments that benefit so many, employ so many, and tax so widely—in short our governments that pick so many winners and losers—are understandably subject to an intense competition for their control.” So writes author Thomas Del Beccaro in this fascinating study of the history of political unity and division in the US, from the Revolution to the adoption of the Constitution, the Civil War through Reconstruction, The Gilded Age to our present Divided Era. While we have had our conflicts over large issues and the role of government in the past, and still do today, an emerging cause of the partisanship and division we now know today did not exist at our nation’s founding. Our governments were smaller, levied minimal taxes, and thus held out fewer spoils for citizens to fight over. Can the US find its way back to being a less divided country? Yes, says Del Beccaro, but only if citizens understand the growing source of our divisions: ever larger governments. Americans must demand that government shrink back to a less divisive size and scope and support leaders capable of setting unifying goals—for which Del Beccaro offers five key strategies. In fact, the consequences of not slimming the behemoth governments—federal, state, and local—will only lead to an ever widening divide, and more acrimonious and harmful partisanship. The Divided Era lays out the case for smaller government, more responsive political leadership, and ultimately a more cohesive citizenry.

The End of the American Era Charles Kupchan,2007-12-18 Refuting the conventional wisdom that the end of the Cold War cleared the way for an era of peace and prosperity led solely by the United States, Charles A. Kupchan contends that the next challenge to America’s might is fast emerging. It comes not from the Islamic world or an ascendant China, but from an integrating Europe that is rising as a counterweight to the United States. Decades of strategic partnership across the Atlantic are giving way to renewed geopolitical competition. The waning of U.S. primacy will be expedited by America’s own ambivalence about remaining the globe’s guardian and by the impact of the digital age on the country’s politics and its role in the world. By deftly mining the lessons of history to cast light on the present and future, Kupchan explains how America and the world should prepare for the more complex, more unstable road ahead.

The Facebook Era Clara Shih,2010-07-21 NEW Best Practices and Techniques for Growing Your Business with Facebook, Twitter, and LinkedIn! Completely Updated! Five new chapters: planning/metrics, customer service, and much more New and revamped case studies New guest contributions from world-class experts, such as Charlene Li New, instantly actionable “To Do” lists after every chapter New Facebook discussion threads and much more! Whatever your business or organizational goals, this book will help you use social networking to achieve them. Renowned social networking innovator Clara Shih brings together powerful new insights, best practices, and easy-to-use “To Do” lists packed with proven solutions from real-world case studies. Writing for entrepreneurs and business professionals across marketing, sales, service, product development, and recruiting, Shih demonstrates how to move from tactical, reactive use of social networks toward strategic, proactive approaches—and how to accurately measure success. This edition adds extensive new coverage, including hands-on techniques for hypertargeting, engaging customers through Twitter and LinkedIn, leveraging changing social norms, and much more. You’ll also find more than three dozen guest contributions from world-class experts such as author Don Tapscott and Harvard Business School professor Mikolaj Piskorski, as well as a brand-new chapter on customer service and support, today’s fastest-growing area of business social networking. Shih has even added new chapters focused on advice for small businesses, healthcare and education organizations, nonprofits, and political campaigns—making this the one indispensable social networking guide for every organization!

The Sacred Era Aramaki Yoshio,2017-06-13 The magnum opus of a Japanese master of speculative fiction, and a book that established Yoshio Aramaki as a leading representative of the genre, *The Sacred Era* is part post-apocalyptic world, part faux-religious tract, and part dream narrative. In a distant future ruled by a new Papal Court serving the Holy Empire of Igitur, a young student known only as K arrives at the capital to take The Sacred Examination, a text that will qualify him for metaphysical research service with the court. His performance earns him an assignment in the secret Planet Bosch Research Department; this in turn puts him on the trail of a heretic executed many years earlier, whose headless ghost is still said to haunt the Papal Court, which carries him on an interplanetary pilgrimage across the Space Taklamakan Desert to the Planet Loulan, where time stands still, and finally to the mysterious, supposedly mythical Planet Bosch, a giant, floating plant-world that once orbited Earth but has somehow wandered 1,000 light years away. K’s journey to this strange world, seemingly sprung from Hieronymus Bosch’s Garden of Earthly Delights, is a journey into inner and outer space, as the novel traffics in mystic and metaphysical questions only to transform them into technical and astrophysical problems, translating the substance of religious and mythic texts into the language of science fiction.

The Era of Reform, 1830-1860 Henry Steele Commager,1982 This book, introduced by one of our foremost historians, communicates the passionate spirit of a tempestuous age, an era of reform unlike any other in our history. The spirit of reform pervaded the atmosphere in the 30 years before the Civil War, the age of Ralph Waldo Emerson, Theodore Parker, Horace Mann, William Lloyd Garrison, and William Ellery Channing. The 55 documents included here begin with a letter from Thomas Jefferson at the end of his life (1826) and conclude with writings of Nathaniel Hawthorne and Horace Greeley.

The Facilitator Era Tom Steffen,2011-01-01 Some time ago, Ralph Winter brilliantly identified three eras of modern missions: Era 1: William Carey focused on the coastlands; Era 2: Hudson Taylor focused on the inlands; Era 3: Donald McGavran and Cameron Townsend focused on unreached peoples. With all the fast and furious changes swirling around us today in twenty-first century missions, have we entered a Fourth Era? If so, who are the people primarily involved? How are they selected? How are they trained? How long do they serve? Has the Third Era ministry focus--reaching the unreached--changed? If so, to what? Are there any successful case studies out there? Have McGavran and Townsend passed the baton to a new leader(s)? If so, to whom? This book seeks to answer these and related questions. Contributors: Dr. Ben Beckner Dr. Monroe Brewer Dr. Don Finley Mike Griffis Dr. Gary Hipp, MD Jerry Hogshead Kaikou Maisu Judy Manna Kenn Oke Dr. A. Sue Russell Dr. Robert Strauss Peter Swann Bryan Thomas Diane Thomas Dr. Mike Wilson Dr. Sherwood G. Lingenfelter

The Antidepressant Era David Healy,1997 In this work Healy chronicles the history of psychopharmacology, from the discovery of chlorpromazine in 1951, to current battles over whether powerful chemical compounds should replace psychotherapy. The marketing of antidepressants is included.

Learning in the Global Era Marcelo Suarez-Orozco,2007-10-15 An international gathering of leading scholars, policymakers, and educators takes on some of the most difficult and controversial issues of our time in this groundbreaking exploration of how globalization is affecting education around the world. The contributors, drawing from innovative research in both the social sciences and the neurosciences, examine the challenges and opportunities now facing schools as a result of massive migration flows, new economic realities, new technologies, and the growing cultural diversity of the world's major cities. Writing for a wide audience, they address such questions as: How do we educate all youth to develop the skills and sensibilities necessary to thrive in globally linked, technologically interconnected economies? What can schools do to meet the urgent need to educate growing numbers of migrant youth at risk of failure in societies already divided by inequality? What are the limits of cultural tolerance as tensions over gender, religion, and race threaten social cohesion in schools and neighborhoods alike? Bringing together scholars with deep experience in Africa, the Americas, Asia, Europe, and the Middle East, this work, grounded in rich examples from everyday life, is highly relevant not only to scholars and policymakers but also to all stakeholders responsible for the day-to-day workings of schools in cities across the globe.

Lighting Fixtures of the Depression Era Jo Ann Thomas,2001 This price guide contains material from authentic catalogs of the 1930s, which depict styles of authentic residential, commercial, and outdoor lighting that illuminated America during the Depression era. Many new and innovative styles of fixtures and shades make their first appearances in these catalogs. Companies represented include Moe Bridges, Markel, Gill Glass & Fixture, Sears, and Glasco Electric. The styles shown span from the daring Art Deco to the classics. 2001 values. 8.5 x 11.

Era Introduction

In the digital age, access to information has become easier than ever before. The ability to download Era has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or

a professional seeking research papers, the option to download Era has opened up a world of possibilities. Downloading Era provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Era has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Era. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Era. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Era, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Era has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Era Books

How do I know which eBook platform is the

best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Era is one of the best book in our library for free trial. We provide copy of Era in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Era. Where to download Era online for free? Are you looking for Era PDF? This is definitely going to save you time and cash in something you should think about.
